**From Goethe to Gundolf** - Roger Paulin 2021-08-24

From Goethe to Gundolf: Essays on German Literature and Culture is a collection of Roger Paulin's groundbreaking essays, spanning the last forty years. The work represents his major research interests of Romanticism and the reception of Shakespeare in Germany, but also explores a broader range of themes, from poetry and the public memorialization of poets to fairy stories - all meticulously researched, yet highly accessible. As a comprehensive examination of German literary history in the period 1700-1900, the collection not only includes accounts of the lives and work of Goethe, Schiller, the Schlegels, and Gundolf (amongst others), serving to nuance our understanding of these figures in history, but also considers diverse (and often underexplored) topics, from academic freedom to the rise of travel literature. The essays have been reformulated, corrected, and updated to add references to recent works. However, the core foundations of the originals remain, and just as when they were first published, the value of these essays - to researchers, students, and all those who are interested in German

literary history - cannot be overstated.

**Big Data** - Hrushiksha Mohanty 2015-06-29

This book is a collection of chapters written by experts on various aspects of big data. The book aims to explain what big data is and how it is stored and used. The book starts from the fundamentals and builds up from there. It is intended to serve as a review of the state-of-the-practice in the field of big data handling. The traditional framework of relational databases can no longer provide appropriate solutions for handling big data and making it available and useful to users scattered around the globe. The study of big data covers a wide range of issues including management of heterogeneous data, big data frameworks, change management, finding patterns in data usage and evolution, data as a service, service-generated data, service management, privacy and security. All of these aspects are touched upon in this book. It also discusses big data applications in different domains. The book will prove useful to students, researchers, and practicing database and networking engineers.

**Handbook of Economic Sociology for the 21st Century** - Andrea Maurer 2021-05-08

This handbook provides an overview on major developments that

occurred in the field of economic sociology after its rebirth since the 1980s in the US. It offers new insights on the uniqueness of European economic sociology compared to US economic sociology which emerged at the end of the 20th century. The handbook presents economic sociology as a developing field which started with certain foundations as new economic sociology, widening the perspective by introducing social factors thereby focusing more on general belief systems, social forms of coordination and the relationships between society and the economy. It offers an outstanding portrait of the research field helping to identify major foundations and trajectories as well as new research perspectives for a globalized economic sociology. This makes the handbook appeal to specialized researchers of the field, researchers from other disciplines interested in economic phenomena, as well as graduate and postgraduate students.

Das 1 x 1 der Präsentation - Karl-Christof Renz 2016-02-26

Dieses Buch zeigt auf unterhaltsame Weise auch dem bisher Unerfahrenen, wie eine Präsentation pragmatisch vorbereitet und mit medialer Unterstützung durchgeführt werden kann. Behandelt werden graphische Gestaltung, Lern- und Arbeitstechniken sowie Gesprächsführung und Rhetorik. Berücksichtigt werden dabei Aspekte der Disziplinen Arbeitswissenschaft und Psychologie. Aber auch Kenntnisse wissenschaftlichen Arbeitens, z.B. Quellensuche, Quellenbewertung und Zitieren, sowie statistische Grundkenntnisse gehören zu einer Präsentation, insbesondere in wissenschaftlichen Bereichen. Die Fähigkeit, professionell zu präsentieren, ist nicht nur in der Praxis, sondern auch in der Wissenschaft grundlegend. Der Autor ist überzeugt: Mit dem richtigen Handwerkszeug kann jeder lernen zu präsentieren - und das kann sogar Spaß machen. Die zweite Auflage wurde überarbeitet und erweitert.

**Theology and Church** - Walter Kasper 1989

This new collection of essays by West Germany's most distinguished Roman Catholic theologian covers the two broad areas indicated in the title. The first half discusses the Christian understanding of God; the place of Christianity in the modern world; the modern sense of freedom

and history and the theological definition of human rights; christology and anthropology; and the possibilities of a new spiritual christology in a trinitarian setting. The second half discusses various aspects of the church: as universal sacrament of salvation; as the place of truth and as communion. Two final studies examine the continuing challenge of the Second Vatican Council and the fundamental form and meaning of the eucharist. An extended introduction considers systematic theology today and the tasks which confront it.

