The Story of My Experiments
with Truth: An Autobiography -
Mohandas Karamchand Gandhi
2009-07-01

The Story Of My Experiments
With Truth is a bestseller
which describes the ups and
downs of the author's life. This
book is about the author's
experiments in his life, and
how he developed himself as a
person. This book instead of

explaining Gandhi as a
perfectionist, instead describes
his many flaws and how he
defeats his problems with his
enormous willpower. The Story
Of My Experiments With Truth
is the story of a simple,
immoral man who eventually
transforms into a great
freedom fighter. This book
contains various incidents in
this author's life from his birth
to 1920s. His time in South
Africa as an anti-apartheid
activist is also looked into. This
autobiography begins when he
was a common man and ends
right around the time he
became an international figure.
How he became Gandhi is quite
fascinating to read. His
philosophies of simplicity,
nonviolence, and truth are
comprehensively explored. This
book is easy to read as it has
good translation. The Story Of
My Experiments With Truth
was published by Om Books in
2010, and is available in the
form of a paperback.
