

# Monty Moo The Rabbit Says Get Off My Tail

Eventually, you will certainly discover a new experience and deed by spending more cash. nevertheless when? reach you give a positive response that you require to acquire those every needs afterward having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to understand even more almost the globe, experience, some places, like history, amusement, and a lot more?

It is your entirely own epoch to operate reviewing habit. along with guides you could enjoy now is **Monty Moo The Rabbit Says Get Off My Tail** below.

Media Matters in South Africa - Jeanne Prinsloo  
1991

This report contains a selection of contributed papers and presentations from a conference attended by 270 educators and media workers committed to formulate a vision for media education in South Africa. Pointing out that media education has been variously described in

South Africa as visual literacy, mass media studies, teleliteracy, and film studies, or as dealing with educational technology or educational media, the introduction cites a definition of media education as an exploration of contemporary culture alongside more traditional literary texts. It is noted that this definition raises issues for education as a whole,

for traditional language study, for media, for communication, and for understanding the world. The 37 selected papers in this collection are presented in seven categories: (1) Why Media Education? (keynote paper by Bob Ferguson); (2) Matters Educational (10 papers on media education and visual literacy); (3) Working Out How Media Works (4 papers on film studies, film technology, and theory); (4) Creating New Possibilities for Media Awareness (9 papers on film and television and 4 on print media); (5) Training and Empowering (2 papers focusing on teachers and 4 focusing on training producers); (6) Media Developing Media Awareness (2 papers); and (7) Afterthoughts (1 paper). Appendices include the Unesco Declaration on Media Education (1982), Recommendations from the Toulouse Colloquy on New Directions in Media Education (1990), and Resolutions and Conclusions of the First National Media Education Conference (Durban, 1990). Most of the papers provide their own

bibliographies. (DB)

GWAHMP Canyon - Marvin Geezel 2022-03-09  
GWAHMP Canyon: Into the Can By: Marvin Geezel Earth has been over-polluted by hundreds of years of neglect and waste. With the planet's landscape forever changed, many plants and animals have adapted to survive the hazardous environment, spawning dangerous NewBeasts. To combat the pollution driving this calamity, Dr. Humphrey develops a plan to relegate garbage to a facility miles-deep in the Pacific Ocean. After a mysterious accident shuts down the station, the doctor's son, Belmont, witnesses a scandal and finds himself trapped at the bottom of the dumpsite. Belmont is discovered and eventually adopted by a ragtag group of children stranded but subsisting in the vacated facility. When their clan is targeted by terrifying ape-like beasts, the kids concoct a perilous plan to escape GWAHMP Canyon. Only through cunning, resourcefulness, and grit - along with fierce loyalty - may they be able to

succeed.

Whitaker's Book List - 1989

*Monty-Moo the Rabbit Says Get Off My Tail* - M. S. Diane Joan Carroll 2018-06-22

This is a humorous picture book aimed at young children. It is a child protection book about a young rabbit named Monty-Moo. He lives happily in a town called Bunnuchoochoo. When someone comes into his life he is unsure of, he finds himself wondering what to do. He then asks his teacher, Mrs Bunnetti, "Can another rabbit touch my tail?" This is not explicit but is designed to raise children's awareness of child protection issues in a very subtle way. The book is designed not only to help children to recognise unacceptable behaviour and grooming, but also to give them sound advice about how they can report this. This book can also be used as a teaching aid in schools.

**The Journalism Research Fellows Report** - 1981

*Doll Makers & Marks* - Dawn Herlocher 1999  
Covers 3,000 dolls from the world's leading doll makers with charts, listings, line drawings, more. Provides detailed descriptions of each manufacturer's production history, mold characteristics, size numbers, tips on spotting reproductions, and much more.

**Silver Screen Crosswords to Keep You Sharp** - Stanley Newman 2008-11

Hooray for Hollywood! And ditto for this star-studded collection of movie-themed crosswords, created by the editor of Newsday's nationally syndicated puzzle. Inside you'll find 50 cinematic crosswords that highlight screen legends from the recent and more distant past. Each puzzle contains a quote from one of the subject's films, as well as fun and fascinating factoids. The above-the-title names range from Katharine Hepburn, James Cagney, and Judy Garland to contemporary Oscar winners such as Robert De Niro, Julia Roberts, and Denzel Washington. In addition, hundreds of general movie-related

clues will challenge and then delight film lovers evoking vivid memories of the great screen performances that defined the golden age of film.

