Back from the abyss, Castaneda encounter his greatest test on the journey towards impeccability and freedom: to outwit and overpower the sorcery of Doña Soledad, herself transformed from a defeated and meaningless life to a warrior, a hunter and a "stalker of power." Now the combat will begin. Now the journey will continue. Till the last danger is faced...the final paradox embraced.

The Red City - Silas Weir Mitchell 1908

Sum - David Eagleman 2009-02-10

At once funny, wistful and unsettling, Sum is a dazzling exploration of unexpected afterlives—each presented as a vignette that offers a stunning lens through which to see ourselves in the here and now. In one afterlife, you may find that God is the size of a microbe and unaware of your existence. In another version, you work as a background character in other people's dreams. Or you may find that God is a married couple, or that the universe is running backward, or that you are forced to live out your afterlife with annoying versions of who you could have been. With a probing imagination and deep understanding of the human condition, acclaimed neuroscientist David Eagleman offers wonderfully imagined tales that shine a brilliant light on the here and now.

Power of the Ancients - Ray Foy 2021-01-27

SWORD, SORCERY, AND TECH IN THE POST-APOCALYPSE. In the 24th century, humanity has fallen to a neo-neolithic level. High technology preserved from the 21st century threatens to complete the world's fall. That tech is a Tesla Trans-dimensional Reactor, a machine that pulls energy from supra-dimensions called "the numinous." This makes it a nearly limitless power source. Properly configured, it can be a directed energy weapon. The city of Dentville's sage, Branch, has long kept the TTR hidden, following the mandate of the shamanic Order of Gaia. But Branch's apprentice, Zane Landstrom, can detect the psychic energy put out by the machine. Factions vie to possess the TTR. When the fight comes down to psychic control, Zane must conquer his teenage angst to save his friends and his city. His success or failure can turn the balance

of power and defeat the Corbyn invaders, create a new empire, or destroy what's left of the post-apocalypse world.

The Power of Ethics - Pete Geissler 2015-04-21

Snapshot, reviewers' comments: Organizations and individuals that behave ethically enjoy a commanding and enduring lead in achieving success ...This book should be mandatory reading for every corporate officer and employee...a practical application of real-world experience...a valuable addition to the ethics discussion. Excerpt: Ethics--or its lack-- sticks its multi-faceted nose into just about every inter-personal activity, or it could and should. But, unfortunately, not everyone understands and practices this truism, and all too few of the folks who lead our institutions are aware of the need for ethics and have made ethical practices an integral part of their everyday activities, although we daresay that most or all say that they do, which of course is lying and, obviously, unethical. So, if ethical behavior is widely thought to be needed and is beneficial to individuals and institutions, why doesn't everyone practice it all the time? The answer is deceptively simple: too many people, unfortunately and to their own detriment, are unaware, aka ignorant, of the need for or positive consequences of ethical behavior. On the other side of that same coin, too many people, unfortunately and to their own detriment, are blissfully unaware of the negative consequences of unethical behavior, blinded as they could be by selfishness, greed, and the need for control over others. The operative words are unfortunately and to their own detriment.

Blood of Requiem (Epic Fantasy, Dragons, Free Fantasy Novel) - Daniel Arenson 2011-05-01

Free epic fantasy novel! Song of Dragons -- a fantasy trilogy of blood, steel, and dragonfire. For fans of epic fantasy like A Game of Thrones and The Lord of the Rings. BOOK ONE: BLOOD OF REQUIEM Long ago stood the kingdom of Requiem, a land of men who could grow wings and scales, breathe fire, and take flight as dragons. Requiem ruled the sky. But Dies Irae, a tyrant leading an army of griffins, hunted Requiem's people, burned their forests, and shattered their temples. Requiem fell. This ancient land now lies in ruin, its halls crumbled, its cries silenced, its skeletons littering the burned earth. In the wilderness, a scattering of survivors lives in hiding. Tuning the Student Mind - Molly Beauregard 2020-06-01

