Five Weeks in a Balloon - Jules Verne 189?

[A Thousand Splendid Suns](#) - Khaled Hosseini 2008-09-18

A riveting and powerful story of an unforgiving time, an unlikely friendship and an indestructible love

Miss Peregrine's Home for Peculiar Children - Ransom Riggs 2011-06-07

Read the #1 New York Times best-selling series before it continues in *A Map of Days*. Bonus features • Q&A with author Ransom Riggs • Eight pages of color stills from the film • Sneak preview of *Hollow City*, the next novel in the series A mysterious island. An abandoned orphanage. A strange collection of very curious photographs. It all waits to be discovered in *Miss Peregrine's Home for Peculiar Children*, an unforgettable novel that mixes fiction and photography in a thrilling reading experience. As our story opens, a horrific family tragedy sets sixteen-year-old Jacob journeying to a remote island off the coast of Wales, where he discovers the crumbling ruins of *Miss Peregrine's Home for Peculiar Children*. As Jacob explores its abandoned bedrooms and hallways, it becomes clear that the children were more than just peculiar. They may have been dangerous. They may have been quarantined on a deserted island for good reason. And somehow—impossible though it seems—they may still be alive. A spine-tingling fantasy illustrated with haunting vintage photography, *Miss Peregrine's Home for Peculiar Children* will delight adults, teens, and

anyone who relishes an adventure in the shadows. “A tense, moving, and wondrously strange first novel. The photographs and text work together brilliantly to create an unforgettable story.”—John Green, New York Times best-selling author of *The Fault in Our Stars* “With its X-Men: First Class-meets-time-travel story line, David Lynchian imagery, and rich, eerie detail, it’s no wonder *Miss Peregrine’s Home for Peculiar Children* has been snapped up by Twentieth Century Fox. B+”—Entertainment Weekly “‘Peculiar’ doesn’t even begin to cover it. Riggs’ chilling, wondrous novel is already headed to the movies.”—People “You’ll love it if you want a good thriller for the summer. It’s a mystery, and you’ll race to solve it before Jacob figures it out for himself.”—Seventeen

[Journey to the Center of the Earth](#) - Jules Verne 2021-01-26

As one of the many installments in Jules Verne’s *Voyage Extraordinaire* series, *Journey to the Center of the Earth* promises high stakes and thrilling adventure. When Professor Otto Lidenbrock bought an ancient runic manuscript, which chronicles the lives of Norwegian Kings, he did not expect to learn of anything but the history of Icelandic leaders. However, upon further inspection, Lidenbrock and his nephew, Axel, find that the manuscript includes a coded message written by a 16th century alchemist. After rigorous translating and decoding, Axel and Lidenbrock discover the content of the note, in which the author reveals that it is possible to travel to the center of the Earth through volcanic passages. When Lidenbrock heard the news, he immediately started preparations

to start the journey, though Axel was skeptical. When Lidenbrock's will proves to be more powerful than his nephew's doubt, the two decide to make the journey, recruiting an Icelandic tour guide named Hans on the way. As the three men make their way to inactive volcanic tubes, they embark on a high-stake adventure, facing dangers of cave-ins, subpolar tornados, an underground ocean and prehistoric creatures. The three men stay strong in their adventure, knowing the risky journey promises superior knowledge and acclaim, granted that they make it out alive. With the combination of science fiction and the adventure genre, Jules Verne created a novel that captures the attention of his audience. Originally published in 1864, *Journey to the Center of the Earth* still provides modern readers with entertainment and insight with its detailed and imaginative prose. *Journey to the Center of the Earth* can be read independently or as a companion to the other titles of Jules Verne's critically acclaimed series, *Voyage Extraordinaire*. This edition of *Journey to the Center of the Earth* by Jules Verne now features an eye-catching cover design and is printed in a stylish and readable font, crafting an assessible and pleasant reading experience for modern audiences.

