Cape Lives of the Eighteenth Century - Karel Schoeman 2011

Sketches the development of the Dutch colony at the Cape in the eighteenth century through the lives of eighteen individuals and families, primarily for the benefit of non-specialist and non-South African readers
[Conspiracy](#) - Ryan Holiday 2018-02-27

An NPR Book Concierge Best Book of 2018! A stunning story about how power works in the modern age--the book the New York Times called "one helluva page-turner" and The Sunday Times of London celebrated as "riveting...an astonishing modern media conspiracy that is a fantastic read." Pick up the book everyone is talking about. In 2007, a short blogpost on Valleywag, the Silicon Valley-vertical of Gawker Media, outed PayPal founder and billionaire investor Peter Thiel as gay. Thiel's sexuality had been known to close friends and family, but he didn't consider himself a public figure, and believed the information was private. This post would be the casus belli for a meticulously plotted conspiracy that would end nearly a decade later with a \$140 million dollar judgment against Gawker, its bankruptcy and with Nick Denton, Gawker's CEO and founder, out of a job. Only later would the world learn that Gawker's demise was not incidental--it had been masterminded by Thiel. For years, Thiel had searched endlessly for a solution to what he'd come to call the "Gawker Problem." When an unmarked envelope delivered an illegally recorded sex tape of Hogan with his best friend's wife, Gawker had seen the chance for millions of pageviews and to say

the things that others were afraid to say. Thiel saw their publication of the tape as the opportunity he was looking for. He would come to pit Hogan against Gawker in a multi-year proxy war through the Florida legal system, while Gawker remained confidently convinced they would prevail as they had over so many other lawsuit--until it was too late. The verdict would stun the world and so would Peter's ultimate unmasking as the man who had set it all in motion. Why had he done this? How had no one discovered it? What would this mean--for the First Amendment? For privacy? For culture? In Holiday's masterful telling of this nearly unbelievable conspiracy, informed by interviews with all the key players, this case transcends the narrative of how one billionaire took down a media empire or the current state of the free press. It's a study in power, strategy, and one of the most wildly ambitious--and successful--secret plots in recent memory. Some will cheer Gawker's destruction and others will lament it, but after reading these pages--and seeing the access the author was given--no one will deny that there is something ruthless and brilliant about Peter Thiel's shocking attempt to shake up the world.

After forty years in academia, P.S. Groenwald leaves a rich heritage, which is measured not only in terms of his impressive list of publications, but also in terms of those for whom he was the academic mentor. His versatility as academic is reflected in the variety of specialist fields in which his former students find themselves. Experts in literature and linguistics, lexicographers and translators all found their niches under his tutelage. In appreciation of the enormous contribution that he made towards their careers and academic schooling, former students and colleagues have decided to honour him with this festschrift.

Warning Miracle -

Authority - Nathan Barry 2014-04-03

THE IDEA THAT AUTHORS CANNOT MAKE MONEY IS 100% FALSE.

And no, you do not have to be famous or have a huge online following. In less than one calendar year, Nathan Barry made over \$250,000 by independently publishing three books he wrote himself. Making money from book sales is wonderful but it is just the beginning. Getting a raise, landing a new job, and gaining new clients are all direct results of writing and publishing a book. In *Authority*, Nathan shows you: -How NOT to be a poor, starving author -How to establish a consistent writing habit -How to implement a successful marketing strategy -How to replace traditional publishing methods with methods that can earn far more, in far less time -How to position yourself as an AUTHORITY in your chosen field and enjoy benefits far beyond simply making money

Country of My Skull - Antjie Krog 2007-12-18

Ever since Nelson Mandela dramatically walked out of prison in 1990 after twenty-seven years behind bars, South Africa has been undergoing a radical transformation. In one of the most miraculous events of the century, the oppressive system of apartheid was dismantled. Repressive laws mandating separation of the races were thrown out. The country, which had been carved into a crazy quilt that reserved the most

