National Geographic Readers: Here to There (L1/Co-reader) - Jennifer Szymanski 2019-09-03

Car, trucks, planes, trains, bikes, gondolas, and even funiculars--there are so many ways to get around! Set out on a journey around the world to discover just how many vehicles we use to get from here to there. Whether you're canoeing down a river, zooming in a maglev train, or just simply walking, people are always on the move! In this book, young readers will explore the ways we travel through water, on land, and in the sky. National Geographic Kids Readers have been a hit in the beginning reader category, and this book builds upon that success with a new approach--parents and children reading together. With the same combination of careful text, brilliant photographs, and fun approach to high-interest subjects that has proved to be a winning formula with kids, National Geographic Co-readers provide one page of adult read-aloud and one page of kid read-aloud text on each spread, building toward a collaborative reading experience.

Polar Bears - Laura Marsh 2013

Presents an introduction to polar bears, describing their habitat, physical characteristics, life cycle, eating habits, and behaviors, and looks at the life of a polar bear cub.

National Geographic Readers: Ink! - Stephanie Warren Drimmer 2019

Meet cuttlefish that can camouflage themselves, octopuses that outsmart their predators, and squid that patrol the deep in this cool fact-filled reader. Learn everything you've ever wanted to know about cephalopods, from inking, to hunting, to coconut carrying. Squish along with squid, camouflage with cuttlefish, and marvel at magnificent octopuses. Packed with weird-but-true facts and tons of cool animal info, this Level 3 Reader explores the incredible world of cephalopods. National Geographic Fact Readers feature the same expert-vetted running text as traditional readers--with a bonus of 100 fun facts sprinkled throughout! A fact roundup at the end of each book lets kids review what they've learned. (Plus, they can impress their friends with their animal expertise!)

Bees - Laura Marsh 2016

Introduces honeybees, describing their physical features, different roles in the hive, and the importance of bee pollination for the world's food supply.

National Geographic Kids Readers: Bugs (Pre-reader) - Shira Evans 2018-05-15

Young readers learn all about insects in this new Pre-reader from National Geographic Kids. Through text features such as a vocabulary tree and wrap-up activity, kids will be introduced to vocabulary in concept groups, helping them make connections between words and expand their understanding of the world.
