Man at the Helm - Nina Stibbe 2014-08-28

Man at the Helm, the debut novel from Nina Stibbe - the much-loved author of Love, Nina - is a wildly comic, brilliantly sharp-eyed novel about the horrors of being an attractive divorcée in an English village in the 1970s, and a family's fall from grace . . . My sister and I and our little brother were born (in that order) into a very good situation and apart from the odd new thing life was humdrum and comfortable until an evening in 1970 when my mother listened in to my father's phone call and ended up blowing her nose on a tea towel - a thing she'd only have done in an absolute emergency. Not long after her parents' separation, heralded by an awkward scene involving a wet Daily Telegraph and a pan of cold eggs, nine-year-old Lizzie Vogel, her sister and little brother and their now divorcée mother are packed off to a small, slightly hostile village in the English countryside. Their mother is all alone, only thirty-one years of age, with three young children and a Labrador. It is no wonder, when you put it like that, that she becomes a menace and a drunk. And a playwright. Worried about the bad playwriting - though more about becoming wards of court and being sent to the infamous Crescent Home for Children - Lizzie and her sister decide to contact, by letter, suitable men in the area. In order to stave off the local social worker they urgently need to find a new Man at the Helm. 'All hail a book that's funny!' Barbara Trapido '[A] joyous read, full of wit and charm . . . I am already longing for Nina Stibbe's next book' Observer 'Nine-year-old Lizzie (our narrator) is the perfect conduit for her creator, just the right mixture of childhood innocence and incredulity for the necessary deadpan delivery of Stibbe's particular brand of comedy. Read it and be charmed' Independent 'A beguilingly comic blend of naivety and precociousness' Sunday Times

The Most Dangerous Game - Richard Connell 2020-04-21

From one of America's most popular short story writers and an Academy Award nominee: the O. Henry Award-winning tale that inspired the movie The Hunt. A subject of mysterious rumors and superstition, the deserted Caribbean Island was shrouded in an air of peril. To Sanger Rainsford, who fell off a yacht and washed up on its shores, the abandoned isle was a welcome paradise. But unknown to the big-game hunter, a predator lurked in its lush jungles—one more dangerous than any he had ever encountered: a human. First published in 1924, this suspenseful tale "has inspired serial killers, films and stirred controversy in schools. A century on, the story continues to thrill" (The Telegraph). "[A] tense, relentless story of man-against-man adventure, in which the hunter Sanger Rainsford learns, at the hands of General Zaroff, what it means to be hunted." —Criterion

Going There - Katie Couric 2021-10-26

This heartbreaking, hilarious, and brutally honest memoir shares the deeply personal life story of a girl next door and her transformation into a household name. For more than forty years, Katie Couric has been an iconic presence in the media world. In her brutally honest, hilarious, heartbreaking memoir, she reveals what was going on behind the scenes of her sometimes tumultuous personal and professional life - a story she's never shared, until now. Of the medium she loves, the one that made her a household name, she says, "Television can put you in a box; the flat-screen can flatten. On TV, you are larger than life but smaller, too. It is not the whole story, and it is not the whole me. This book is." Beginning in early childhood, Couric was inspired by her journalist father to pursue the career he loved but couldn't afford to stay in. Balancing her vivacious, outgoing personality with her desire to be taken seriously, she overcame every obstacle in her way: insecurity, an eating disorder, being typecast, sexism . . . challenges, and how she dealt with them, setting the tone for the rest of her career. Couric talks candidly about adjusting to

sudden fame after her astonishing rise to co-anchor of the TODAY show, and guides us through the most momentous events and news stories of the era, to which she had a front-row seat: Rodney King, Anita Hill, Columbine, the death of Princess Diana, 9/11, the Iraq War . . . In every instance, she relentlessly pursued the facts, ruffling more than a few feathers along the way. She also recalls in vivid and sometimes lurid detail the intense pressure on female anchors to snag the latest "get"—often sensational tabloid stories like Jon Benet Ramsey, Tonya Harding, and OJ Simpson. Couric's position as one of the leading lights of her profession was shadowed by the shock and trauma of losing her husband to stage 4 colon cancer when he was just 42, leaving her a widow and single mom to two daughters, 6 and 2. The death of her sister Emily, just three years later, brought yet more trauma—and an unwavering commitment to cancer awareness and research, one of her proudest accomplishments. Couric is unsparing in the details of her historic move to the anchor chair at the CBS Evening News—a world rife with sexism and misogyny. Her "welcome" was even more hostile at 60 Minutes, an unrepentant boys club that engaged in outright hazing of even the most established women. In the wake of the MeToo movement, Couric shares her clear-eyed reckoning with gender inequality and predatory behavior in the workplace, and downfall of Matt Lauer—a colleague she had trusted and respected for more than a decade. Couric also talks about the challenge of finding love again, with all the hilarity, false-starts, and drama that search entailed, before finding her midlife Mr. Right. Something she has never discussed publicly—why her second marriage almost didn't happen. If you thought you knew Katie Couric, think again. *Going There* is the fast-paced, emotional, riveting story of a thoroughly modern woman, whose journey took her from humble origins to superstardom. In these pages, you will find a friend, a confidante, a role model, a survivor whose lessons about life will enrich your own.