Leaves of Grass - Walt Whitman 1872

My Family and Other Animals - Gerald Durrell 2016-10-11

The inspiration for *The Durrells in Corfu*, a Masterpiece production on public television: A naturalist's account of his childhood on the exotic Greek island. When the Durrells could no longer endure the gray English climate, they did what any sensible family would do: sold their house and relocated to the sun-soaked island of Corfu. As they settled into their new home, hilarious mishaps ensued as a ten-year-old Gerald Durrell pursued his interest in natural history and explored the island's fauna. Soon, toads and tortoises, bats and butterflies—as well as scorpions, geckos, ladybugs, praying mantises, octopuses, pigeons, and gulls—became a common sight in the Durrell villa. Uproarious tales of the island's animals and Durrell's fond reflections on his family bring this delightful memoir to life. Capturing the joyous chaos of growing up in an unconventional household, *My Family and Other Animals* will transport

you to a place you won't want to leave. This ebook features an illustrated biography of Gerald Durrell including rare photos from the author's estate.

Love in the Time of Cholera (Illustrated Edition) - Gabriel García Márquez 2020-10-27

A beautifully packaged edition of one of García Márquez's most beloved novels, with never-before-seen color illustrations by the Chilean artist Luisa Rivera and an interior design created by the author's son, Gonzalo García Barcha. In their youth, Florentino Ariza and Fermina Daza fall passionately in love. When Fermina eventually chooses to marry a wealthy, well-born doctor, Florentino is devastated, but he is a romantic. As he rises in his business career he whiles away the years in 622 affairs—yet he reserves his heart for Fermina. Her husband dies at last, and Florentino purposefully attends the funeral. Fifty years, nine months, and four days after he first declared his love for Fermina, he will do so again.

Recollections of My Life - Santiago Ramón y Cajal 1966

[The Hero with a Thousand Faces](#) - Joseph Campbell 2004-01-01

Examines myths and folk tales from around the world in an attempt to understand the symbolism of the hero as it appears in the mythologies and religions of mankind.

[Collapse](#) - Jared Diamond 2013-03-21

From the author of *Guns, Germs and Steel*, Jared Diamond's *Collapse: How Societies Choose to Fail or Survive* is a visionary study of the mysterious downfall of past civilizations. Now in a revised edition with a new afterword, Jared Diamond's *Collapse* uncovers the secret behind why some societies flourish, while others founder - and what this means for our future. What happened to the people who made the forlorn long-abandoned statues of Easter Island? What happened to the architects of the crumbling Maya pyramids? Will we go the same way, our skyscrapers one day standing derelict and overgrown like the temples at Angkor Wat? Bringing together new evidence from a startling range of sources and piecing together the myriad influences, from climate to culture, that

make societies self-destruct, Jared Diamond's Collapse also shows how - unlike our ancestors - we can benefit from our knowledge of the past and learn to be survivors. 'A grand sweep from a master storyteller of the human race' - Daily Mail 'Riveting, superb, terrifying' - Observer 'Gripping ... the book fulfils its huge ambition, and Diamond is the only man who could have written it' - Economist 'This book shines like all Diamond's work' - Sunday Times

Steps to an Ecology of Mind - Gregory Bateson 2000-04-15

Gregory Bateson was a philosopher, anthropologist, photographer, naturalist, and poet, as well as the husband and collaborator of Margaret Mead. This classic anthology of his major work includes a new Foreword by his daughter, Mary Katherine Bateson. 5 line drawings.