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

The Lecturer's Tale - James Hynes 2007-04-01

The author of Publish and Perish returns with a Faustian tale of the horrors of academe Nelson Humbolt is a visiting adjunct English lecturer at prestigious Midwest University, until he is

unceremoniously fired one autumn morning. Minutes after the axe falls, his right index finger is severed in a freak accident. Doctors manage to reattach the finger, but when the bandages come off, Nelson realizes that he has acquired a strange power--he can force his will onto others with a touch of his finger. And so he obtains an extension on the lease of his university-owned townhouse and picks up two sections of freshman composition, saving his career from utter ruin. But soon these victories seem inconsequential, and Nelson's finger burns for even greater glory. Now the Midas of academia wonders if he can attain what every struggling assistant professor and visiting lecturer covets--tenure. A pitch-perfect blend of satire and horror, *The Lecturer's Tale* paints a gruesomely clever portrait of life in academia.

platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

*On the Trail of the Jackalope* - Michael P. Branch  
2022-03-01

The never-before-told story of the horned rabbit—the myths, the hoaxes, and the entirely real scientific breakthroughs it has inspired—and how it became a cultural touchstone of the American West. Just what is a jackalope? Purported to be part jackrabbit and part antelope, the jackalope began as a local joke concocted by two young brothers in a small Wyoming town during the Great Depression. Their creation quickly spread around the U.S., where it now regularly appears as innumerable forms of kitsch—wall mounts, postcards, keychains, coffee mugs, shot glasses, and so on. A vast body of folk narratives has carried the jackalope’s fame around the world to inspire art, music, film, even erotica! Although the jackalope

is an invention of the imagination, it is nevertheless connected to actual horned rabbits, which exist in nature and have for centuries been collected and studied by naturalists. Around the time the two young boys were creating the first jackalope in Wyoming, Dr. Richard Shope was making his first breakthrough about the cause of the horns: a virus. When the virus that causes rabbits to grow “horns” (a keratinous carcinoma) was first genetically sequenced in 1984, oncologists were able to use that genetic information to make remarkable, field-changing advances in the development of anti-viral cancer therapies. The most important of these is the human papillomavirus (HPV) vaccine, which protects against cervical and other cancers. Today, jackalopes are literally helping us cure cancer. For fans of David Quammen’s *The Song of the Dodo*, Jon Mooallem’s *Wild Ones*, or Jeff Meldrum's *Sasquatch*, Michael P. Branch's remarkable *On the Trail of the Jackalope* is an

entertaining and enlightening road trip through the heart of America.

**Head First Java** - Kathy Sierra 2005-02-09

Learning a complex new language is no easy task especially when it s an object-oriented computer programming language like Java. You might think the problem is your brain. It seems to have a mind of its own, a mind that doesn't always want to take in the dry, technical stuff you're forced to study. The fact is your brain craves novelty. It's constantly searching,

scanning, waiting for something unusual to happen. After all, that's the way it was built to help you stay alive. It takes all the routine, ordinary, dull stuff and filters it to the background so it won't interfere with your brain's real work--recording things that matter. How does your brain know what matters? It's like the creators of the Head First approach say, suppose you're out for a hike and a tiger jumps in front of you, what happens in your brain? Neurons fire. Emotions crank up. Chemicals surge. That's how your brain knows. And that's how your brain will learn Java. Head First Java combines puzzles, strong visuals, mysteries, and soul-searching interviews with famous Java objects to engage you in many different ways. It's fast, it's fun, and it's effective. And, despite its playful appearance, Head First Java is serious stuff: a complete introduction to object-oriented programming and Java. You'll learn everything from the fundamentals to advanced topics, including threads, network sockets, and

distributed programming with RMI. And the new, second edition focuses on Java 5.0, the latest version of the Java language and development platform. Because Java 5.0 is a major update to the platform, with deep, code-level changes, even more careful study and implementation is required. So learning the Head First way is more important than ever. If you've read a Head First book, you know what to expect--a visually rich format designed for the way your brain works. If you haven't, you're in for a treat. You'll see why people say it's unlike any other Java book you've ever read. By exploiting how your brain works, Head First Java compresses the time it takes to learn and retain--complex information. Its unique approach not only shows you what you need to know about Java syntax, it teaches you to think like a Java programmer. If you want to be bored, buy some other book. But if you want to understand Java, this book's for you.

