*Calvinism in Europe, 1540-1620* - Andrew Pettegree 1996-07-13  
Calvinism was the most dynamic and disruptive religious force of the later sixteenth century. Its emergence on the international scene shattered the precarious equilibrium established in the first generation of the Reformation, and precipitated three generations of religious warfare. This collection of essays probes different aspects of this complex phenomenon at a local level. Contributors present the results of their detailed work on societies as diverse as France, Germany, Highland Scotland and Hungary. Among wider themes approached are the impact of Calvin's writings, Calvinism in higher education, the contrasting fates of reformed preachers in town and country, Calvinist discipline and apocalyptic thought, and the shadowy affinity of merchants and scholars who formed a critical part of the 'Calvinist International'.

*Game of Queens* - Sarah Gristwood 2016-11-29

"Sarah Gristwood has written a masterpiece that effortlessly and enthrallingly interweaves the amazing stories of women who ruled in Europe during the Renaissance period."--Alison Weir  
Sixteenth-century Europe saw an explosion of female rule. From Isabella of Castile, and her granddaughter Mary Tudor, to Catherine de Medici, Anne Boleyn, and Elizabeth Tudor, these women wielded enormous power over their territories, shaping the course of European history for over a century. Across boundaries and generations, these royal women were mothers and daughters, mentors and protégées, allies and enemies. For the first time, Europe saw a sisterhood of queens who would not be equaled until modern times. A fascinating group biography and a thrilling political epic, *Game of Queens* explores the lives of some of the most beloved (and reviled) queens in history.

**Reformation** - Diarmaid MacCulloch 2004-09-02

The Reformation was the seismic event in European history over the past 1000 years, and one which tore the medieval world apart. Not just

European religion, but thought, culture, society, state systems, personal relations - everything - was turned upside down. Just about everything which followed in European history can be traced back in some way to the Reformation and the Counter-Reformation which it provoked. The Reformation is where the modern world painfully and dramatically began, and MacCulloch's great history of it is recognised as the best modern account.

**History of the Reformation in the Time of Calvin** - Merle D'Aubigne, J. H. 1863

Merle D'Aubigne published two series of historical works for which he is most famous. The first was *The History of the Reformation in the Sixteenth Century*, a five volume set containing twenty books and covering every country in Europe and every major figure of that time. He

stated, "I believe that the Reformation is a work of God; this must have been already seen. Still, I hope to be impartial in tracing its history. Of the principal Roman Catholic actors in this great drama, for example, of Leo X, Albert of Magdeburg, Charles V, and Doctor Eck—I believe I have spoken more favourably than the greater part of historians have done." The second series was *The History of The Reformation in the Times of Calvin* and was originally published as sixteen books bound in eight volumes. Each volume was published and released as the author completed the books which were contained in that volume. Therefore, each volume (with the exclusion of volume 2) has its own introduction. The volumes were broken down thusly: Volume 1 contained Book 1 and part of 2, Volume 2 contained the remainder of book 2 and all of book 3, Volume 3 contained books 4 and 5, Volume 4 contained books 6 and 7, Volume 5 contained books 8 and 9, Volume 6 contained book 10 and part of 11, Volume 7 contained the remainder of book 11 and all of books 12 and 13, and Volume 8 contained books 14, 15, and 16.

**Reformation Women** - Rebecca VanDoodewaard 2017-04-25

Women are an essential element in church history. Just as Deborah, Esther, and the New Testament Marys helped shape Bible history, so the women of the Reformed church have helped to make its history great. In *Reformation Women*, Rebecca Vandoodewaard introduces readers to twelve sixteenth-century women who are not as well known today as contemporaries like Katie Luther and Lady Jane Grey. Providing an example to Christians today of strong service to Christ and His church, these influential, godly women were devoted to Reformation truth, in many cases provided support for their husbands, practiced hospitality, and stewarded their intellectual abilities. Their strength and bravery will inspire you, and your understanding of church history will become richer as you learn how God used them to further the Reformation through their work and influence. oppose the Reformation and let her kingdom and her people remain blind to the truth, never knowing the Bible fully. Jeanne chose to do what was right. She was a princess who knew her mind, and she was not afraid of anyone- not even the Pope in the Vatican. Her bravery, faith and intelligence helped spread the Gospel and ensured that French people had access to the Bible in her corner of the world.
