At the suggestion of their friend Luke, Fiona and Finn volunteer at an animal rescue shelter, where they meet two sweet dogs who are in need of comfort, too. Sonichu #0 - C. C. 2005-03-24

*Sonichu #0* is the first issue of Christian Weston Chandler's magnum opus. At this initial stage, the comic was almost entirely about Sonichu and Rosechu, although bits of Chris's life still managed to find their way in. The "hand-drawn premiere issue" is a special zero issue. In the comics industry, zero issues are used as either a sales-enhancing gimmick (Image Comics is a notable user of this) or a special preview of work that will not truly begin until issue #1. Given that it previews nothing, which one Chris was going for is probably the former, though given that it's not legally able to be sold, it fails even that. The comic consists of Sonichu's first three adventures. In "Sonichu's Origin", the core cast of the series is introduced as Sonichu and Rosechu are created. Then, in "Genesis of the Lovehogs", the two protagonists meet and immediately fall in love. Finally, in "Sonichu vs. Naitsirhc", our yellow hero does battle with his first real villain, who but foreshadows the challenges awaiting the hedgehogs in the following issue. Bonus material in *Sonichu #0* includes various advertisements for imaginary Sonichu products, "classic" Sonichu comic strips drawn outside of the narrative of the main comic book, and the first "Sub-Episode".

**The Ballad of Lucy Whipple (rpkg)** - Karen Cushman 1998-04-03

Dear Gram and Grampop, Please do not address yours truly as California anymore, California Morning Whipple being a foolish name for a duck much less a girl. I call myself Lucy now. I cannot hate California and be California. I know you will understand. California doesn't suit Lucy Whipple -- not the name, not the place. But moving out West to Lucky Diggins, California, was her mama's dream-come-true. And now her brother, Butte, and sisters, Prairie and Sierra, seem to be Westerners at heart, too. For Lucy, Lucky Diggins is hardly a town at all -- just a bunch of ramshackle tents and tobacco-spitting miners. Even the gold her mama claimed was just lying around in the fields isn't panning out. Worst of all, there's no lending library! Dag diggety! So Lucy vows to be plain miserable until she can hightail it back East where she belongs. But Lucy California Morning Whipple may be in for a surprise -- because home is a lot closer than she thinks... When California Morning Whipple's widowed mother uproots her family from their comfortable Massachusetts environs and moves them to a rough mining camp called Lucky Diggins in the Sierras, California Morning resents the upheaval. Desperately wanting to control something in her own life, she decides to be called Lucy, and as Lucy she grows and changes in her strange and challenging new environment. Here Karen Cushman helps the American Gold Rush spring to colorful life, just as she did for medieval England in her previous two books, *Catherine, Called Birdy* and *The Midwife's Apprentice*, which won Newbery Honor status and a Newbery Medal respectively.

**What You Know First** - Patricia MacLachlan 1998-02-14

'A child comes to terms with the fact that she and her family are leaving the prairie. . . . As she talks herself into acceptance, her Mama helps her let go, commenting that the baby will need someone to tell him where he came from. So the girl gathers mementoes—a bag of earth and a piece of cottonwood tree. . . . A novel hides in these few pages. As with *Sarah, Plain and Tall*, the subtext vibrates. So much is told in each perfectly chosen phrase. The story is deep and specific, but the pain and denial of a child leaving a known and loved place is all too universal. Moser's finely-wrought engravings, enhanced by moody tints, record the departure.'—SLJ. 1995 "Pick of the Lists" (ABA)

**Skylark** - Patricia MacLachlan 2013-06-25

The second book in the series that began with the Newbery Medal-winning *Sarah, Plain and Tall* by Patricia MacLachlan. My mother, Sarah, doesn't love the prairie. She tries, but she can't help remembering what she knew first. Sarah came to the prairie from Maine to marry Papa. But that summer, a drought turned the land dry and brown. Fires swept across the fields and coyotes came to the well in search of water. So Sarah took Anna and Caleb back east, where they would be safe. Papa stayed behind. He would not leave his land. Maine was beautiful, but Anna missed home, and Papa. And as the weeks went by, she began to wonder what would happen if the rains never came. Would she and Caleb and Sarah and Papa ever be a family again?

**A Mother in India** - Sara Jeannette Duncan 2018-07-26

*A Mother in India* By Sara Jeannette Duncan There were times when we had to go without puddings to pay John's uniform bills, and always I did the facings myself with a cloth-ball to save getting new ones. I would have polished his sword, too, if I had been allowed; I adored his sword. And once, I remember, we painted and varnished our own dog-cart, and very smart it looked, to save fifty rupees. We had nothing but our pay - John had his company when we were married, but what is that? - and life was made up of small knowing economies, much more amusing in recollection than in practise. We were sodden poor, and that is a fact, poor and conscientious, which was worse. A big fat spider of a money-lender came one day into the veranda and tempted us - we lived in a hut, but it had a veranda - and John threatened to report him to the police. Poor when everybody else had enough to live in the open-handed Indian fashion, that was what made it so hard; we were alone in our sordid little ways. When the expectation of Cecily came to us we made out to be delighted, knowing that the whole station pitied us, and when Cecily came herself, with a swamping burst of expense, we kept up the pretense splendidly. She was peevish, poor little thing, and she threatened convulsions from the beginning, but we both knew that it was abnormal not to love her a great deal, more than life, immediately and increasingly; and we applied ourselves honestly to do it, with the thermometer at a hundred and two, and the nurse leaving at the end of a fortnight because she discovered that I had only six of everything for the table. To find out

a husband's virtues, you must marry a poor man. The regiment was under-officered as usual, and John had to take parade at daylight quite three times a week; but he CHAPTER 1 walked up and down the veranda with Cecily constantly till two in the morning, when a little coolness came. I usually lay awake the rest of the night in fear that a scorpion would drop from the ceiling on her. Nevertheless, we were of excellent mind towards Cecily; we were in such terror, not so much of failing in our duty towards her as towards the ideal standard of mankind. We were very anxious indeed not to come short. To be found too small for one's place in nature would have been odious. We would talk about her for an hour at a time, even when John's charger was threatening glanders and I could see his mind perpetually wandering to the stable. I would say to John that she had brought a new element into our lives - she had indeed! - and John would reply, 'I know what you mean, ' and go on to prophesy that she would 'bind us together.' We didn't need binding together; we were more to each other, there in the desolation of that arid frontier outpost, than most husbands and wives; but it seemed a proper and hopeful thing to believe, so we believed it. Of course, the real experience would have come, we weren't monsters; but fate curtailed the opportunity. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public.
