Cake: A Slice of History -
Alysa Levene 2016-03-15

Cake can evoke thoughts of home, comfort someone at a time of grief or celebrate a birth or new love. It is a maker of memories, a marker of identities, and delicious! It was the year 878 A.D., and a man claims sanctuary in a small village home in Wessex. To the surprise of the villager, the man is not a passing vagabond but Alfred, King of the Anglo-Saxons. The village homemaker

is happy to hide him from the marauding Danes, provided he keeps an eye on the cake she has baking in the oven. Preoccupied with how to re-take his kingdom, Alfred lets the cakes burn, and the incident passed in to folklore forever. From these seemingly ignoble beginnings, not only was Alfred able to reclaim his spot in history, but the humble villagers' cake has ascended in world culture as well. Alysa Levene looks at cakes both ancient and modern, from the Fruit Cake, to the Pound Cake, from the ubiquitous birthday cake to the Angel Food Cake, all the way up to competitive baking shows on television and our modern obsession with macaroons and cup cakes. Along the way, author Alysa Levene shows how cakes are so much more than just a delicious sugar hit, and reflects on how and why cakes became the food to eat in times of celebration. Cake reflects cultural differences, whether it is the changing role of women in the home, the expansion of global trade, even advances in

technology. Entertaining and delightfully informative, *Cake: A Slice of History* promises to be a witty and joyous celebration of our cultural heritage.

BURLESQUE A Final Tribute: Legends Recipes & Minsky's Files - Jane Briggeman

In 2004, Patricia Elliott Minsky sent me multiple packages of materials that came from the files of her late husband Harold Minsky. The files were primarily from the 1960s into the early 1980s, with a few from even earlier years thrown in. After Harold died on Christmas Day in 1977, Pat carried on the Minsky tradition and produced a few shows herself. With so many articles, letters, lists, reviews, and more, the Minsky section is meant to take you back in time to relive the burlesque experience through the eyes of Harold Minsky. This book also contains a tribute to Jennie Lee and "Exotic World," and a chapter on Sintana; a request from her family and friends. Lastly, the recipe section in this book largely comes straight from the burlesque legends themselves. There are over 500 photos throughout the book; I hope you enjoy it... genre, burlesque was an attitude. It was parody, outrageousness, exaggeration, pastiche--even grotesquerie. If in 19th- and 20th-century America the term came to signify a variety show of light comedy, dance, and strip tease, eventually descending to a plateau of triviality, cheap sexuality, and predictable gaudy costumes, it has now--Woo Hoo! Ladies!--been resuscitated. (It's amazing what a feminist revolution can accomplish when pasties and sequins are introduced.) In *New Burlesque*, Katharina Bosse takes a trip across the United States to meet and document every proponent of the unabashed renaissance that she can get her camera lens around. Her colorful series of let-it-all-hang-out portraits of Babette la Fave, Kitten DeVille, Kitty Crimson, Ruby Darling, Dirty Martini, D'Milo, Starlet O'Hara, Scarlett Fever, Ursulina, and their many sisters give a wild, wicked stage to the very grown-up darlings of a new century. Whether pictured in a saloon or

Badly Behaved Women is the illustrated story of the past 100 years of the women's movement, from suffrage, alleged bra burning and the politics of hair to Beyoncé, body positivity and #MeToo. In the early twentieth century, through ceaseless dedication and fearless campaigning, the women's movement achieved what had previously been unimaginable: a woman's right to vote. Accompanied by stunning photographs, personal testimony essays from key figures and archive material from sources around the world, Anna-Marie Crowhurst's compelling and entertaining retelling of this multi-stranded, global and ongoing story also examines

the flaws of the movement and the future of feminism.

Masters of American

Cookery - Mary Frances

Kennedy Fisher 2005-01-01

Ever since American soldiers returned home after World War II with a passion for pÛtã and escargots instead of pork and beans, our preferences have moved from cooked to raw, from canned to fresh, from bland to savory, from water to wine. And guiding us through our culinary revolution have been four of the world's finest food experts: Julia Child, Craig Claiborne, James Beard, and M. F. K. Fisher. ø In *Masters of American Cookery*, Betty Fussell demonstrates vividly how each of these chefs has made a unique and invaluable contribution to the American way of cooking and eating. In more than two hundred recipes?in chapters on appetizers, soups, salads, sauces, meats, poultry, fish, breads, cheeses and wines, and desserts?Fussell shares the artistry of these culinary masters. She also traces the evolution of each dish and

provides insightful, often witty asides about the origins of the recipes. ø In the tradition of Waverley Root and M. F. K. Fisher herself, Fussell has combined elements of history, memoir, and the cookbook to create a food lover?s delight. As entertaining as it is instructive, *Masters of American Cookery* belongs on the bookshelf of anyone who cares about good food. Fussell provides a preface for this Bison Books edition.