**Themba** - Lutz van Dijk 2011-10-31

A hard-hitting, and emotional story set in South Africa, following Themba and his dreams of becoming a famous footballer. Themba grows up dreaming of becoming a football star. One day he leaves the village and travels with his sister to the city in search of their mother. Life is a struggle and Themba has to grow up fast. A lucky break gives him the chance to train as a footballer and play professionally – but Themba has a secret – should he tell the truth about his HIV and risk everything he’s ever dreamed of? ~ Themba won an IBBY award - Best Book for Young People. Karin Chubb was Shortlisted for the Marsh Award for Children’s Literature in Translation for Themba, a unique award celebrating the high quality and diversity of translated fiction for young readers. The book was also made into an award-winning film. “Beautifully translated from the original ... it is a book full of hope and the more young people who read books like this and who come to understand how other young children live, the more this hope will spread.” Books, Teens and Magazines “Themba reminds me of my own childhood and youth in a township close to a small village in the Transvaal in South Africa: Like him I wanted to escape poverty, like him I had the hope that our world will be a just world one day – and like him I loved my mother who was working at the time as a maid for a white family. To be very honest: in soccer Themba seems to be simply better than I was.” Archbishop Desmond Tutu “READ OF THE MONTH” Pride magazine “...an inspirational coming of age drama about a young South African boy’s

escape from poverty and the pursuit of a dream.” Spring online “It’s a rags to riches story – a story of hope, of dreaming your dreams and achieving them, and it’s also a story of friendship...” The Sunday Independent “It’s a really engaging book, and because Aids is a serious issue, it made us want to carry on reading more about it.” Durning Library teenage reading group “Beautifully translated from the original and it is an easy and straightforward read. However, the storyline is tough – poverty, AIDS and death haunt the pages of the book. The reader learns about the hardship of life for many ordinary South Africans (even after Mandela came to power) and the struggle for those families who have a family member suffering from AIDS. The problems they face do not lie solely in a lack of medication and good nutrition; it also lies in the ignorance of their neighbours and friends and a refusal of many to acknowledge the illness and help the ill. However this is not a depressing book – it is a book full of hope and the more young people who read books like this and who come to understand how other young children live, the more this hope will spread.” Books, Teens and Magazines Allgemeine Kirchenzeitung - 1837

**One Culture** - George Lewis Levine 1987

This is the first in a planned series of volumes on science and literature, which grow from three basic assumptions explicit in this first volume: first, that science and literature are two alternative but related expressions of a culture's values and beliefs; and second, that understanding science in its relation to culture and literature requires some understanding not only of its own internal processes, but of pressures exercised by social, political, and psychological forces; third, that the idea of "influence" of one upon the other must work both ways. It is not only science that influences literature, but literature that influences science the authors say. ISBN 0-299-11300-0: \$45.00; ISBN 0-299-11304-3 (pbk.): \$12.95.

STRENGTH THROUGH CRISES - Marc Wallert 2021-01-23

In 2000, Marc Wallert and 20 other hostages were taken by terrorists to a Philippine island and imprisoned in the jungle for 140 days. 20 years later, he describes the strategies he used to survive and what he learned from the experience. The jungle didn't break him, but the day-to-day life that followed drove him to burnout. In order to better understand why, he set out to find answers by focusing on the defining moments of his life - the crises. In this book, he explains effective strategies for both private and professional life that can help people get through crises and become even stronger as they do so.

Mit Worten bewegen : Präsentationen und Reden, die wirklich begeistern  
- Andrea Joost 2012-12