prosperous areas for whites and the most desolate and backward for blacks, was reunited. The dreaded and dangerous security force, which for years had systematically tortured, spied upon, and harassed people of color and their white supporters, was dismantled. But how could this country--one of spectacular beauty and promise--come to terms with its ugly past? How could its people, whom the oppressive white government had pitted against one another, live side by side as friends and neighbors? To begin the healing process, Nelson Mandela created the Truth and Reconciliation Commission, headed by the renowned cleric Archbishop Desmond Tutu. Established in 1995, the commission faced the awesome task of hearing the testimony of the victims of apartheid as well as the oppressors. Amnesty was granted to those who offered a full confession of any crimes associated with apartheid. Since the commission began its work, it has been the central player in a drama that has riveted the country. In this book, Antjie Krog, a South African journalist and poet who has covered the work of the commission, recounts the drama, the horrors, the wrenching personal stories of the victims and their families. Through the testimonies of victims of abuse and violence, from the appearance of Winnie Mandela to former South African president P. W. Botha's extraordinary courthouse press conference, this award-winning poet leads us on an amazing journey. *Country of My Skull* captures the complexity of the Truth Commission's work. The narrative is often traumatic, vivid, and provocative. Krog's powerful prose lures the reader actively and inventively through a mosaic of insights, impressions, and secret themes. This compelling tale is Antjie Krog's profound literary account of the mending of a country that was in colossal need of change.

A Time Traveller's Guide to South Africa in 2030 - Frans Cronje 2017

"What will South Africa look like in 2030? And how will the next 15 years unfold? ... In this book, leading scenario planner Frans Cronje analyses the latest trends and presents four new scenarios for the country's future. Will South Africa take the socialist route and allow the state to seize all wealth and land? Will the status quo prevail, and the wealth

divide widen while crime soars? Do we face a pernicious erosion of our democratic rights and freedoms? Or will a rainbow rise unexpectedly?"--

Sounding the Cape - Denis Martin 2013

For several centuries Cape Town has accommodated a great variety of musical genres which have usually been associated with specific population groups living in and around the city. Musical styles and genres produced in Cape Town have therefore been assigned an "identity" which is first and foremost social. This volume tries to question the relationship established between musical styles and genres, and social - in this case pseudo-racial - identities. In *Sounding the Cape*, Denis-Constant Martin recomposes and examines through the theoretical prism of creolisation the history of music in Cape Town, deploying analytical tools borrowed from the most recent studies of identity configurations. He demonstrates that musical creation in the Mother City, and in South Africa, has always been nurtured by contacts, exchanges and innovations whatever the efforts made by racist powers to separate and divide people according to their origin. Musicians interviewed at the dawn of the 21st century confirm that mixture and blending characterise all Cape Town's musics. They also emphasise the importance of a rhythmic pattern particular to Cape Town, the ghoema beat, whose origins are obviously mixed. The study of music

demonstrates that the history of Cape Town, and of South Africa as a whole, undeniably fostered creole societies. Yet, twenty years after the collapse of apartheid, these societies are still divided along lines that combine economic factors and "racial" categorisations. Martin concludes that, were music given a greater importance in educational and cultural policies, it could contribute to fighting these divisions and promote the notion of a nation that, in spite of the violence of racism and apartheid, has managed to invent a unique common culture.

[The Final-Over-Final Condition](#) - Michelle Sheehan 2017-10-27

An examination of the evidence for and the theoretical implications of a universal word order constraint, with data from a wide range of languages. This book presents evidence for a universal word order constraint, the Final-over-Final Condition (FOFC), and discusses the theoretical implications of this phenomenon. FOFC is a syntactic condition that disallows structures where a head-initial phrase is contained in a head-final phrase in the same extended projection/domain. The authors argue that FOFC is a linguistic universal, not just a strong tendency, and not a constraint on processing. They discuss the effects of the universal in various domains, including the noun phrase, the adjective phrase, the verb phrase, and the clause. The book draws on data from a wide range of languages, including Hindi, Turkish, Basque, Finnish, Afrikaans, German, Hungarian, French, English, Italian, Romanian, Arabic, Hebrew, Mandarin, Pontic Greek, Bagirmi, Dholuo, and Thai. FOFC, the authors argue, is important because it is the only known example of a word order asymmetry pertaining to the order of heads. As such, it has significant repercussions for theories connecting the narrow syntax to linear order.

Ownership and Governance of Companies - Jonathan Michie 2021-06-30

Apartheid South Africa was often thought to run in the interests of the business elite. Yet 27 years after apartheid, those business interests remain largely entrenched. Why? Did the South African business community play a role in engineering this outcome - perhaps recognising the apartheid era was over, and jumping ship in time? Conversely, the mission of the ANC was widely perceived to be to shift wealth and power into the hands of the whole community. Yet despite 'black empowerment' measures, corporate ownership remains largely in white hands - and certainly in the hands of an elite few, even though no longer restricted to whites. This picture is replicated across the global south, where corporate ownership tends to be concentrated in the hands of an elite, rather than being more democratically spread. Why have alternative corporate forms not been pursued more vigorously, with ownership in the hands of customers, employees, and local communities? In the case of South Africa, where the majority of customers and employees are black, this could have delivered on the ANC's mission to replace the apartheid era with a democratic one - in terms of wealth, incomes and power, as well as in terms of voting and civic rights. This edited volume explores all these questions and looks at ways to align corporate forms with economic and social goals. The chapters in this book were originally published as special issues of International Review of Applied Economics.

