**Blackstone's Magistrates' Court Handbook
2021** - Anthony Edwards 2021-05-13

The new edition of the bestselling Blackstone's
Magistrates' Court Handbook provides a
complete practical guide for the busy
practitioner, incorporating essential extracts
from the 2020 Magistrates' Court Sentencing
Guidelines. It delivers all you need in one
trustworthy source. Covering all the key aspects
of magistrates' court practice, the book focuses
on the areas most likely to arise at short notice
requiring an instant response from the advocate,
as well as on those offences most frequently
experienced at court, such as public order,
dishonesty, drugs, weapons, driving, criminal
damage, and sexual offences. Blackstone's

Magistrates' Court Handbook provides the perfect balance of portability and detail, facilitating quick navigation and instant decision-making. Tables, flow-charts, and a clear system of icons aid comprehension and speedy navigation. Cross-referencing to Blackstone's Criminal Practice 2021 provides you with easy access to in-depth commentary, whilst an appendix once again updates the latest edition of Blackstone's Handbook of Youths in the Criminal Courts (published in 2018) to reflect major developments in the law and practice relating to youths in the criminal justice system.

Blackstone's Statutes on Criminal Law 2021-2022 - Matthew Dyson 2021-07-22

Fully revised and updated to include all recent legislation, this edition provides comprehensive coverage of all the major criminal law documents needed by undergraduates. It also includes unannotated primary and secondary legislation and detailed tables of content to aid quick and efficient research.

Casebook on Torts - Richard Kidner 2012-06-28
Richard Kidner's established 'Casebook on Torts' is an essential casebook for students of tort law. The case selection for this book has been based upon the standard cases, and the extracts outline the reasoning behind each case decision.

Women's Legal Landmarks - Erika Rackley 2018-12-27

Women's Legal Landmarks commemorates the centenary of women's admission in 1919 to the legal profession in the UK and Ireland by identifying key legal landmarks in women's legal history. Over 80 authors write about landmarks that represent a significant achievement or turning point in women's engagement with law and law reform. The landmarks cover a wide range of topics, including matrimonial property, the right to vote, prostitution, surrogacy and assisted reproduction, rape, domestic violence, FGM, equal pay, abortion, image-based sexual abuse, and the ordination of women bishops, as well as the life stories of women who were the

first to undertake key legal roles and positions. Together the landmarks offer a scholarly intervention in the recovery of women's lost history and in the development of methodology of feminist legal history as well as a demonstration of women's agency and activism in the achievement of law reform and justice.

Blackstone's Statutes on Commercial and Consumer Law 2021-2022 - Francis Rose

2021-08-05

An abridged collection of legislation carefully reviewed and selected by Dr John Stanton. With unparalleled coverage of public and human rights law, it leads the market: consistently recommended by lecturers and relied on by students for exam and course use.

Blackstone and His Critics - Anthony Page

2018-04-19

William Blackstone's Commentaries on the Laws of England (1765-69) is perhaps the most elegant and influential legal text in the history of the common law. By one estimate, Blackstone has been cited well over 10,000 times in American judicial opinions alone. Prominent in recent reassessment of Blackstone and his works, Wilfrid Prest also convened the Adelaide symposia which have now generated two collections of essays: Blackstone and his

Commentaries: Biography, Law, History (2009), and Re-Interpreting Blackstone's Commentaries: A Seminal Text in National and International Contexts (2014). This third collection focuses on Blackstone's critics and detractors. Leading scholars examine the initial reception of the Commentaries in the context of debates over law, religion and politics in eighteenth-century Britain and Ireland. Having shown Blackstone's volumes to be a contested work of the Enlightenment, the remaining chapters assess critical responses to Blackstone on family law, the status of women and legal education in Britain and America. While Blackstone and his Commentaries have been widely lauded and memorialised in marble, this volume highlights the extent to which they have also attracted censure, controversy and disparagement. *Media Law* - Richard Caddell (lecturer in law.) 2006

