Unlikely Friendships - Jennifer S. Holland 2011-06-15

The "irresistible" New York Times bestseller that "features heartwarming stories of interspecies love and adorable photographs" (The New York Times Book Review). Written by National Geographic magazine writer Jennifer Holland, *Unlikely Friendships* documents one heartwarming tale after another of animals who, with nothing else in common, bond in the most unexpected ways. A cat and a bird. A mare and a fawn. An elephant and a sheep. A snake and a hamster. The well-documented stories of Koko the gorilla and All Ball the kitten; and the hippo Owen and the tortoise Mzee. And almost inexplicable stories of predators befriending prey—an Indian leopard slips into a village every night to sleep with a calf. A lioness mothers a baby oryx. Holland narrates the details and arc of each story, and offers insights into why—how the young leopard, probably motherless, sought maternal comfort with the calf, and how a baby oryx inspired the same mothering instinct in the lioness. Or, in the story of Cashew, the lab mix that was losing his eyesight, and Libby, the stray cat who began to guide the dog's way through the house and yard. With Libby, Cashew lived out his last few years with loving support and a lasting friendship. These are the most amazing friendships between species, collected from around the world and documented in a selection of full-color candid photographs. "The feel-good book of the summer—maybe the year—may very well be *Unlikely Friendships*." —USA Today "With aww-inducing photographs, the book highlights the most improbable animal connections." —National Geographic

Thelwell's Pony Cavalcade - Norman Thelwell 2017-04-17

Little girls. Fat hairy ponies. Hook-nosed riding teachers, riders on backward, and horses gone madly off course. The artist Norman Thelwell published his first pony cartoon in 1953, and quite by accident, his name became synonymous with these kinds of images. "The response was instantaneous," he wrote in his autobiography. "Suddenly I had fan mail...I dreamed up some more horsey ideas and people went into raptures." The "Thelwell pony" soon became the most-often referenced source of horse-humor the world over. In 1957, Thelwell's first collection of pony cartoons, *Angels on Horseback*, was published, followed by *A Leg at Each Corner* in '61, and *Riding Academy* in '63. In this Anniversary Special Collection, readers get all three classics, featuring page after page of Thelwell's hilarious cartoons along with his often blisteringly accurate advice for survival in and around the equine herd. Whether audiences open *Pony Cavalcade* out of nostalgia or curiosity, the delightful details of Thelwell's illustrations and timeless wit of his caricatures and asides are a surefire way to change a day for the better, and certain to send a new generation of fat-hairy-pony-lovers out to the barn to test the truths within.

The Essential Fergus the Horse - Jean Abernethy 2015

In the late 1990s, a little bay horse with four white socks and a blaze was born. Dubbed "Fergus," he has now traveled the world many times over by print, web, and satellite, inspired a line of merchandise featuring his visage, and gained a fervently devoted following in the hundreds-of-thousands on Facebook and through other social media outlets. Who is this horse and how can we explain his magnetism? What breed does he represent and at which sport does he excel? What makes him so special? Fergus the Horse (Equus hilarious) is the creation of artist Jean Abernethy, and the truth is, he is not meant to represent a particular breed, nor does he pursue one specific equestrian discipline. Perhaps it is this generic quality of every man or woman's horse" that has led to his immense popularity. When fans write, "Fergus reminds me of my horse," I cannot be paid a higher compliment," says Abernethy. But while his familiarity may woo us, it is most likely his expressiveness, honesty, charm, and of course that keen sense of humor that wins our hearts. Now, in recognition of Fergus' growing fan club, Abernethy has brought together the backstory of Fergus the Horse how he came to be, his early years, the history of his friends" and support characters and combined them with his greatest hits," including the most-loved comic strips and cartoon moments, some rarely seen sketches, and brand new additions

created exclusively for this book. The result is a lively, colorful, highly illustrated treasury that will entertain anyone with an eye for a horse and a need for a laugh.

But with the help of his neighbors, Chris came up with a crazy idea. Burro racing, a unique type of competition in which humans and donkeys run side by side over mountains and through streams, would be exactly the challenge Sherman and Chris needed. In the course of Sherman's training, Chris would enlist Amish running clubs, high-spirited goats, the service animal community, and two Sarah Palin-loving long-distance female truckers. The Book of Two Ways - Jodi Picoult 2020-09-22

#1 NEW YORK TIMES BESTSELLER • From the author of *Small Great Things* and *A Spark of Light* comes a "powerful" (The Washington Post) novel about the choices that alter the course of our lives. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY MARIE CLAIRE Everything changes in a single moment for Dawn Edelstein. She's on a plane when the flight attendant makes an announcement: Prepare for a crash landing. She braces herself as thoughts flash through her mind. The shocking thing is, the thoughts are not of her husband but of a man she last saw fifteen years ago: Wyatt Armstrong. Dawn, miraculously, survives the crash, but so do all the doubts that have suddenly been raised. She has led a good life. Back in Boston, there is her husband, Brian, their beloved daughter, and her work as a death doula, in which she helps ease the transition between life and death for her clients. But somewhere in Egypt is Wyatt Armstrong, who works as an archaeologist unearthing ancient burial sites, a career Dawn once studied for but was forced to abandon when life suddenly intervened. And now, when it seems that fate is offering her second chances, she is not as sure of the choice she once made. After the crash landing, the airline ensures that the survivors are seen by a doctor, then offers transportation to wherever they want to go. The obvious destination is to fly home, but she could take another path: return to the archaeological site she left years before, reconnect with Wyatt and their unresolved history, and maybe even complete her research on *The Book of Two Ways*—the first known map of the afterlife. As the story unfolds, Dawn's two possible futures unspool side by side, as do the secrets and doubts long buried with them. Dawn must confront the questions she's never truly asked: What does a life well lived look like? When we leave this earth, what do we leave

behind? Do we make choices . . . or do our choices make us? And who would you be if you hadn't turned out to be the person you are right now?