Oor Grense - Ton Vosloo 2018-09-05

Ton Vosloo is een van die mees gerekende koerant- en sakemanne in Suid-Afrika. Gedurende sy loopbaan van sowat sestig jaar het Suid-Afrika op politieke front 'n drastiese ommekeer ondergaan: die Nasionale Party het plek gemaak vir 'n ANC-regering, wat gelei het tot transformasie op sosiale, ekonomiese en sakefront. In 1983 is Vosloo as die besturende direkteur van Naspers aangestel en het hy hom dit ten doel gestel om dié groep - wat in 1913 as mondstuk van die Nasionale Party gestig is - te vernuwe. Vosloo het die maatskappy deur diep, onstuimige waters gestuur: op ideologiese vlak was dit 'n geveg tot die dood toe met die regse Perskor-groep om die steun van Afrikaners te wen. Naspers moes ook op kommersiële vlak moderniseer. Dit het uiteindelik gelei het tot die stigting van M-Net, Suid-Afrika se eerste betaaltelevisiekanaal. In 1992 is Vosloo as voorsitter van Naspers aangestel en het Koos Bekker die pos as besturende direkteur aanvaar. Onder Bekker se leiding het Naspers belê in die Chinese internetmaatskappy Tencent, en vinnig ontwikkel tot 'n groep wat vandag finansiële belange regoor die wêreld het. Dit sou nie moontlik gewees het sonder die fondasie wat Vosloo in die vroeë tagtigs vir sodanige vernuwings gelê het nie. Oor Grense is Ton Vosloo se memoir oor sy lewe in die koerantwêreld in 'n tyd toe Naspers nog baklei het om die posisie as markleier, 'n tyd toe die koerante binne sy stal baie na aan die politici van die dag gestaan het. Met sy eiesoortige humorsin en styl as gesoute joernalis vertel Ton Vosloo die storie van Naspers en van sy uiteenlopende ervarings as koerantman en sakeleier.

Secrets from the Cockpit - Robert Schapiro 2021-06-18

'A witty, sometimes heart-stopping, and always engrossing path from "boy pilot" to elite aviator.' – Jaundiced Eye columnist, William Saunderson-Meyer Robert Schapiro always wanted to fly. Challenging anti-Semitic bullying, mockery and fierce rivalry, he realised his dream by earning his wings in the South African Air Force and going on to command C-47 Dakotas in the Border War. He joined South African Airways (SAA) in 1979, soon learning it was a time when SAA crews were dominated by the 'Royal Family' – captains who thought themselves above the rules and who spent time overseas on drinking binges or coaxing air hostesses to be their 'airline wives'. When sanctions forced SAA to cut back on its routes, he was seconded to Japan's Nippon Cargo Airlines, routinely flying between New York and Tokyo and grappling with often-hilarious cultural misunderstandings as he adapted to a Japanese style of operations. Schapiro is disarmingly frank about life as an international pilot. He divulges near misses, emergency landings, navigation errors, passenger shenanigans (seat sex, anyone?), how pilots control rowdy travellers and absorbing detail about the technique of flying different aircraft types. Uplifting and humorous, his memoir offers a rare slice of aviation history.

Fortuine - Ebbe Dommissie 2021-04-27

Die ongekende sukses van Afrikaner-sakelui het die afgelope drie dekades verras en verstom. 'n Aantal is vandag dollar-miljardêrs met uitgebreide internasionale belange. Die opkoms van die Afrikaner-magnaat is veral merkwaardig in die lig van die regering se omvattende program van swart ekonomiese bemagtiging. Onder leiding van Koos Bekker het Naspers die Johannesburgse aandelebeurs begin domineer en is dié mediagroep tot 'n internasionale beleggingshouergroep omvorm. Johann Rupert het Richemont as die naasgrootste groep in die mark vir

luukse goedere gevestig, terwyl Christo Wiese en Whitey Basson onderskeidelik Pepkor en Shoprite tot die grootste kleinhandelgroepe in klerasie en voedsel in Afrika uitgebou het. Fortuine verklar waarom alles wat sakeleiers soos Jannie Mouton, Michiel le Roux, GT Ferreira, Johan van Zyl, Douw Steyn en 'n aantal megaboere aanraak skynbaar in goud verander. Dit ondersoek ook die sensasionele ineenstorting van Steinhoff Internasionaal onder Markus Jooste, waardeur soveel welvaart uitgewis is. 'n Onthullende boek, wat hoofsaaklik op persoonlike onderhoude gebaseer is en lig werp op die werksetiek, strategiese vennootskappe en aptyt vir risiko wat hierdie groep Afrikaners die reënmakers van die ekonomie maak.

