**A Town of Empty Rooms** - Karen E. Bender 2013-01-01

Karen E. Bender burst on to the literary scene a decade ago with her luminous first novel, *Like Normal People*, which garnered remarkable acclaim. *A Town of Empty Rooms* presents the story of Serena and Dan Shine, estranged from one another as they separately grieve over the recent loss of Serena's father and Dan's older brother. Serena's actions cause the couple and their two small children to be banished from New York City, and they settle in the only town that will offer Dan employment: Waring, North Carolina. There, in the Bible belt of America, Serena becomes enmeshed with the small Jewish congregation in town led by an esoteric rabbi, whose increasingly erratic behavior threatens the future of his flock. Dan and their young son are drawn into the Boy Scouts by their mysterious and vigilant neighbor, who may not have their best intentions at heart. Tensions accrue when matters of faith, identity, community, and family all fall into the crosshairs of contemporary, small-town America. *A Town of Empty Rooms* presents a fascinating insight into the lengths we will go to discover just where we belong.

**The Red City** - Silas Weir Mitchell 1908

[Man in the Empty Suit](#) - Sean Ferrell 2013-02-05

"Part murder mystery and part mind-bending time-travel story. . . . Full

of imagination" (Booklist). Say you're a time traveler and you've already toured the entirety of human history. After a while, the world might lose a little of its luster. That's why this time traveler celebrates his birthday partying with himself. Every year, he travels to an abandoned hotel in New York City in 2071, the hundredth anniversary of his birth, and drinks twelve-year-old Scotch (lots of it) with all the other versions of who he has been and who he will be. Sure, the party is the same year after year, but at least it's one party where he can really, well, be himself. The year he turns thirty-nine, though, the party takes a stressful turn. Before he even makes it into the grand ballroom for a drink he encounters the body of his forty-year-old self, dead of a gunshot wound to the head. As the older versions of himself at the party point out, the onus is on him to figure out what went wrong—he has one year to stop himself from being murdered, or they're all goners. As he follows clues that he may or may not have willingly left for himself, he discovers rampant paranoia and suspicion among his younger selves, and a frightening conspiracy among the Elders. Most complicated of all is a haunting woman, possibly named Lily, who turns up at the party this year—the first person he's ever seen there besides himself. For the first time, he has something to lose. Here's hoping he can save some version of his own life. "A clever enough premise that it could be straight out of a Philip K. Dick or Kurt Vonnegut novel." —Pittsburgh Post-Gazette "A dark hybrid of Paul Auster and the film *Memento*, complete with a mysterious love interest . . . Best of all, however, is the evocation of mid-21st century New York as a melancholy, dilapidated place high in entropy, cluttered with ruined buildings, and weirdly infested with parrots." —Toronto Star

*The Heavens Are Empty: Discovering the Lost Town of Trochenbrod* - Avrom Bendavid-Val 2011-11-16

A magical place, a lost history: Trochenbrod, the setting for *Everything is Illuminated*, is now rediscovered for a new generation. In the 19th century, nearly five million Jews lived in the Pale of Settlement. Most lived in shtetls—Jewish communities connected to larger towns—images of which are ingrained in popular imagination as the shtetl Anatevka from *Fiddler on the Roof*. Brimming with life and tradition, family and faith, these shtetls existed in the shadow of their town's oppressive anti-Jewish laws. Not Trochenbrod. Trochenbrod was the only freestanding, fully realized Jewish town in history. It began with a few Jewish settlers searching for freedom from the Russian Czars' oppressive policies, which included the forced conscriptions of one son from each Jewish family household throughout Russia. At first, Trochenbrod was just a tiny row of houses built on empty marshland in the middle of the Radziwill Forest, yet for the next 130 years it thrived, becoming a bustling marketplace where people from all over the Ukraine and Poland came to do business. But this scene of ethnic harmony was soon shattered, as Trochenbrod vanished in 1941—her residents slaughtered, her homes, buildings, and factories razed to the ground. Yet even the Nazis could not destroy the spirit of Trochenbrod, which has lived on in stories and legends about a little piece of heaven, hidden deep in the forest. Bendavid-Val, himself a descendant of Trochenbrod, masterfully preserves and fosters the memory of this city, celebrating the vibrant lives of her people and her culture, proving true the words of one of Trochenbrod's greatest poets, Yisrael Beider: I beg you hold fast to these words of mine. After this darkness a light will shine

**Empty Mansions** - Bill Dedman 2014-04-22

#1 NEW YORK TIMES BESTSELLER NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Janet Maslin, The New York Times • St. Louis Post-Dispatch When Pulitzer Prize-winning journalist Bill Dedman noticed in 2009 a grand home for sale, unoccupied for nearly sixty years, he stumbled through a surprising portal into American history. *Empty Mansions* is a rich mystery of wealth and loss, connecting the Gilded Age

opulence of the nineteenth century with a twenty-first-century battle over a \$300 million inheritance. At its heart is a reclusive heiress named Huguette Clark, a woman so secretive that, at the time of her death at age 104, no new photograph of her had been seen in decades. Though she owned palatial homes in California, New York, and Connecticut, why had she lived for twenty years in a simple hospital room, despite being in excellent health? Why were her valuables being sold off? Was she in control of her fortune, or controlled by those managing her money? Dedman has collaborated with Huguette Clark's cousin, Paul Clark Newell, Jr., one of the few relatives to have frequent conversations with her. Dedman and Newell tell a fairy tale in reverse: the bright, talented daughter, born into a family of extreme wealth and privilege, who secrets herself away from the outside world. Huguette was the daughter of self-made copper industrialist W. A. Clark, nearly as rich as Rockefeller in his day, a controversial senator, railroad builder, and founder of Las Vegas. She grew up in the largest house in New York City, a remarkable dwelling with 121 rooms for a family of four. She owned paintings by Degas and Renoir, a world-renowned Stradivarius violin, a vast collection of antique dolls. But wanting more than treasures, she devoted her wealth to buying gifts for friends and strangers alike, to quietly pursuing her own work as an artist, and to guarding the privacy she valued above all else. The Clark family story spans nearly all of American history in three generations, from a log cabin in Pennsylvania to mining camps in the Montana gold rush, from backdoor politics in Washington to a distress call from an elegant Fifth Avenue apartment. The same Huguette who was touched by the terror attacks of 9/11 held a ticket nine decades earlier for a first-class stateroom on the second voyage of the Titanic. *Empty Mansions* reveals a complex portrait of the mysterious Huguette and her intimate circle. We meet her extravagant father, her publicity-shy mother, her star-crossed sister, her French boyfriend, her nurse who received more than \$30 million in gifts, and the relatives fighting to inherit Huguette's copper fortune. Richly illustrated with more than seventy photographs, *Empty Mansions* is an enthralling story of an eccentric of the highest order, a last jewel of the Gilded Age who lived life on her own terms.
