Crystal Healing for the Heart - Nicholas Pearson 2017-09-12

A gemstone-supported healing journey guided by your heart • Offers hands-on exercises and meditations with more than 60 gemstones and minerals, each a specific heart-healing stone • Explores the anatomy of the physical heart and its spiritual symbolism • Shows how your heart is itself a sensory organ and coordinator of your energy field • Explains how to fortify your heart with emotional strength, reclaim your will, cultivate forgiveness, and nurture romantic relationships in a meaningful way The word heart can be used in so many different ways. We talk about putting our hearts into our work and wearing our hearts on our sleeves. There are people who are warmhearted and those willing to heal your heartache. Each of us has likely known the pangs of conflict between the head and heart. For all the trials and pains of daily living, many people are taught to distance themselves from their hearts in order to avoid folly and failure. The truth is that only in embracing the language of the heart can we truly know who we are and where we are going. Focusing on the role of crystals in the journey to wholeheartedness, Nicholas Pearson reveals how the heart, as the literal and metaphorical center of one's being, has the power to lead us to greater balance, healing, and happiness. He explores the anatomy of the physical heart and its spiritual symbolism and shows how its four chambers are related to the four elements. Offering hands-on exercises and meditations with more than 60 gemstones and minerals, each a specific heart-healing stone, the author explains how to build a better relationship with the heart as your spiritual center as well as how to fortify your heart with emotional strength, reclaim your will, and cultivate forgiveness. He shows how your heart is the coordinator of your energy field and is itself a sensory organ and information processor, working to enact healing on many levels. He also looks at the heart chakra and how the higher heart chakra is evolving. Providing stone-supported lessons for applying a heart-centered approach in daily life, from expressing yourself to nurturing romantic relationships in a meaningful way, the author shows how the journey to wholeness and wholeheartedness isn't always easy, but it cannot be undertaken without first spending time to hear the soft, gentle voice of your heart and embrace the transformational force of inner alchemy known as love.

Crystals for Energy Healing - Ashley Leavy 2017-05

This comprehensive sourcebook of 100 essential crystals for spiritual healing and all-round protection is packed with practical advice and fascinating information. Not only will you find out about the crystal's attributes, legendary power, and holistic benefits, but also about each crystal's specific energy to enhance, heal, or protect you. Crystals are the most natural, empowering force we can work with to promote spiritual balance and protect us from exposure to physical or psychic negativity. For thousands of years, crystals have been used for their powerful healing energy and to protect the wearer from negative forces. The ancient Taoists believed sacred stones vibrated with 'chi' or universal energy; the Greeks and Romans believed they embodied the gods and the planets; indigenous peoples believed they were alive with spirit. Black stones like obsidian have been used for centuries to protect from evil, and amethyst is still considered the power stone of spirituality, creating a protective shield around the body and promoting deeper levels of awareness. *Crystals for Energy Healing* includes introductory chapters on what crystals are, both their scientific legacy and their magical one; caring for and choosing crystals; and the importance of chakras and color in spiritual healing. There is also a practical chapter about working with these stones specifically chosen for protection and spiritual healing. The alphabetical sourcebook section that follows provides information about the uses and benefits of each crystal listed.