How can we rethink teaching practices to include and engage the whole student? What would student experience look like if we integrated silence and feeling with empirical analysis? Tuning the Student Mind is the story of one teacher's attempt to answer these questions by creating an innovative college course that marries the spiritual and the theoretical, integrating meditation and self-reflection with more

conventional academic curriculum. The book follows Molly Beauregard and her students on their intellectual and spiritual journey over the course of a semester in her class, "Consciousness, Creativity, and Identity." Interweaving personal stories, student writing, and Beauregard's responses, along with recommendations for further reading and a research appendix, it makes the case for the transformative power of consciousness-centered education. Written in a warm, engaging voice that reflects Beauregard's teaching style, *Tuning the Student Mind* provides an accessible, step-by-step template for other educators, while inviting readers more broadly to reconnect with the joy of learning in and beyond the classroom.

Principle Or Profit - Ryheim Scott 2016-01-06

Ever since Malcolm James was a child, cold blooded murder has played a significant part in his life. Whether it be from both of his parents being brutally assassinated right in front of him, or having blood on his own hands, murder has been his reality. Constantly haunted and consumed by his own actions, the only thing stronger than Malcolm's thirst for blood, is his hunger for money and power! Flooding the crime ridden and gang infested inner city streets of Denver, Colorado with Cocaine and pounds of Kush, grindin, as his "Gang Green" squad of misfits commit robberies, mayhem and murder while on their way to the top. However, the sudden murder of Malcolm's friend and right hand man, not only cause the homicide rate to shoot through the roof, but also derails their mission. All while Malcolm battles with a dark secret brewing deep down inside, at which only "Tear Drop and Buds" are able to recognize and tame. Both OG's in the game graduating to bosses of a mountain west and west coast black underworld syndicate, whom eventually put Malcolm on the payroll as a triggerman, which of course leads to more problems, money, women, and deadly consequences. Why Principle or Profit you ask? Because nine times outta ten every time a life is taken out in these streets, it's a direct result of one or the other. To profit is self explanatory; however, principle could be ones personal belief, or even a weak emotion like jealousy and greed, to killing over territory, a debt, turf, stripes, or other principles of the streets. At the end of the day we all gotta go, so which one are you willing to die for?

Lost Tales of Power: Volume 1 - The Enemy of an Enemy - Vincent Trigili 2015-03-11

Vydor is riding a wave of success, but now his ship, the Dragon Claw, is being sent to investigate a mysterious event deep within the Empire's space. A secret research colony has fallen silent and the forces sent to investigate were never heard from again. A new enemy has come to the Empire bringing with it dark powers that were abandoned long before the Empire was born. Powers that were thought to be legends and myths. It's up to Vydor to keep this force at bay and protect the Empire, but it may come at the cost of his faith and shake the foundations of the Empire itself. The Lost Tales of Power is an open-ended series of Sci-Fi/Fantasy books set in a vast multiverse featuring a mixture of traditional fantasy and science fiction elements.

Pleasure, Power and Technology - Sally Hacker 2017-01-06

How are the pleasures of making things work turned into processes of domination? Are there links between gender and military institutions? Does eroticism have something to do with engineering? In this book, first published in 1989, Sally Hacker explores the answers to these and other provocative questions about our attitudes toward work and leisure. Drawing from her broad experience as a sociologist, feminist and student of engineering, Hacker helps us to understand the impact of technology on our society and how feminist principles can be used to make work life more egalitarian and more humane. In the first part of the book, the author examines various examples of the masculinization of power, ranging from military institutions to the mechanisation of farm labour, computer technology and affirmative action. In the second

part, Hacker presents the results of her research on Mondragon, the world's largest cooperative workplace, located in Spain. Hacker reaches surprising conclusions about gender and technology at Mondragon, where, in spite of the community's egalitarian philosophy, gender inequality was as pervasive as in capitalist and socialist systems.