Employment Law and Human Rights - Robin

Allen Qc 2018-03-15

The European Convention of Human Rights (ECHR), Human Rights Act 1998 (HRA) and the Charter of Fundamental Rights of the European Union have had a significant impact on UK employment law, but the ultimate contours of this are still developing and emerging, particularly post-BREXIT. In the face of these ever-changing human rights debates, questions concerning workplace behaviour are more abundant than ever: with such increased connectivity, how do we separate work life from private life? In the world of smartphones and tablets, is it lawful for employers to expect around the clock service and what flexibility should we expect in the workplace, both from employers and employees? This new edition examines these questions in detail, looking at the ongoing effects of human rights legislation on employment law. Including far more detailed coverage of the impact of equality laws on religion and beliefs, sexual orientation, and age,

as well as the more established protected characteristics of race, sex, and disability, this book will provide practitioners with the vital information they need for the increasingly prevalent employment cases concerning human rights. This new edition has been substantially revised to take into account new legislation and the wealth of cases that have emerged since the previous edition published in 2007. This book provides an introduction to the sources and practices of human and fundamental rights and their relationship to employment law, before launching into an analysis of various working conditions. Topics covered include: prohibition on slavery and forced labour; equality rights in relation to cultural, religious, gendered, and linguistic diversity; special protections put in place for children; protection from unjustified dismissal; and the interface between family and work including maternity and paternity rights. Comprehensive coverage of available remedies, spanning from the right to a fair trial and using

European law in the courts and tribunals, to making a preliminary reference to the European Court of Justice and applying to the ECHR, ensures that the book is of real, practical value. Regarded as one of the foremost authorities in this area, this edition is a must-have for all employment lawyers and students.

Blackstone's Employment Law Practice 2012 - Gavin Mansfield 2012-03-15

Drawing together comprehensive coverage of practice and procedure in the employment tribunal, Employment Appeal Tribunal, and Central Arbitration Committee, Blackstone's Employment Law Practice 2012 is an essential purchase for any serious employment practitioner. Ideal for preparing for and during a case in tribunal or court, it includes trusted advice on specialist topics, such as the application of TUPE and the calculation of costs. This new edition draws together comprehensive coverage of practice and procedure in the courts and tribunals, making it an essential purchase

for every employment practitioner. An eminent team of authors bring together consummate experience of every aspect of employment law and practice to offer up-to-date advice and commentary on the latest developments in substantive law and procedure, including the continuing changes brought about by the Equality Act 2010. Blackstone's Employment Law Practice 2012 offers: - Unparalleled coverage and practical explanation of employment law and procedure in the employment tribunal and civil courts - A new chapter on insolvency and an expanded discussion of the tax treatment of awards - Updated coverage of relevant case law and legislation across all areas of employment law - A range of flowcharts and procedural checklists to provide immediate clarification of complex procedural issues - Clear page design to ensure easy navigation and quick access to essential information - Appendices offering quick and easy access to current and historical financial data

Blackstone's Statutes on Contract, Tort and Restitution 2019-2020 - Francis Rose

With a rock-solid reputation for accuracy, reliability, and authority, they remain first-choice for students and lecturers, providing a careful selection of all the up-to-date legislation needed for exams and course use.

Employment Law: a Very Short Introduction - David Cabrelli 2022-03-24

Very Short Introductions: Brilliant, Sharp, Inspiring In today's society, work takes up a vast proportion of the time and energy of ordinary people. Although use of the phrase 'work-life balance' is now commonplace in the media and ordinary conversation, people work longer hours than ever before. However, rather than purely a means to an end in terms of supporting oneself financially, the workplace is a place to develop

skills and talents and build lasting friendships. For these reasons, people want to know about their rights in the workplace. Issues of equal pay, discrimination, discharge/dismissal, and redundancy are prevalent within the media, and there is a growing public appetite for knowledge of the law governing the employment relationship. This Very Short Introduction provides an overview of the main kinds of employment rights and labour laws found in many countries. It unpicks and evaluates some of the assumptions underpinning contemporary attitudes to such rights and laws in order to measure whether they are warranted.

