How mysterious coincidences can lead us to our own special destiny. In this remarkable book, James Redfield focuses on our individual perceptions of synchronicity and cites examples from his own experiences as he clarifies how mysterious coincidences lead us towards our special destiny. Here, too, he examines one hundred years of discovery in

psychics and psychology to show an inevitable synthesis of Eastern and Western ideas. The unmistakable message in this convergence is that human history is purposeful, that both miracles and scientific discoveries are part of the unbroken chain of evolution toward a better world.

three years earlier, ten-year-old Jack Peter Keenan has been deathly afraid to venture outdoors. Refusing to leave his home in a small coastal town in Maine, Jack Peter spends his time drawing monsters. When those drawings take on a life of their own, no one is safe from the terror they inspire. His mother, Holly, begins to hear strange sounds in the night coming from the ocean, and she seeks answers from the local Catholic priest and his Japanese housekeeper, who fill her head with stories of shipwrecks and ghosts. His father, Tim, wanders the beach, frantically searching for a strange apparition running wild in the dunes. And the boy's only friend, Nick, becomes helplessly entangled in the eerie power of the drawings. While those around Jack Peter are haunted by what they think they see, only he knows the truth behind the frightful occurrences as the outside world encroaches upon them all. In the tradition of *The Turn of the Screw*, Keith Donohue's *The Boy Who Drew*

Monsters is a mesmerizing tale of psychological terror and imagination run wild, a perfectly creepy read for a dark night.

The Celestine Vision - James Redfield 2001-04-15

Based on his personal experiences, the author of "The Celestine Prophecy" and "The Tenth Insight" shares his vision for--and explains how to achieve--a new era of global peace and understanding.

The Philosopher and the Wolf - Mark Rowlands 2021-11-15

The charming and poignant story of the relationship between a philosophy professor and his pet wolf. Mark Rowlands was a young philosophy professor, rootless and searching for life's greater meaning. Shortly after arriving at the University of Alabama, he noticed a classified ad in the local paper advertising wolf cubs for sale and decided he had to investigate, if only out of curiosity. It was love at first sight, and the bond that grew

between philosopher and wolf reaffirms for us the incredible relationships that exist between man and animal. Mark welcomed his new companion, Brenin, into his home. More than just an exotic pet, Brenin exerted an immense influence on Rowlands both as a person, and, strangely enough, as a philosopher, leading him to reevaluate his attitude toward love, happiness, nature, death, and the true meaning of companionship.

calendar will end. Many see it as an apocalyptic sign. But is it? In *The Twelfth Insight*, the long-awaited fourth book in the beloved Celestine series, we again follow our Hero and his close friend Wil. They have just received a portion of another ancient and mysterious manuscript that describes a secret approach to spirituality that is silently arriving in the second decade of the 21st century. But the manuscript is only available in fragments. To understand its full meaning for mankind, our Hero and Wil begin an urgent search to find the message in its entirety. As they embrace the power of Synchronicity and begin their search, they are confronted by powerful political forces and religious extremists that stand in the way of these spiritual revelations. Utilising what he calls the 'parable effect', and based on his own sources, James Redfield explores the similarities and differences that exist among the world religions, revealing the essential messages contained within them that can energise

our experience of spirituality - and produce a new wave of integrity and reform that can transform our lives and our world.

**God and the Evolving Universe** - James Redfield  
2003-01-06

In a world racked by violence and conflict, James Redfield and Michael Murphy—leading cocreators of today's spiritual boom—present a message of hope and a vision for the future. It is no accident, they argue, that the twentieth and early twenty-first centuries have witnessed a revolution in new human capacities. Daily we hear and read about supernormal athletic feats; clairvoyant perception; lives transformed by meditative practices; healing through prayer—and we ourselves experience these things. The authors contend that thousands of years of human striving have delivered us to this very moment, in which each act of self-development is creating a new stage in planetary evolution—and the emergence of a human species possessed of vastly expanded potential. *Rich Dad's Prophecy* - Robert T. Sete mulheres, cada uma viajando - sozinha - por um canto diferente, compartilham suas histórias. Samantha aventurou-se nas trilhas e cachoeiras da Chapada Diamantina, na Bahia, descobrindo mais sobre si e

seu corpo. Gabi foi de ônibus ao ponto mais ao sul do continente americano, na Patagônia argentina, superando medos e inseguranças. Danieli, deficiente visual, embarcou para Nova York a fim de conhecer e treinar seu cão guia. Louise ansiava por assistir a shows de rock na Alemanha, e para isso viajou de carona e dormiu em sofás de desconhecidos. Gabriella explorou a Tailândia, o Vietnã, o Laos e o Camboja, onde teve encontros memoráveis com outras mulheres. Priscilla fez um intercâmbio na Austrália, encarando trabalhos bizarros para se manter por lá. Tamy demonstrou ser uma verdadeira expedicionária ao ir do Quênia à África do Sul, passando Tanzânia, Zimbábue, Botsuana e Namíbia. E assim, no Brasil, na América do Sul, na América do Norte, na Europa, na Ásia, na Oceania e na África, essas bravas mulheres percebem a força que têm e comprovam onde é o lugar delas: no mundo.