Power of Silence - Carlos Castaneda 2013-03-26

Millions of readers worldwide have treasured the visionary brilliance of Carlos Castaneda, who first explore the world of the Yaqui Indian sorcerer in *The Teachings of don Juan*. Now, at last, don Juan returns in *The Power of Silence* -- wise, infuriating, capable of working miracles and playing practical jokes, but always seeking the wisdom of the warrior. *The Power of Silence* is Castaneda's most astonishing book to date -- a brilliant flash of knowledge that illuminates the far reaches of the human mind. Through don Juan's mesmerizing stories, the true meaning of sorcery and magic is finally revealed. Honed in the desert of Sonora, the visions of don Juan give us the vital secrets of belief and self-realization that are transcendental and valid for us all. It is Castaneda's unique genius to show us that all wisdom, strength, and power lie within ourselves -- unleashed with marvelous energy and imaginative force in the teachings of don Juan -- and in the writings of his famous pupil, Carlos Castaneda

Satanic Witchcraft - Victor Barrett 2017-11

Witches are generally feared, sometimes respected and usually hated outsiders moving in the shadows of the world and inconspicuously influencing people and events in accordance with their own ends or the objectives of the Coven to which they may belong. Witches are the incarnated individual and collective expression of humanity's shadow self and as such we are the natural enemy of mankind. The Satanic Witch and Warlock are anonymous wielders of power who delight in all things carnal and of the earth and who are directly connected to the elemental sources of power; power used to bring ruin to those who oppose them and to hasten the decline of ordinary humanity's ignorant and misguided ambitions in the beautiful world they systematically destroy. There have always been certain individuals born and walking among the ordinary herd of humanity; creatures that are born with and contain within themselves an unusual predisposition to attract an extraordinary, indefinable force. They have the mysterious ability to influence events and ordinary people in a peculiar and sometimes intangible way through the direct application of this unknown power.

Yea Dre still had his bad habits, but Martice know he was faithful even with all the flirting... Read this compelling short story to find out where things lead with Martice in "Hotlanta."

The Ylem - Tatiana Vila 2011-05-05

An ancient book, a seventeen-year-old girl and an exotic boy from a supernatural world hold the key to freedom for a long-oppressed race, but that freedom could come at the cost of the human world. Seventeen-year-old Kalista is suffering from a broken heart, so when her playwright father proposes they move their lives from New York to New Mexico because he is in need of inspiration Kalista is 100% on-board with him. New Mexico proves to be the perfect balm for her wounds and she is just starting to feel some of her old spunk when Tristan Winfield comes into her life and pulls all of her barriers down. Kalista is captivated by Tristan's unusual silver eyes and feels an inexplicable connection to him, which begins to manifest itself in her dreams with bizarre images of a waterfall and an orb. While searching for an explanation for her troubling dreams, Kalista discovers an ancient book which holds the secrets of a supernatural race of creatures. But when Killings hit town, she realizes her finding has come at a high price. She's in the middle of a power struggle now, and a secret seems to be wrapped within the pages of that book. A secret she's part of...