Twenty Thousand Leagues Under the Sea - Jules Verne 2020-09-28

The year 1866 was signalled by a remarkable incident, a mysterious and puzzling phenomenon, which doubtless no one has yet forgotten. Not to mention rumours which agitated the maritime population and excited the public mind, even in the interior of continents, seafaring men were particularly excited. Merchants, common sailors, captains of vessels, skippers, both of Europe and America, naval officers of all countries, and the Governments of several States on the two continents, were deeply interested in the matter. For some time past vessels had been met by "an enormous thing," a long object, spindle-shaped, occasionally phosphorescent, and infinitely larger and more rapid in its movements than a whale. The facts relating to this apparition (entered in various log-books) agreed in most respects as to the shape of the object or creature in question, the untiring rapidity of its movements, its surprising power of locomotion, and the peculiar life with which it seemed endowed. If it was a whale, it surpassed in size all those hitherto classified in science. Taking into consideration the mean of observations made at divers times—rejecting the timid estimate of those who assigned to this object a length of two hundred feet, equally with the exaggerated opinions which set it down as a mile in width and three in length—we might fairly conclude that this mysterious being surpassed greatly all dimensions admitted by the learned ones of the day, if it existed at all. And that it

DID exist was an undeniable fact; and, with that tendency which disposes the human mind in favour of the marvellous, we can understand the excitement produced in the entire world by this supernatural apparition. As to classing it in the list of fables, the idea was out of the question. On the 20th of July, 1866, the steamer Governor Higginson, of the Calcutta and Burnach Steam Navigation Company, had met this moving mass five miles off the east coast of Australia. Captain Baker thought at first that he was in the presence of an unknown sandbank; he even prepared to determine its exact position when two columns of water, projected by the mysterious object, shot with a hissing noise a hundred and fifty feet up into the air. Now, unless the sandbank had been submitted to the intermittent eruption of a geyser, the Governor Higginson had to do neither more nor less than with an aquatic mammal, unknown till then, which threw up from its blow-holes columns of water mixed with air and vapour. Similar facts were observed on the 23rd of July in the same year, in the Pacific Ocean, by the Columbus, of the West India and Pacific Steam Navigation Company. But this extraordinary creature could transport itself from one place to another with surprising velocity; as, in an interval of three days, the Governor Higginson and the Columbus had observed it at two different points of the chart, separated by a distance of more than seven hundred nautical leagues.

The Story of a Seagull and the Cat who Taught Her to Fly - Luis Sepúlveda 2003

A seagull, dying from the effects of an oil spill, entrusts her egg to Zorba the cat, who promises to care for it until her chick hatches, then teach the chick to fly. Reprint.

Big Shark, Little Shark - Anna Membrino 2017-05-09

Just when you thought it was safe to read an early reader . . . SHARK! This fun Step 1 book about two sharks is a study in opposites. Big Shark has big teeth; Little Shark has little teeth. Big Shark swims fast; Little Shark swims slow. But they are both hungry! Will they each succeed in finding a tasty snack? Little Shark is hoping that he won't become fast food for Big Shark! Step 1 Readers feature big type and easy words for children who know the alphabet and are eager to begin reading. Rhyme

and rhythmic text paired with picture clues help children decode the story.

Dinosaurium - Lily Murray 2018

A curated guide to dinosaurs creates the experience of an exhibition that features a wide range of dinosaurs from lesser known species such as coelophysis and tsintaosaurus to the much-loved triceratops and Tyrannosaurus rex.

God's Not Dead - Rice Broocks 2013-03-11

The Evidence Behind the Hit Movie The goal of *God's Not Dead: Evidence for God in an Age of Uncertainty* is straightforward: to help readers develop "a faith that is real and credible—and strong enough to help others find faith in God." To that end, Rice Broocks outlines a roadmap that guides seekers to acknowledge the most basic truths of Christianity: There is overwhelming and exciting evidence for God's existence The God who exists is indeed the God of the Bible God has revealed his nature through his Son, Jesus Christ As shown during the movie, this is the original book on which the main character bases much of his debate points with the atheistic professor. Persuasive arguments crafted with tools borrowed from logic, science, and philosophy, as well as scripture, solidify the faith of the Christian reader and provide starting points for discussions with skeptics. With clear, easy-to-follow explanations of key concepts and controversies, *God's Not Dead* is apologetics for the twenty-first century, presented in layman's terms. Readers will be empowered not only to talk about their own faith with confidence but to lead others to a relationship with Jesus.

