A Grammar Guide - Francisco Zamarrón Terán 2013-11

"A Grammar Guide" es una serie para hispanoparlantes que han enfrentado dificultades con la comprensión de la lengua inglesa. Esta obra es para personas de cualquier edad y escolaridad que necesitan comprender el idioma escrito, o escribir sus ideas en el mismo. Por medio de presentaciones sencillas entenderás cómo se organiza la lengua escrita básica, sus elementos fundamentales y el orden de palabras. Así mismo, aprenderás la función de diferentes tiempos gramaticales con ejemplos bilingües funcionales para las diferentes personas gramaticales, que cubren una amplia gama de posibilidades. El dominio de una lengua es una habilidad física, a mayor práctica obtendrás mayor destreza y por lo tanto mayor eficiencia. Lo único que necesitarás es paciencia y constancia para alcanzar tus objetivos. Necesitarás un auxiliar importantísimo, un diccionario, que te proporcionará el vocabulario que TÚ necesitas, no el que alguien más piense que quieres. Te aseguro que con éstos dos elementos combinados con tu trabajo cambiarán tu concepción sobre el idioma inglés y tus posibilidades futuras. Francisco Zamarrón ABOUT THE BOOK: "A Grammar Guide" is a book that can be used by English speaking persons to learn basic Spanish to understand it in its written form. Time on a Line - Christine Herring 2015-03-03

Time on a Line is a chart offering a visual guide of the main tenses used in spoken English. Having a visual is a fast way to understand where the tenses (called tempi in Italian) are in relation to time. This book is not a grammar book full of theories and long detailed explanations of the hows and whys of grammar. Nor is it a pretense to a complete in depth coverage of all the possible tenses used in the English language. I intentionally did not include such gems as future in the past, reported speech or even the passive. This book is a quick study of the most commonly used tenses necessary for "speaking". It is written for anyone who has ever studied English but can't quite put this knowledge into practice. Its aim is to help bridge the gap between knowing English grammar and using it either in speaking or understanding it. Time on a Line è una mappa che offre una guida - subito comprensibile visivamente - dei tempi usati in inglese. Osservare una mappa è una via veloce per capire quali tempi verbali usare in relazione alla dimensione tempo (in inglese si distingue opportunamente fra tense, il tempo verbale, e time, il tempo in generale). Questo libretto non è una grammatica teorica, né una lunga dettagliata esposizione del come e del perché di un determinato uso grammaticale. Non ha nemmeno la pretesa di coprire tutti i possibili tempi verbali usati in inglese. Intenzionalmente, non ho voluto includere preziosità come il future in the past, i tempi del discorso indiretto, e nemmeno la forma passiva del verbo. Questo libretto è invece un'illustrazione concisa dei tempi più comunemente usati in inglese e necessari per "parlare" la lingua. È scritto per chiunque abbia studiato un po' di inglese ma non è in grado di tradurre in pratica quello che già sa. Il suo scopo è quello di aiutare a colmare la distanza fra la conoscenza della grammatica inglese e l'uso della lingua, nel parlato e nella comprensione.

Gramática española: Variación social introduce intermediate to advanced students of Spanish to the main grammatical features of the language in a way that emphasizes the social underpinnings of language. Written entirely in Spanish, this unique approach to the study of grammar guides students in an examination of how Spanish grammar varies depending on place, social group, and situation. Students examine why some varieties of Spanish are considered prestigious while others are not, drawing on current and historical sociopolitical contexts, all while learning grammatical terminology and how to identify categories and constructions in Spanish. This is an excellent resource for students at level B1 or higher on the Common European Framework for Languages, and Intermediate High to Advanced High on the ACTFL proficiency scale.

Grammatical Theory and Philosophy of Language in Antiquity - Pierre Swiggers 2002

This collective volume contains studies in the field of ancient grammar, poetics and philosophy of language. The contributions, written by specialists in the field, focus on central themes in the historiography of ancient linguistics, such as the status of grammar as a discipline in Antiquity, the relationship between poetics and grammatical theory, the constitution and development of the word class system, the descriptive format of grammars, the nature and description of specific word classes, the development of grammatical argumentation. In addition, several methodological issues in the study of ancient grammar and philosophy of language are dealt with: the problem of continuity vs. discontinuity in the history of linguistic thought, the role of schoolroom activities in the development of grammatical description and theory-formation, and problems concerning "tradition", "influence" and "originality" in ancient linguistics. The volume is rounded off with extensive indices of proper names, concepts and technical terms.