Spider Woman's Web - Susan Hazen-Hammond 1999-11-01

Power of a Woman - Robert Fripp 2007-03-15

Description: The feminine spirit soars in *Power of a Woman* as Eleanor of Aquitaine, toughest of medieval women, relates her memoirs: of caring and loyalties, triumphs and trials; of her marriages to two warring kings, Louis VII of France, then Henry II of England. She speaks intimately, emotionally of her too many quarreling sons, including Richard the Lionheart and John, of Magna Carta fame. A patron of troubadours, Eleanor commissions poetry as propaganda. She regales her readers with intrigues, crusades and tales of ruthless diplomacy against barons, kings, popes and Thomas Becket, while confessing her loves, her hopes for her many children, and their fates. In midlife her sense of community leads her to set up her Court of Ladies to balance male-dominated worlds of Church and state. Her mission: to empower women with the Grace she enjoyed as the femme fatale of her day. Eleanor's power of a woman lets her pluck triumph from her defeats as well as her victories. Reviews: Those of you who know me know that for me to give a work of historical fiction a high rating, it has to offer something extraordinary. This Robert Fripp has done in *Power of a Woman*. In this highly unusual fictional autobiography, Mr. Fripp tells Eleanor of Aquitaine's story in her own words, as if she is dictating to a young lady in her household. *Power of a Woman*: review by Melissa Snell, Your Guide to Medieval History at About.com, which posts her full review at: http://historymedren.about.com/od/ewho/fr/frripp_eleanor.htm -Melissa Snell, Your Guide to Medieval History at About.com Finally! *Power of a Woman* brings us an autobiography of Eleanor of Aquitaine that is accessible and entertaining. Telling her story in Eleanor's voice, Robert Fripp brings us medieval Europe through her eyes. At eighty-one, she hasn't much time. We feel her urgency, the chill in her bones. Impeccable research and storytelling combine to make this a must for all who want to know more about this fascinating woman. Her definition of love survives to this day! What a great read. This is so gripping. I got so totally caught up in this story one night that I woke up with images of Eleanor in my mind, and Kate Hepburn's voice in my ear. I love this tale. -Veronica Prior, Round Rock, TX *Power of a Woman* is gripping in its wealth of detail. It makes me feel like I am in the midst of the action. Of all books I have read, this is the only one that makes me experience what it must have felt like to have lived through those troublesome, exciting times. Such a wonderful, exciting book! -Lady Shirley Cassidy, Dublin, Ireland Author Bio: British-born Robert Fripp gained a medieval outlook from five years on a choral scholarship in the choir of Salisbury Cathedral, the model for *Lord of the Flies*. He went on to study earth sciences before producing current affairs television for CBC in Toronto. He also: created IBM Visions magazine about high-performance computing; worked for Japan's public broadcaster; and wrote a book with great reviews, *Let There Be Life*, about cosmic and organic origins. *Power of a Woman* tells the memoirs of Eleanor of Aquitaine. Robert Fripp is hard to typecast; RobertFripp.ca may help.

All Elliott has to do is use the Orb of Oblivion, the most powerful weapon in the universe. Unfortunately, he blew it to pieces months ago! But that's just the beginning of Elliott's problems, as he's swept up in an interstellar adventure far from home complete with extraterrestrial enemies, inter-galactic crime lords, and cosmic beings beyond his wildest imagination. With the fate of the universe at stake, will Elliott rise up to be the epic hero he's always wanted to be? Or, will he always be just an Epic Zero?

Castaneda for Dummies - MS Jaime Paris 2016-10-05

This is not a regular for dummies manual. The book is titled that, if only to suggest it's simplistic nature of what is actually a complex arena. It is a simple bonafide tale of power, by myself, who is involved in a shamanic apprenticeship. My benefactor was an apprentice of someone that is in the same lineage of warriors that were written about by Carlos Castaneda. To my knowledge this was someone that Carlos was not aware of. My teacher's teacher had more direct contact with Don Juan Matus and Don Genaro. I am not any kind of expert on Carlos or his work. I am a person of some experience in the subjects he spoke about. I am a person with my own experiences of that same subject matter. I even recall my teachers teacher saying not to get too hung up in those books. He wasn't devaluing them in the least but only pointing out that they have their tales of power and you have yours. It is in the spirit of this invitation that you read this as yet another guidepost in your own journey into the unknown. His works and the works of his varied associates have been and will always be a beacon of light on the subject. This is a story of my introduction into meeting members of a shaman party. It is the essence of how their energetic magnetism entranced me in heightened awareness as their knowledge was stored in me for over two decades. This is essentially a compilation of my shamanic benefactor Jonah's teachings, as passed down from his teacher. My journey thus far into the unknown has revealed to me that lucid dreaming is a reality, and that the human capability to experience a separate reality is in fact a reality. I know enough to know that I barely know anything, and that there is a world that exists where your energy can be harnessed to grant you other levels of waking state reality. I was very blessed to meet these people. This is a tale of abilities that can be cultivated in one's own exploration of human consciousness. It is to recognize the illuminating earth for the sentient being that she is, and that there is magical enchantment, love and power, available for us to become aware of. It is about feeling the magic garden around us in both the most simple and dramatic fashions. It is about respect for power and for the earth. It is a gift of power what Carlos Castaneda left for us in his books. My teacher felt that his ability to write in heightened awareness aided in his genius. His depiction of the knowledge from Don Juan Matus is something of great fortune that he gave us. I can tell you, my experience of my teacher and of his teacher have been the peak moments of my lifetime. When I sit back and think of what I saw and how I felt in conversation with my Teachers teacher, there is a calmness and a feeling of shock at the same time. The depth of heightened awareness was full blown even in comparison to the years of it with my teacher. There was an energetic magnitude that words do not symbolize.

