Tom Kundig: Houses - Dung
Ngo 2006-11-09
"Architect Tom Kundig is known worldwide for the originality of his work. This paperback edition of Tom

Kundig: Houses, first published in 2006, collects five of his most prominent early residential projects, which remain touchstones for him today. In a new preface written for this edition, Kundig reflects on the influence that these designs continue to have on his current thinking. Each house, presented from conceptual sketches through meticulously realized details, is the product of a sustained and active collaborative process among designer, builder, and client. The work of the Seattle-based

architect has been called both raw and refined--disparate characteristics that produce extraordinarily inventive designs inspired by both the industrial structures ubiquitous to his upbringing in the Pacific Northwest and the vibrant craft cultures that are fostered there." --

[Nationalism and Identity](#) -

Stefano Harney 1996

The nation-state of Trinidad

and Tobago offers a unique

nation-space, as Homi K

Bhabha would say, for the

study of the forces and ideologies of nationalism. This book reveals how this ethnically diverse nation, independent for less than forty years, has provided fertile ground for the creative tension between the imagination of the writer and the official discourse on nationalism. Harney argues that this discourse has in turn been embedded in a struggle that propelled the nation's story. He explores the influences on the sense of national identity caused by migration and the ethnicization of migrant communities in the cities. Adding to the comparative tone of much of this book, models of nationalism and ethnicity, often based on other societies, are tested against the imaginings of Trinidad by such essayists as VS Naipaul, CLR James, Willi Chen, Valerie Belgrave and Earl Lovelace. Using the wealth of imaginative literature produced by Trinidadians at home and abroad over the last forty years, together with European-based scholarship on theories of nationalism, this

book provides a fascinating understanding of the forging of a national identity.

A for Anything - Damon Knight
2011-09-29

We call it a gismo. That's right, a gismo. A bit difficult to describe. Like a cross, I suppose, without the top part. Sort of two arms on a stand. What happens is this. You hang something on one arm.

Anything at all. A watch, a bracelet, money, anything. I supposed you could hang a locomotive on, only it's a bit heavy. But anyway you hang something on and there on the opposite arm appears an exact replica. And I mean exact. You can't tell the difference. So nobody need make anything any more. What you need you hang on the gismo. No work. No want. No starvation. No nothing. When you've got a gismo, you've got everything.

Unexpected Blessings -
Roxanne Black 2008-10-16
"Roxanne's heartfelt experience reminds us of the sacred experience we all share." Mehmet C. Oz, M.D., coauthor of *YOU: The Owner's Manual* Beautifully drawn stories of hope, healing, and courage illuminate the

unexpected blessings that lie beyond the hurdles in life. When Roxanne Black was only fifteen years old, she was diagnosed with lupus, a chronic inflammatory disease. As a teenager with a rare and potentially life-threatening illness, Roxanne yearned to connect firsthand with others who knew what she was experiencing. So she made the decision to turn her diagnosis into something positive. Working out of her hospital bedroom, she founded Friends' Health Connection, which is now a nationwide community that matches people with similar health conditions for friendship and mutual support. *Unexpected Blessings* brings to life Roxanne's moving personal story, as well as the wisdom and lessons of courage she has learned over the years from famous leaders and celebrities, as well as everyday heroes standing strong against adversity. We meet Sara, an eight-year-old mature beyond her years, who is struggling with AIDS and the loss of her mother, and Ruby, a

chronically ill woman whose devoted husband eases her pain. We experience Roxanne's poignant encounter with Christopher Reeve before his death, and also see unbelievable kindness and acts of love-family members offering transplant organs to save loved ones, strangers supporting one another through crisis, and more. These powerful stories and reflections weave together a rich tapestry of hope, comfort, and inspiration, and serve as reminders of the incredible resilience of the human spirit in the face of overwhelming challenge. In this gorgeously written book, Roxanne Black reminds us of the courage we all possess.

Steak - Mark Schatzker
2010-04-29

The definitive book on steak has never been written-until now "Of all the meats, only one merits its own structure. There is no such place as a lamb house or a pork house, but even a small town can have a steak house." So begins Mark Schatzker's ultimate carnivorous quest. Fed up with one too many mediocre steaks, the intrepid journalist set out to track down, define, and eat the perfect specimen. His journey takes him to all the legendary sites of steak excellence-Texas, France, Scotland, Italy, Japan, Argentina, and Idaho's Pahsimeroi Valley-where he discovers the lunatic lengths steak lovers will go to consume the perfect cut. After contemplating the merits of Black Angus, Kobe, Chianina, and the prehistoric aurochs-a breed revived by the Nazis after four hundred years of extinction-Schatzker adopts his own heifer, fattens her on fruit, acorns, and Persian walnuts, and then grapples with

Way of the Reaper - Nicholas Irving 2016-08-09

From the New York Times Bestselling Author and Co-Star of Fox's American Grit comes a rare and powerful book on the art of being a sniper. *Way of the Reaper* is a step-by-step accounting of how a sniper works, through the lens of Irving's most significant kills -

none of which have been told before. Each mission is an in-depth look at a new element of eliminating the enemy, from intel to luck, recon to weaponry. Told in a thrilling narrative, this is also a heart-pounding true story of some of The Reaper's boldest missions including the longest shot of his military career on a human target of over half a mile. In Iraq and Afghanistan, Nick Irving earned his nickname in blood, destroying the enemy with his sniper rifle and in deadly firefights behind a .50 caliber machine gun. He engaged a Taliban suicide bomber during a vicious firefight, used nearly silent sub-sonic ammo, and was the target of snipers himself. *Way of the Reaper* attempts to place the reader in the heat of battle, experiencing the same dangers, horrors and acts of courage Irving faced as an elite member of the 3rd Ranger Battalion, 75th Ranger Regiment, while also examining the personal ramifications of taking another life. Readers will experience

the rush of the hunt and the dangers that all snipers must face, while learning what it takes to become an elite manhunter. Like the Reaper himself, this explosive book blazes new territory and takes no prisoners.