Three Trapped Tigers - Guillermo Cabrera Infante 1997-08-01

Presents a kaleidoscopic vision of the people and events comprising night life in Havana in the 1950s

The Eagle's Throne - Carlos Fuentes 2007-12-18

Here is a true literary event—the long-awaited new novel by Carlos Fuentes, one of the world's great writers. By turns a tragedy and a farce, an acidic black comedy and an indictment of modern politics, *The Eagle's Throne* is a seriously entertaining and perceptive story of international intrigue, sexual deception, naked ambition, and treacherous betrayal. In

the near future, at a meeting of the United Nations Security Council, Mexico's idealistic president has dared to vote against the U.S. occupation of Colombia and Washington's refusal to pay OPEC prices for oil. Retaliation is swift. Concocting a "glitch" in a Florida satellite, America's president cuts Mexico's communications systems—no phones, faxes, or e-mails—and plunges the country into an administrative nightmare of colossal proportions. Now, despite the motto that "a Mexican politician never puts anything in writing," people have no choice but to communicate through letters, which Fuentes crafts with a keen understanding of man's motives and desires. As the blizzard of activity grows more and more complex, political adversaries come out to prey. The ineffectual president, his scheming cabinet secretary, a thuggish and ruthless police chief, and an unscrupulous, sensual kingmaker are just a few of the fascinating characters maneuvering and jockeying for position to achieve the power they all so desperately crave.

Dictionary of Biblical Imagery - Leland Ryken 2010-05-11

This reference work explores the images, symbols, motifs, metaphors, figures of speech, and literary patterns found in the Bible. With over 800 articles by over 100 expert contributors, this is an inviting, enlightening and indispensable companion to the reading, study, contemplation and enjoyment of the Bible.

Angels and Demons - Dan Brown 2013-03-25

Robert Langdon is called upon to identify a mysterious symbol seared onto a dead man's chest. It belongs to the Illuminati, a secret brotherhood with a vendetta against the Catholic Church.

Ulysses - James Joyce 2018-04-18

Loosely based on the *Odyssey*, this landmark of modern literature follows ordinary Dubliners through an entire day in 1904. Captivating experimental techniques range from interior monologues to exuberant wordplay and earthy humor.

The Four - Scott Galloway 2017-10-03

NEW YORK TIMES BESTSELLER USA TODAY BESTSELLER Amazon, Apple, Facebook, and Google are the four most influential companies on the planet. Just about everyone thinks they know how they got there. Just

about everyone is wrong. For all that's been written about the Four over the last two decades, no one has captured their power and staggering success as insightfully as Scott Galloway. Instead of buying the myths these companies broadcast, Galloway asks fundamental questions. How did the Four infiltrate our lives so completely that they're almost impossible to avoid (or boycott)? Why does the stock market forgive them for sins that would destroy other firms? And as they race to become the world's first trillion-dollar company, can anyone challenge them? In the same irreverent style that has made him one of the world's most celebrated business professors, Galloway deconstructs the strategies of the Four that lurk beneath their shiny veneers. He shows how they manipulate the fundamental emotional needs that have driven us since our ancestors lived in caves, at a speed and scope others can't match. And he reveals how you can apply the lessons of their ascent to your own business or career. Whether you want to compete with them, do business with them, or simply live in the world they dominate, you need to understand the Four.

Animalium - Jenny Broom 2017-12-28

Welcome to the museum! There are more than 160 animal specimens to be discovered in Animalium, the first in a series of virtual museums. Wander the galleries - open 365 days a year - and discover a collection of curated exhibits on every page, accompanied by informative text. Each chapter features a different branch of the tree of life, from the simple sponge to the enormous elephant.

The Mysterious Island - Jules Verne 2018-10-11

'The Mysterious Island' - one of the most famous in the world literature novels written by the famous French writer Jules Verne. Five Americans appear on a desert island in the Southern Hemisphere but they are not going to despair. Eventually it appears that their skills are all they need there to survive. But suddenly life throws a riddle to them...