The Lost Tales of Power - Vincent Trigli 2014-05-17

The Lost Tales of Power is a collection of novels that describe an immense persistent multiverse. The books are a mixture of standalone and miniseries all set in the same universe with overlapping and intertwining story lines. Included in this collection is the full text of *Enemy of an Enemy*, *The Academy*, and *Rise of Shadows*. In addition to the three complete novels, included is a brief introduction to each book. *Enemy of an Enemy*: Everything seemed to be going Vydor's way, until the Dragon Claw was sent on a rather unusual assignment to investigate a minor incident deep within the Empire's space. That would send Vydor down a path filled with fantastically powerful enemies and extraordinary friends that would obliterate everything he ever understood to be true and threaten the very foundations of the Empire itself. *The Academy*: The Empire had fallen, and the Imperial Navy was disbanded leaving James with nothing but his nightmares to remind him of the role he once played in The Great War. James must now face his new life in a new era where science and technology must share the stage with sorcery and wizardry, and a new ever-present shadow of evil lurks over the remnants of the once great Empire. *Rise of Shadows*: In *The Enemy of an Enemy*, darkness came to the Empire, and magic was born from the bowels of men's fears. The great and mighty Imperial Navy had to face and overcome unspeakable horrors. In *The Academy*, fledgling wizards

were gathered and trained to fight back and keep the light, while the darkness laid in wait, biding its time and silently gathering its forces. Now as warriors of light, those wizards must begin to make a stand against the rising tide of darkness or watch their realm be overcome! The Lost Tales of Power is an open-ended series of Science-Fantasy books set in a vast multiverse. Lost Tales Series so far: Volume I - The Enemy of an Enemy Volume II - The Academy Volume III - Rise of Shadows Volume IV - Resurgence of Ancient Darkness Volume V - The Sac'a'rith Volume VI - Spectra's Gambit Volume VII - TBA Keywords: magic, space, space opera, science fantasy, space exploration, military space, future, military sci-fi, science fiction series, aliens, adventure, war, navy, series, science fiction novels, science fiction ebooks

