The Bedford Guide for College Writers with Reader, Research Manual, and Handbook with 2009 MLA and 2010 APA Updates - X. J. Kennedy 2010-04

When it was first published twenty years ago, The Bedford Guide for College Writers brought a lively and innovative new approach to the teaching of writing. Since that time, authors X. J. and Dorothy M. Kennedy have won praise for their friendly tone and their view, apparent on every page of the text, that writing is the "usually surprising, often rewarding art of thinking while working with language." More recently, experienced teacher and writer Marcia F. Muth joined the author team, adding more practical advice to help all students — even those underprepared for college work — become

successful academic writers. While retaining the highly praised "Kennedy touch," The Bedford Guide continues to evolve to meet classroom needs. The new edition does even more to build essential academic writing skills, with expanded coverage of audience analysis, source-based writing, argumentation and reasoning, and more.

A Guide to Writing in College, MLA Update - Books a la Carte Edition - Chris M. Anson
2017-01-30

For courses in First-Year Composition - Rhetoric. This version of A Guide to Writing in College has been updated to reflect the 8th Edition of the MLA Handbook (April 2016)* Helps students

navigate the challenges of writing in all college-level courses A Guide to College Writing is both an excellent introduction to college writing for composition courses that emphasize writing across the curriculum (WAC) and a writing guide for use in any college course. Scholar and former CWPA president Chris Anson brings his research on and knowledge of WAC, threshold concepts, and transference to this first-year writing text. Anson offers a refreshing new choice to faculty seeking support in teaching the features and forms of other disciplines. The text does not teach any one form, but rather how to observe, analyze, and reproduce the forms and intellectual strategies of whatever the students might be asked to read and write. Students are walked through the writing process, beginning with shorter, lower-stakes "microtheme" assignments and scaffolding toward longer, sustained formal projects typical of their discipline. Throughout, students learn how to use writing as a learning tool. * The 8th Edition

introduces sweeping changes to the philosophy and details of MLA works cited entries. Responding to the "increasing mobility of texts," MLA now encourages writers to focus on the process of crafting the citation, beginning with the same questions for any source. These changes, then, align with current best practices in the teaching of writing which privilege inquiry and critical thinking over rote recall and rule-following.

The Bedford Handbook - Diana Hacker 2013-10-18

What habits are common among good college

writers? Good college writers are curious, engaged, reflective, and responsible. They read critically. They write with purpose. They tune into their audience. They collaborate and seek feedback. They know credible evidence makes them credible researchers. They revise. The Bedford Handbook, based on surveys with more than 1,000 first-year college students, fosters these habits and offers more support than ever before for college reading and writing. New writing guides support students as they compose in an ever-wider variety of genres, including multimodal genres. New reading support encourages students to become active readers. Retooled research advice emphasizes inquiry and helps writers cite even the trickiest digital sources confidently and responsibly. Best of all, the Handbook remains a trusted companion for students because it is accessible, comprehensive, and authoritative. Instructors benefit, too: A substantially revised Instructor's Edition includes Nancy Sommers's personal

mentoring—more than 100 new concrete tips for teaching with the handbook. Finally, integrated digital content is easily assignable and helps students practice and apply the handbook's lessons.