The Invention of Solitude - Paul Auster 2010-11-25

'One day there is life . . . And then, suddenly, it happens there is death.' So begins Paul Auster's moving and personal meditation on fatherhood, *The Invention of Solitude*. The first section, 'Portrait of an Invisible Man',

reveals Auster's memories and feelings after the death of his father. In 'The Book of Memory' the perspective shifts to Auster's role as a father. The narrator, 'A.', contemplates his separation from his son, his dying grandfather and the solitary nature of writing and story-telling. With all the keen literary intelligence familiar from *The New York Trilogy* or *Sunset Park*, Paul Auster crafts an intensely intimate work from a ground-breaking combination of introspection, meditation and biography.

Born to Run - Christopher McDougall 2011-03-29

NATIONAL BESTSELLER • The astonishing and hugely entertaining story that completely changed the way we run. An epic adventure that began with one simple question: Why does my foot hurt? "Equal parts quest, physiology treatise, and running history.... The climactic race reads like a sprint.... It simply makes you want to run." —*Outside Magazine* Isolated by Mexico's deadly Copper Canyons, the blissful Tarahumara Indians have honed the ability to run hundreds of miles without rest or injury. In a riveting narrative, award-winning journalist and often-injured runner Christopher McDougall sets out to discover their secrets. In the process, he takes his readers from science labs at Harvard to the sun-baked valleys and freezing peaks across North America, where ever-growing numbers of ultra-runners are pushing their bodies to the limit, and, finally, to a climactic race in the Copper Canyons that pits America's best ultra-runners against the tribe. McDougall's incredible story will not only engage your mind but inspire your body when you realize that you, indeed all of us, were born to run. Look for *Born to Run 2*, coming in December!

The Hitchhiker's Guide to the Galaxy: The Illustrated Edition - Douglas Adams 2007-12-18

This beautifully illustrated edition of the New York Times bestselling classic celebrates the 42nd anniversary of the original publication—with all-new art by award-winning illustrator Chris Riddell. SOON TO BE A HULU SERIES • "An astonishing comic writer."—Neil Gaiman Nominated as one of America's best-loved novels by PBS's *The Great American Read* It's an ordinary Thursday morning for Arthur Dent . . . until his house gets demolished. The Earth follows shortly after to make

way for a new hyperspace express route, and Arthur's best friend has just announced that he's an alien. After that, things get much, much worse. With just a towel, a small yellow fish, and a book, Arthur has to navigate through a very hostile universe in the company of a gang of unreliable aliens. Luckily the fish is quite good at languages. And the book is *The Hitchhiker's Guide to the Galaxy* . . . which helpfully has the words DON'T PANIC inscribed in large, friendly letters on its cover. Douglas Adams's mega-selling pop-culture classic sends logic into orbit, plays havoc with both time and physics, offers up pithy commentary on such things as ballpoint pens, potted plants, and digital watches . . . and, most important, reveals the ultimate answer to life, the universe, and everything. Now, if you could only figure out the question. . . .

Hello, World! Ocean Life - Jill McDonald 2019-02-05

Learn from home and explore the world with these fun and easy board books! All young children love to play in the waves at the beach. Here's a Hello, World! board book that teaches them all about oceans and the creatures and plants that live there. Hello, World! is a series designed to introduce first nonfiction concepts to babies and toddlers. Told in clear and easy terms ("An octopus has eight arms. Can you count them all?") and featuring bright, cheerful illustrations, Hello, World! is a perfect way to bring science, nature, and culture into the busy world of a toddler, where learning never stops. Look for all the books in the Hello, World! series: • Solar System • Weather • Backyard Bugs • Birds • Dinosaurs • My Body • How Do Apples Grow? • Ocean Life • Moon Landing • Pets • Arctic Animals • Construction Site • Rainforest Animals • Planet Earth • Reptiles • Cars and Trucks • Music • Baby Animals • On the Farm • Garden Time • Planes and Other Flying Machines • Rocks and Minerals • Snow