The Dragon Queen - Alice Borchardt 2002-02-19

Arthur turned and strode toward us. He was magnificent, and I will never forget that, in that moment, I first loved him. And I believe--had I known what the future held for us: all the trouble, torment, battle, and grief of our lives--I still believe that I would have yielded my heart into his keeping as I did then . . . In a sweeping epic of the imagination, Alice Borchardt enters the wondrous realm of Arthurian legend and makes it her own. The Dragon Queen is the first volume in a trilogy of novels that boldly re-imagines Camelot--and casts Guinevere as a shrewd, strong-willed, magical warrior queen. Born into a world of terrible strife, where war is constant and weapons are never far from the hands of men or women, Guinevere, daughter of a mighty pagan queen, is a threat to her people and a prize to the dreaded sorcerer Merlin. Sent into hiding, she grows up under the protection of a shapeshifting man-wolf and an ornery Druid. But even on the remote coast of Scotland, where dragons feed and watch over her, she is not safe from the all-seeing High Druid Merlin. He knows the young beauty's destiny, and he will stop at nothing to prevent what has been foretold. For if Guinevere becomes Queen and Arthur, King, they will bring a peace to the land that will leave the power-hungry Merlin a shriveled magician in a weary cloak. Yet Guinevere possesses power of her own--dazzling power to rival even that of Merlin. Summoned from her home by forces she cannot fathom, she travels from the Underworld to an Otherworld of the Past, at each step calling on ancient powers to aid her way. When young Guinevere proves her mettle to an embarrassed Merlin, even her faithful dragon protectors cannot prevent the evil that the sorcerer rains down. Seeking revenge, Merlin banishes Arthur to a world from which the only escape is death. Now Guinevere must face Merlin's wrath without him--and prove that she is worthy of being Arthur's Queen. From the glass-roofed Great Hall at Tintigal to the lush garden forts of Wales, Alice Borchardt details the travels of Guinevere in a rich fabric of prose. The Dragon Queen is a novel of great emotional depth, timeless romance, and soul-stirring adventure.

The 48 Laws Of Power - Robert Greene 2010-09-03

THE MILLION COPY INTERNATIONAL BESTSELLER Drawn from 3,000 years of the history of power, this is the definitive guide to help readers achieve for themselves what Queen Elizabeth I, Henry Kissinger, Louis XIV and Machiavelli learnt the hard way. Law 1: Never outshine the master Law 2: Never put too much trust in friends; learn how to use enemies Law 3: Conceal your intentions Law 4: Always say less than necessary. The text is bold and elegant, laid out in black and red throughout and replete with fables and unique word sculptures. The 48 laws are illustrated through the tactics, triumphs and failures of great figures from the past who have wielded - or been victimised by - power. _____ (From the Playboy interview with Jay-Z, April 2003) PLAYBOY: Rap careers are usually over fast: one or two hits, then styles change and a new guy comes along. Why have you endured while other rappers haven't? JAY-Z: I would say that it's from still being able to relate to people. It's natural to lose yourself when you have success, to start surrounding yourself with fake people. In *The 48 Laws of Power*, it says the worst thing you can do is build a fortress around yourself. I still got the people who grew up with me, my cousin and my childhood friends. This guy right here (gestures to the studio manager), he's my friend, and he told me that one of my records, Volume Three, was wack. People set higher standards for me, and I love it.

Tales of Nevèrÿon - Samuel R. Delany 2014-01-07

Hugo and Nebula Award-winning author Samuel R. Delany's epic fantasy—the first in a series—explores power, gender, and the nature of civilization. A boy of the bustling, colorful docks of port Kolhari, during a political coup, fifteen-year-old Gorgik, once his parents are killed, is taken a slave and transported to the government obsidian mines at the foot of the Faltha mountains. When, in the savagely primitive land of Nevèrÿon, finally he wins his freedom, Gorgik is ready to lead a rebellion against the rulers of this barely civilized land. His is the through-story that, now in the background, now in the foreground, connects these first five stories, in *Tales of Nevèrÿon*—and, indeed, all the eleven stories, novellas, and novels that comprise Delany's epic fantasy series, *Return to Nevèrÿon*, where we can watch civilization first develop money, writing, labor, and that grounding of all civilizations since: capital itself. In these sagas of barbarism, new knowledge, and sex, you'll find far more than in most sword-and-sorcery. They are an epic feat of language, an ironic analysis of the foundations of civilization, and a reminder that no weapon is more powerful than a well-honed legend. This "eminently readable and gorgeously entertaining" (The Washington Post Book World) novel reads "as if Umberto Eco had written about Conan the Barbarian" (USA Today). This ebook features an illustrated biography of Samuel R. Delany including rare images from his early career.