Twelve Years a Slave - Solomon Northup 2021-01-01

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Koos Bekker's Billions - T.J. Strydom 2022-09-01

With M-Net Koos Bekker convinced the business world he had the magic touch. But it was only the start of an entrepreneurial journey that would bring him immense wealth. Bekker swept in at Naspers, transforming an Afrikaans printer into a global technology giant, earning investors trillions and himself a good few billion. But how? What were the methods employed by this boerseun from Heidelberg? Financial journalist T.J. Strydom distils it down to 15 steps, each calculated and effective, sketching out the winning ways of the elusive media mogul. Bekker often gets the credit for the investment in China's Tencent, a single punt that rivals South Africa's entire mining sector in the wealth it created this century. But should he be the one lauded for this achievement? As student beleef sy 'n erge trauma waarvan net haar ouma Hannie,

The Stellenbosch Mafia - Pieter du Toit 2019-07-15

About 50km outside of Cape Town lies the beautiful town of Stellenbosch, nestled against vineyards and blue mountains that stretch to the sky. Here reside some of South Africa's wealthiest individuals: all male, all Afrikaans - and all stinking rich. Johann Rupert, Jannie Mouton, Markus Jooste and Christo Weise, to name a few. Julius Malema refers to them scathingly as 'The Stellenbosch Mafia', the very worst example of white monopoly capital. But who really are these mega-wealthy individuals, and what influence do they exert not only on Stellenbosch but more broadly on South African society? Author Pieter du Toit begins by exploring the roots of Stellenbosch, one of the wealthiest towns in South Africa and arguably the cradle of Afrikanerdom. This is the birthplace of apartheid leaders, intellectuals, newspaper empires and more. He then closely examines this 'club' of billionaires. Who are they and, crucially, how are they connected? What network of boardroom membership, alliances and family connections exist? Who are the 'old guard' and who are the 'inkommers', and what about the youngsters desperate to make their mark? He looks at the collapse of Steinhoff: what went wrong, and whether there are other companies at risk of a similar fate. He examines the control these men have over cultural life, including pulling the strings in South Africa rugby.

Mission of Malice - Erika Bornman 2021-08-01

In the 1980s, Erika Bornman's family join, and ultimately move, to KwaSizabantu, a Christian mission based in KwaZulu-Natal, which is touted as a nirvana, founded on egalitarian values. But something sinister lurks beneath 'the place where people are helped'. Life at KwaSizabantu is hard. Christianity is used to justify harsh punishments and congregants are forced to repent for their sins. Threats of physical violence ensure adherence to stringent rules. Parents are pitted against children. Friendships are discouraged. Isolated and alone, Erika lives in constant fear of eternal damnation. At 16, her grooming at the hands of a senior mission counsellor begins. For the next five years, KwaSizabantu wages emotional, psychological and sexual warfare on her, until, finally, she manages to break free and escape at the age of 21. Escaping a restrictive religious community is difficult, but rehabilitation into

'normal' life after a decade of ritual humiliation, brainwashing and abuse is much more painful, as Erika soon discovers. She cannot ignore her knowledge of the grievous human-rights abuses being committed at KwaSizabantu, and so she embarks on a quest to expose the atrocities. *Mission of Malice - My Exodus from KwaSizabantu* chronicles Erika's journey from a fearful young girl to a fierce activist determined to do whatever it takes to save future generations and find personal redemption and self-acceptance.

Women and the Colonial State - Elsbeth Locher-Scholten 2000

Woman and the Colonial State deals with the ambiguous relationship between women of both the European and the Indonesian population and the colonial state in the former Netherlands Indies in the first half of the twentieth century. Based on new data from a variety of sources: colonial archives, journals, household manuals, children's literature, and press surveys, it analyses the women-state relationship by presenting five empirical studies on subjects, in which women figured prominently at the time: Indonesian labour, Indonesian servants in colonial homes, Dutch colonial fashion and food, the feminist struggle for the vote and the intense debate about monogamy of and by women at the end of the 1930s. An introductory essay combines the outcomes of the case studies and relates those to debates about Orientalism, the construction of whiteness, and to questions of modernity and the colonial state formation.