Throughout it also considers the economic, political, sociological, and social justifications for employment rights and laws. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert

authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

How Antitrust Failed Workers - Eric A. Posner 2021

"Antitrust law has very rarely been used by workers to challenge anticompetitive employment practices. Yet recent empirical research shows that labor markets are highly concentrated, and that employers engage in practices that harm competition and suppress wages. These practices include no-poaching agreements, wage-fixing, mergers, covenants not to compete, and misclassification of gig workers as independent contractors. This failure of antitrust to challenge labor-market misbehavior is due to a range of other failures-intellectual, political, moral, and economic. And the impact of this failure has been profound for wage levels, economic growth, and inequality. In light of the recent empirical work, it is urgent for regulators, courts, lawyers, and Congress to

redirect antitrust resources to labor market problems. This book offers a strategy for judicial and legislative reform"--

Blackstone's Statutes on Employment Law 2017-2018 - Richard Kidner 2017

Celebrating 30 years as the market-leading series, Blackstone's Statutes have an unrivalled tradition of trust and quality. With a rock-solid reputation for accuracy, reliability, and authority, they remain first-choice for students and lecturers, providing a careful selection of all up-to-date legislation needed for exams and course use.

Blackstone's Guide to the Sanctions and Anti-Money Laundering Act 2019 - HUGO. LODGE 2020-06-18

An accessible guide to the Sanctions and Anti-Money Laundering Act 2018, covering the background to the Act as well as implementation and recent developments. Combining the full text of the Act, as amended, with expert narrative, this book is an invaluable resource for

all who encounter this legislation.

[Alternative Investments: A Primer for Investment Professionals](#) - Donald R. Chambers 2018

Alternative Investments: A Primer for Investment Professionals provides an overview of alternative investments for institutional asset allocators and other overseers of portfolios containing both traditional and alternative assets. It is designed for those with substantial experience regarding traditional investments in stocks and bonds but limited familiarity regarding alternative assets, alternative strategies, and alternative portfolio management. The primer categorizes alternative assets into four groups: hedge funds, real assets, private equity, and structured products/derivatives. Real assets include vacant land, farmland, timber, infrastructure, intellectual property, commodities, and private real estate. For each group, the primer provides essential information about the characteristics,

challenges, and purposes of these institutional-quality alternative assets in the context of a well-diversified institutional portfolio. Other topics addressed by this primer include tail risk, due diligence of the investment process and operations, measurement and management of risks and returns, setting return expectations, and portfolio construction. The primer concludes with a chapter on the case for investing in alternatives.

Blackstone's Statutes on Commercial and Consumer Law 2019-2020 - Francis Rose 2019-07-19

Celebrating over 30 years as the market-leading series, Blackstone's Statutes have an unrivalled tradition of trust and quality. With a rock-solid reputation for accuracy, reliability, and authority, they remain first-choice for students and lecturers providing a careful selection of up-to-date legislation for exams and course use.

Employment Law Concentrate - Michael Jefferson 2018-08-02

The Employment Law Concentrate is written and designed to help you succeed. The Revolution in Freedoms of Press and Speech - Wendell Bird 2020-02-28

