Spanish Sentence Builders - a Lexicogrammar Approach - Dylan Viñales 2020-05-05

Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout. Each unit includes: 1) a sentence builder modelling the target constructions; 2) a set of vocabulary building activities; 3) a set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; - a set of retrieval-practice translation tasks; 4) a set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the target grammar, vocabulary and question patterns.

A Passage To Africa - George Alagiah 2008-09-04

As a five-year-old, George Alagiah emigrated with his family to Ghana - the first African country to attain independence from the British Empire. A PASSAGE TO AFRICA is Alagiah's shattering catalogue of atrocities crafted into a portrait of Africa that is infused with hope, insight and outrage. In vivid and evocative prose and with a fine eye for detail Alagiah's viewpoint is spiked with the freshness of the young George on his arrival in Ghana, the wonder with which he recounts his first impressions of Africa and the affection with which he dresses his stories of his early family life. A sense of possibility lingers, even though the book is full of uncomfortable truths. It is a book neatly balanced on his integrity and sense of obligation in his role as a writer and reporter. The shock of recognition is always there, but it is the personal element that gives A PASSAGE TO AFRICA its originality. Africa becomes not only a

group of nations or a vast continent, but an epic of individual pride and suffering.

The Years - Annie Ernaux 2017-11-21

WINNER OF THE 2022 NOBEL PRIZE IN LITERATURE Shortlisted for the 2019 Man Booker International Prize Considered by many to be the iconic French memoirist's defining work and a breakout bestseller when published in France in 2008 *The Years* is a personal narrative of the period 1941 to 2006 told through the lens of memory, impressions past and present—even projections into the future—photos, books, songs, radio, television and decades of advertising, headlines, contrasted with intimate conflicts and writing notes from 6 decades of diaries. Local dialect, words of the times, slogans, brands and names for the ever-proliferating objects, are given voice here. The voice we recognize as the author's continually dissolves and re-emerges. Ernaux makes the passage of time palpable. Time itself, inexorable, narrates its own course, consigning all other narrators to anonymity. A new kind of autobiography emerges, at once subjective and impersonal, private and collective. On its 2008 publication in France, *The Years* came as a surprise. Though Ernaux had for years been hailed as a beloved, bestselling and award-winning author, *The Years* was in many ways a departure: both an intimate memoir "written" by entire generations, and a story of generations telling a very personal story. Like the generation before hers, the narrator eschews the "I" for the "we" (or "they", or "one") as if collective life were inextricably intertwined with a private life that in her parents' generation ceased to exist. She writes of her parents' generation (and could be writing of her own book): "From a common fund of hunger and fear, everything was told in the "we" and impersonal pronouns." Co-winner of the 2018 French-American Foundation Translation Prize in Nonfiction Winner of the 2017 Marguerite Yourcenar Prize for her entire body of work Winner of the 2016 Strega European Prize

"The Story of an Hour" was adapted to film in *The Joy That Kills* by director Tina Rathbone, which was part of a PBS anthology called *American Playhouse*. Philosophy of Religion - Tim Bayne 2018

What is the philosophy of religion? How can we distinguish it from theology on the one hand and the psychology/sociology of religious belief on the other? What does it mean to describe God as eternal? And should religious people want there to be good arguments for the existence of God, or is religious belief only authentic in the absence of these good arguments? In this Very Short Introduction Tim Bayne introduces the field of philosophy of religion, and engages with some of the most burning questions that philosophers discuss. Considering how religion should be defined, and whether we even need to be able to define it in order to engage in the philosophy of religion, he goes on to discuss whether the existence of God matters. Exploring the problem of evil, Bayne also debates the connection between faith and reason, and the related question of what role reason should play in religious contexts. Shedding light on the relationship between science and religion, Bayne finishes by considering the topics of reincarnation and the afterlife. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. The Rights of Man - Thomas Paine 2021-04-26T22:00:31Z

Thomas Paine wrote the first part of *The Rights of Man* in 1791 as a response to the furious attack on the French Revolution by the British parliamentarian Edmund Burke in his pamphlet *Reflections on the Revolution in France*, published the previous year. Paine carefully dissects and counters Burke's arguments and provides a more accurate description of the events surrounding the revolution of 1789. He then reproduces and comments on the "Declaration of the Rights of Man and of Citizens" promulgated by the National Assembly of France. The manuscript of *The Rights of Man* was placed with the publisher Joseph Johnson, but that publisher was threatened with legal action by the British Government. Paine then gave the work to another publisher, J. S. Jordan, and on the advice of William Blake, Paine went to France to be out of the way of possible arrest in Britain. *The Rights of Man* was published in March 1791, and was an immediate success with the British public, selling nearly a million copies. A second part of the book, subtitled "Combining Principle and Practice," was published in February 1792. It puts forward practical proposals for the establishment of republican government in countries like Britain. *The Rights of Man* had a major impact, leading to the establishment of a number of reform societies. After the publication of the second part of the book, Paine and his publisher were charged with seditious libel, and Paine was eventually forced to leave Britain and flee to France. Today *The Rights of Man* is considered a classic of political writing and philosophy. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Language in Social Life is a major series which highlights the importance of language to an understanding of issues of social and professional concern. Language and Power was first published in 1989 and quickly established itself as a ground-breaking book. Its popularity continues as an accessible introductory text to the field of Discourse Analysis, focusing on: how language functions in maintaining and changing power relations in modern society the ways of analysing language which can reveal these processes how people can become more conscious of them, and more able to resist and change them The question of language and power is still important and urgent in the twenty-first century, but there have been substantial changes in social life during the past decade which have somewhat changed the nature of unequal power relations, and therefore the agenda for the critical study of language. In this new edition, Norman Fairclough brings the discussion fully up-to-date and covers the issue of 'globalisation' of power relations and the development of the internet in relation to Language and Power. The bibliography has also been fully updated to include important new reference material.