Entre azules - Ana Hernández Sarriá 2021-04-14

«Ana tiene una manera de escribir tan personal como adictiva. Todo te atrapa en esta novela llena de vida, enmarañada en las redes del pasado y el presente. Historias de amor entrecruzadas en mundos y momentos que nos cambiaron para siempre. Una novela que es pura luz, delicada y misteriosa». Daniel Sánchez Arévalo Federica, una joven escritora en

plena crisis creativa, decide escapar a las Maldivas en busca de inspiración. Antes de partir, su abuela le entrega un diario de su propia juventud, del que Federica no tenía constancia, con la idea de que lo pueda convertir en su siguiente obra de ficción. Sin embargo, Maafushi, la isla de un kilómetro de largo, y las circunstancias lo cambiarán todo. Federica no era consciente antes de partir del nuevo mundo al que se iba a enfrentar y lo mucho que iba a aprender atrapada en un paraíso al que pronto dejarán de llegar barcos con agua y comida. El exotismo que la rodea, la gente del lugar, los niños de un orfanato, cuidar delfines y un amor prohibido, entre otras cosas, le harán reencontrarse consigo misma y descubrir que, ante sus ojos, la vida siempre tiene sentido.

Life of Pi - Yann Martel 2022-01-27

"Life of Pi will make you believe in the power of theatre" (Times). After a cargo ship sinks in the middle of the vast Pacific Ocean, there are five survivors stranded on a lifeboat - a hyena, a zebra, an orangutan, a Royal Bengal tiger, and a sixteen year-old boy named Pi. Time is against them, nature is harsh, who will survive? Based on one of the most extraordinary and best-loved works of fiction - winner of the Man Booker Prize, selling over fifteen million copies worldwide - and featuring breath-taking puppetry and state-of-the-art visuals, Life of Pi is a universally acclaimed, smash hit adaptation of an epic journey of endurance and hope. Adapted by acclaimed playwright Lolita Chakrabarti, this edition was published to coincide with the West End premiere in November 2021.

Semana confidencial - 1971

The Voyage of the Beagle - Charles Darwin 1909

This is Charles Darwin's chronicle of his five-year journey, beginning in 1831, around the world as a naturalist on the H.M.S. Beagle.

The Octonauts - Meomi 2017-12-12

Color Me: Who's in the Ocean? - Surya Sajani 2017-04-01

From the creators of the Wee Gallery come these beautifully illustrated bath books that magically change color when you dip them in water.

Color Me: Who's in the Ocean? introduces children to a range of sea

creatures that include a fish, an octopus and a starfish. Squeezable and lightweight, each black-and-white creature transforms in a child's hands, guaranteeing hours of bathtime fun.

Snow Crash - Neal Stephenson 2003-08-26

The "brilliantly realized" (The New York Times Book Review) breakthrough novel from visionary author Neal Stephenson, a modern classic that predicted the metaverse and inspired generations of Silicon Valley innovators Hiro lives in a Los Angeles where franchises line the freeway as far as the eye can see. The only relief from the sea of logos is within the autonomous city-states, where law-abiding citizens don't dare leave their mansions. Hiro delivers pizza to the mansions for a living, defending his pies from marauders when necessary with a matched set of samurai swords. His home is a shared 20 X 30 U-Stor-It. He spends most of his time goggled in to the Metaverse, where his avatar is legendary. But in the club known as The Black Sun, his fellow hackers are being felled by a weird new drug called Snow Crash that reduces them to nothing more than a jittering cloud of bad digital karma (and IRL, a vegetative state). Investigating the Infocalypse leads Hiro all the way back to the beginning of language itself, with roots in an ancient Sumerian priesthood. He'll be joined by Y.T., a fearless teenaged skateboard courier. Together, they must race to stop a shadowy virtual villain hell-bent on world domination.