This book discusses the revolutionary broadening of concepts of freedom of press and freedom of speech in Great Britain and in America in the late eighteenth century, in the period that produced state declarations of rights and then the First Amendment and Fox's Libel Act. The conventional view of the history of freedoms of press and speech is that the common law since antiquity defined those freedoms narrowly, and that Sir William Blackstone in 1769, and Lord Chief Justice Mansfield in 1770, faithfully summarized the common law in giving a very narrow definition of

those freedoms as mere liberty from prior restraint and not liberty from punishment after something was printed or spoken. This book proposes, to the contrary, that Blackstone carefully selected the narrowest definition that had been suggested in popular essays in the prior seventy years, in order to oppose the growing claims for much broader protections of press and speech. Blackstone misdescribed his summary as an accepted common law definition, which in fact did not exist. A year later, Mansfield inserted a similar definition into the common law for the first time, also misdescribing it as a long-accepted definition, and soon misdescribed the unique rules for prosecuting sedition as having an equally ancient pedigree. Blackstone and Mansfield were not declaring the law as it had long been, but were leading a counter-revolution about the breadth of freedoms of press and speech, and cloaking it as a summary of a narrow common law doctrine that in fact was nonexistent. That

conflict of revolutionary view and counter-revolutionary view continues today. For over a century, a neo-Blackstonian view has been dominant, or at least very influential, among historians. Contrary to those narrow claims, this book concludes that the broad understanding of freedoms of press and speech was the dominant context of the First Amendment and of Fox's Libel Act, and that it enjoyed greater historical support.

Blackstone's Statutes on Employment Law - Richard Kidner 1998

Blackstone's Statute Books are designed specifically to provide students with a collection of statutes for use throughout their course, and now cover all the main law subjects.

Blackstone's EU Treaties and Legislation 2017-2018 - Nigel G. Foster 2017

Criminality at Work - Alan Bogg 2020-03-12

From the Master and Servant legislation to the Factories Acts of the 19th century, the criminal law has always had a vital yet normatively complex role in the regulation of work relations. Even in its earliest forms, it operated both as a tool to repress collective organizations and enforce labour discipline, while policing the worst excesses of industrial capitalism. Recently, governments have begun to rediscover criminal law as a regulatory tool in a diverse set of areas related to labour law: 'modern slavery', penalizing irregular migrants, licensing regimes for labour market intermediaries, wage theft,

supporting the enforcement of general labour standards, new forms of hybrid preventive orders, harassment at work, and industrial protest. This volume explores the political and regulatory dimensions of the new 'criminality at work' from a wide range of disciplinary perspectives, including labour law, immigration law, and health and safety regulations. The volume provides an overview of the regulatory terrain of 'criminality at work', exploring whether these different regulatory interventions represent politically legitimate uses of the criminal law. The book also examines whether these recent interventions constitute a new pattern of criminalization that operates in preventive mode and is based upon character and risk-based forms of culpability. The volume concludes by reflecting upon the general themes of 'criminality at work' comparatively, from Australian, Canadian, and US perspectives. Criminality at Work is a timely, rich and ambitious piece of scholarship that examines the

many intersections between criminal law and work relations from a historical and contemporary vantage-point.

Honeyball & Bowers' Textbook on Employment Law - Simon Honeyball 2016

Honeyball and Bowers' Textbook on Employment Law is an approach to employment law with strong critical analysis whilst placing it in its wider contexts, in a concise and user-friendly format. Fully updated to take into account the recent significant developments in this area, including the Equality Act 2010, the key topics on most employment law courses are addressed in detail. An extremely clear writing style allows this text to remain accessible and student-focused, while providing detailed explanations and analysis of the law. The text also includes diagrams and chapter summaries throughout to aid student understanding, while further reading

suggestions assist with essay preparation and research. Setting employment law in context, this book considers both industrial and collective issues as well as examining the increasing role of the EU in UK employment law. A separate chapter on human rights also enables students to understand the role human rights legislation plays in the development of employment law. This book also contains cross referencing to Painter & Holmes' Cases & Materials on Employment Law, ensuring that these two texts continue to complement one another and provide the perfect combination of textbook analysis and the most up-to-date cases and materials. This text is accompanied by a free Online Resource Centre (www.oxfordtextbooks.co.uk/orc/honeyball12e/) which contains updates to the law and useful weblinks.