**The Other Side of the Story** - Jody Powell

1984

The press secretary of the Carter administration calls the national press to account in anecdotes involving all the media and analyses of the methods and standards of journalists

**Shorter Slang Dictionary** - Paul Beale

2003-09-02

From abdabs to zit From pillock (14th century) to couch potato (20th century) From She'll be apples (Australia) to the pits (USA) This new collection brings together some 5,000 contemporary slang expressions originating in all parts of the English-speaking world. It gives clear and concise definitions of each word, supplemented by examples of their use and information about where and when they came into being. This entertaining reference work will be of use to students of English at all levels and a source of fascination to word-lovers throughout the world.

**Living Age ...** - 1892

Fractured Fairy Tales - A.J. Jacobs 1999-01-05  
Long before Politically Correct Bedtime Stories invaded bookstores, Americans were getting their giggles from Fractured Fairy Tales, those delightfully twisted parables brought to us between the cliffhanger adventures of our favorite cartoon heroes, Rocky & Bullwinkle. This collection, illustrated with classic art from the animated series includes the comical retelling of 25 classics such as Pinocchio (who starred in his own variety show "The Pinocchio Doody Show"), Jack and the Beanstalk (did you know that Jack grew a beanstalk in the outfield so he could catch fly balls for his baseball team?), or King Midas (who became a dentist so he could give his patients gold fillings). This satirical humor loved for so long by so many, is a must-have for fans of the show and anyone who loves classic fairy tales--with a twist.

**Bowker's Directory of Videocassettes for Children 1999** - R R Bowker Publishing  
1999-03

**Phonics from A to Z** - Wiley Blevins 1998  
Provides an explanation of phonics, a method of reading instruction that focuses on the relationship between sounds and their spellings, and features over one hundred activities for the classroom, as well as sample lessons, word lists, and teaching strategies.

**Don't Spill the Beans!** - Ian Schoenherr  
2010-02-23

Bear's got a secret. What could it be? Could it have something to do with you?

**Marshmallow** - Clare Turlay Newberry  
2021-02-09

A beautiful classic picture book story about an unusual friendship between a bunny and a cat. Oliver is a tabby cat who is always the center of attention. Marshmallow is a baby rabbit who moves into Oliver's home. At first Oliver does not welcome Marshmallow, but the little bunny's charms are impossible to resist. This is the true story of how Oliver and Marshmallow become friends. Clare Turlay Newberry's lifelong passions for cats and for drawing come together in this elegantly illustrated book, winner of the 1943 Caldecott Honor.

Pet - Akwaeke Emezi 2021-01-19  
NATIONAL BOOK AWARD FINALIST •

STONEWALL BOOK AWARD WINNER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME NAMED ONE OF THE BEST BOOKS OF THE YEAR by The New York Times • Time • Buzzfeed • NPR • New York Public Library • Publishers Weekly • School Library Journal A genre-defying novel from the award-winning author NPR describes as "like [Madeline] L'Engle...glorious." A singular book that explores themes of identity and justice. Pet is here to hunt a monster. Are you brave enough to look? There are no monsters anymore, or so the children in the city of Lucille are taught. Jam and her best friend, Redemption, have grown up with this lesson all their life. But when Jam meets Pet, a creature made of horns and colors and claws, who emerges from one of her mother's paintings and a drop of Jam's blood, she must reconsider what she's been told. Pet has come to hunt a monster, and the shadow of something grim lurks in Redemption's house. Jam must fight not only to protect her best friend, but also to

uncover the truth, and the answer to the question--How do you save the world from monsters if no one will admit they exist? A riveting and timely young adult debut novel that asks difficult questions about what choices you can make when the society around you is in denial. "[A] beautiful, genre-expanding debut" -The New York Times "The word hype was invented to describe books like this." -Refinery29