defenders with the game's greatest crossover dribble ("shake and bake") and is credited by his peers as the originator of today's popular step-back move. Signed as the Lakers third-round draft pick in 1966, Clark worked his way into the starting lineup in his rookie year. But Clark was more than a guaranteed double-double whenever he stepped on the floor. He was a deep-thinking trailblazer for players' rights. Clark often challenged coaches and owners on principle, much to the detriment of his career and NBA legacy, signing on as a named litigant in the seminal Robertson v. NBA antitrust case that smashed the player reserve system and jump-started the modern NBA. So lace up your high-top Chuck Taylors, squeeze into a pair of short shorts, and shake and bake back in time to the days of Wilt, Russell, Oscar, Jerry, Elgin, Hondo—and Archie.

The Sunshine Crust Baking Factory - Stacy Wakefield
2015-04-13

The author of Not for Rent—a cult classic book about squatting—“now vividly fictionalizes the experience . . . with empathy and insight” (Booklist). Sid arrives in New York City in 1995 eager to join the anarchist squatting scene. She’s got a tattoo, she listens to the right bands . . . so why would she get a job and rent some tiny shoe-box apartment when she could take over a whole building with a gang of wild young pirates? But the Lower East Side is changing;

there are no more empty buildings, the squats are cliquey and full. Sid teams up with a musician from Mexico and together they find their way across the bridge to Williamsburg, Brooklyn. Packs of wild dogs roam the waterfront and the rough building in which they finally find space is occupied by misfits who don’t know anything about the Manhattan squatting scene, Food Not Bombs, Critical Mass, or hardcore punk. But this is Sid’s chance and she’s determined to make a home for herself—no matter what. Wakefield spent years living in squatted buildings in Europe and New York and brings firsthand knowledge to Sid’s story. The Sunshine Crust Baking Factory is “a celebration of the do-it-yourself living ethos that allowed many punks to live communally in New York City at the end of the last century, but it is also a cautionary tale about the struggles of trying to get along when living in large groups” (The Brooklyn Paper). Amateur Cinema - Charles
Tepperman 2014-12-24

From the very beginning of cinema, there have been amateur filmmakers at work. It wasn't until Kodak introduced 16mm film in 1923, however, that amateur moviemaking became a widespread reality, and by the 1950s, over a million Americans had amateur movie cameras. In *Amateur Cinema*, Charles Tepperman explores the meaning of the "amateur" in film history and modern visual culture. In the middle decades of the twentieth century—the period that saw Hollywood's rise to dominance in the global film industry—a movement of amateur filmmakers created an alternative world of small-scale movie production and circulation. Organized amateur

moviemaking was a significant phenomenon that gave rise to dozens of clubs and thousands of participants producing experimental, nonfiction, or short-subject narratives.

Rooted in an examination of surviving films, this book traces the contexts of "advanced" amateur cinema and articulates the broad aesthetic and stylistic tendencies of amateur films.

Home Baked - Alia Volz 2020
A blazingly funny, heartfelt memoir from the daughter of the larger-than-life woman who ran Sticky Fingers Brownies, an underground bakery that distributed thousands of marijuana brownies per month and helped provide medical marijuana to AIDS patients in San Francisco--for fans of Armistead Maupin and Patricia Lockwood During the '70s in San Francisco, Alia's mother ran the underground Sticky Fingers Brownies, delivering upwards of 10,000 illegal

marijuana edibles per month throughout the circus-like atmosphere of a city in the throes of major change. She exchanged psychic readings with Alia's future father, and thereafter had a partner in business and life. Decades before cannabusiness went mainstream, when marijuana was as illicit as heroin, they ingeniously hid themselves in plain sight, parading through town--and through the scenes and upheavals of the day, from Gay Liberation to the tragedy of the Peoples Temple--in bright and elaborate outfits, the goods wrapped in hand-designed packaging and tucked into Alia's stroller. But the stars were not aligned forever and, after leaving the city and a shoulda-seen-it-coming divorce, Alia and her mom returned to San Francisco in the mid-80s, this time using Sticky Fingers' distribution channels to provide medical marijuana to friends and former customers now suffering the depredations of AIDS.