Paint by Sticker Kids: Under the Sea - Workman Publishing
2017-05-16

Paint by Sticker is the most exciting new idea in activity books, both for grown-ups and kids. A compelling activity for crafters and artists, doodlers and colorers of all ages, each Paint by Sticker Kids book includes everything you need to create ten vibrant, full-color "paintings." The original images are rendered in low-poly, a computer graphics style using geometric polygon shapes to create a 3D effect. As in paint-by-number, each template is divided into spaces, each with a number that corresponds to a particular sticker. Find the sticker, peel it, and place it in the right space. Add the next, and the next, and the next—it's an activity that's utterly absorbing, both in the pleasure of peeling and

sticking and the growing satisfaction of watching a "painting" come to life, emerging from a flat black-and-white illustration to a dazzling image with color, body, and spirit. Paint by Sticker Kids: Under the Sea is a journey into the world beneath the waves. Kids will create a dolphin, a shark, an octopus, and other denizens of the watery world. The card stock pages are perforated so kids can remove them easily and display, or share, their finished works of art.

Genesis - Eduardo Galeano 2014-04-29

"An epic work of literary creation . . . There could be no greater vindication of the wonders of the lands and people of Latin America than Memory of Fire." —The Washington Post Eduardo Galeano's monumental three-volume retelling of the history of the New World begins with Genesis, a vast chain of legends sweeping from the birth of creation to the era of savage colonialism. Through lyrical prose and deep understanding, Galeano (author of the celebrated Open Veins of Latin America) recounts creation myths, pre-Columbian societies, and the brutality of conquest, from the Andes to the Great Plains. Galeano's project to restore to history "breath, liberty, and the word" unfolds as a unique, powerful work of literature. This daring masterpiece sets the past free, weaving a new kind of history from mythology, silenced voices, and the clash of worlds. Genesis is the first book of the Memory of Fire trilogy, which continues with Faces and Masks and Century of the Wind. *It* - Stephen King 2017-09-05

Includes a selection from Sleeping beauties by Stephen and Owen King after page 1157 (to be published in Sept. 2017).

Cronopios and Famas - Julio Cortázar 1999

This volume presents an integrated epidemiologic, social, and economic analysis of the global epidemics of HIV among sex workers in low- and middle-income countries. The book provides a comprehensive review and synthesis of the available public health and social science data to characterize the nature, scope, and complexities of these epidemics. A community empowerment-based approach to HIV prevention, treatment, and care is outlined and demonstrated to be cost-effective across multiple settings, with a significant projected impact on HIV incidence

among sex workers and transmission dynamics overall. The Global HIV Epidemics among Sex Workers seeks to assist governments, public health implementing agencies, donors, and sex worker communities to better understand and respond to the epidemics among a population facing heightened social and structural vulnerabilities to HIV. The book combines a systematic review of the global epidemiology of HIV among sex workers and in-depth case studies of the epidemiology, policy and programmatic responses and surrounding social contexts for HIV prevention, care and treatment in eight countries. The authors employ mathematical modeling and cost-effectiveness analysis to assess the potential country-level impact of a community empowerment-based approach to HIV prevention, treatment, and care among sex workers when taken to scale in four countries representing diverse sociopolitical contexts and HIV epidemics: Brazil, Kenya, Thailand, and Ukraine. In each setting, greater investment in prevention, treatment, and care for

sex workers is shown to significantly reduce HIV. Together these findings underline the urgency of further global investment in comprehensive, human rights-based responses to HIV among sex workers.

Pinkfong Baby Shark: Chomp! - Pinkfong 2020-02-04

Kids will love pulling the tabs to make Baby Shark take big bites in this sliding board book inspired by the Baby Shark global YouTube phenomenon with over 3 billion views! Baby Shark, doo doo doo doo doo doo! Let's go hunt, doo doo doo doo doo doo! Run away, doo doo doo doo doo doo! The Baby Shark song is beloved by children, parents, and teachers everywhere. Sing along with Baby Shark, his silly shark family, and his sea creature friends in this engaging book that contains the lyrics of the Baby Shark song! Kids will love this board book with sliders that allows them to make Baby Shark's mouth take a big bite . . . or let out a big laugh! This title is officially licensed by Pinkfong.