Präsentationen und freie Reden gehören zum beruflichen Alltag: Ob Sie einen Kunden von einem neuen Produkt überzeugen, einen kurzweiligen Statusbericht abgeben oder ein Fachthema appetitlich verpacken wollen - es geht immer darum, die Aufmerksamkeit Ihrer Zuhörer zu packen. Wenn Ihnen das gelingt, hinterlassen Sie Eindruck und stellen sicher, dass Ihre Botschaft wirklich ankommt. Allerdings nur, wenn Sie nicht auf alten Präsentationsgleisen fahren! Wer sich hinter dem Beamer versteckt, wird keinen Draht zum Publikum herstellen. Und wer ständig die gleichen Formate und Floskeln wählt, ganz nach dem Motto "Das haben wir schon immer so gemacht", wird es schwer haben, beim Publikum zu punkten. Wirkungsvolles Reden, das die Zuhörer erreicht, sieht anders aus. Es bedeutet: echt sein, klipp und klar auf den Punkt kommen sowie mit dem und für den Zuhörer reden. So bewegen Sie Ihr Gegenüber zum Handeln. Doch wie schafft man das? Gehören auch Sie zu den Menschen, die allein beim Gedanken an die nächste Redesituation Schweißausbrüche bekommen? Haben Sie das Gefühl, dass Sie manchmal an Ihren Zuhörern vorbeireden? Oder haben Sie bereits Erfahrung beim Präsentieren und wollen frischen Wind in Ihre Vorträge bringen? Andrea Joost zeigt Ihnen, wie Sie Schritt für Schritt Ihre Rednerpersönlichkeit entwickeln, ausgetretene Präsentationspfade verlassen und damit Ihren kleinen und größeren Auftritten mehr Pepp verleihen.

**Responsible Investment Banking** - Karen Wendt 2015-06-15

This book provides evidence on the relevance of environmental and social factors in decision making. It discusses the Gold Standard Frameworks for integrating extra-financial risks into the philosophy, culture, strategies, products and value chain management procedures of investment and banking and highlights the current emergence of global administrative law. New emerging topics like positive impact investing and finance, climate friendly markets, human rights, the enhanced role

of fiduciary duties and shared values are approached with a lot of examples for practical application. Steps towards a new banking culture, a new climate for double loop learning and sustainable financial innovation are outlined and the additional benefits of robust stakeholder engagement explained. The anthology paves the way from robust impact and risk management to positive impact creation and a new investment culture. As well, challenges for the implementation and ways to overcome them are broadly discussed. The book is rooted in the fact that institutions and investors which fail to professionally integrate the management of extra-financial risk into their whole lending and investment chain and fail to move to positive impact creation may well lose positions and mandates and finally the trust of their clients, partners and stakeholders. The contributing authors of this anthology are internationally renowned experts in the field of ESG and impact investing. The compendium brings together practitioners and academics to allow a confluence of thoughts, concepts and viewpoints. This huge variety of perspectives and approaches makes this volume a comprehensive compendium on responsible investment and banking.

Shackleton's Way - Margot Morrell 2001-01-08

Lead your business to survival and success by following the example of legendary explorer Ernest Shackleton Sir Ernest Shackleton has been called "the greatest leader that ever came on God's earth, bar none" for saving the lives of the twenty-seven men stranded with him in the Antarctic for almost two years. Because of his courageous actions, he remains to this day a model for great leadership and masterful crisis management. Now, through anecdotes, the diaries of the men in his crew, and Shackleton's own writing, Shackleton's leadership style and time-honored principles are translated for the modern business world. Written by two veteran business observers and illustrated with ship photographer Frank Hurley's masterpieces and other rarely seen photos, this practical book helps today's leaders follow Shackleton's triumphant example. "An important addition to any leader's library." -Seattle Times

**Win the Crowd** - Steve Cohen 2009-03-17

Would You Like to Become More Commanding, Convincing, And Charismatic? In this book, Steve Cohen, master magician and star of the long-running Chamber Magic show in New York City, will reveal the secrets of all great showmen and magicians—how to persuade, influence, and charm, and ultimately accomplish the things you've always wanted to do. As Cohen writes, "You'll discover how to take over a room, read people, and build anticipation to a feverish pitch so people are burning to hear what you have to say." Win the Crowd will teach you Steve Cohen's Maxims of Magic, simple rules you can use to take charge of practically any situation, from on-the-job disagreements to dating to important cocktail parties. The Maxims of Magic will wash away insecurities and hesitations, and replace them with confidence, poise, and leadership. What's more, Steve Cohen will show you: How to Create a Magic

Moment. Capturing people's imaginations and attention so they listen carefully to every word you say. How to Command a Room. Showing everyone in the room that you are speaking right to them, making them all feel unique—and completely focused on you. How to Read People. Learning to sense what people are feeling and thinking as you speak, what they want from you, and how to make them feel like they are getting it. Misdirection. The most important trick in all of magic—getting inside people's heads, and directing what they are thinking at every minute. When you strip away the sleight of hand tricks, magicians are essentially masters of attracting and holding attention and impressing audiences, exactly the psychological secrets you need to be successful in life and business.
