Reading Like a Historian - Sam Wineburg 2015-04-26

This practical resource shows you how to apply Sam Wineburgs highly acclaimed approach to teaching, "Reading Like a Historian," in your middle and high school classroom to increase academic literacy and spark students curiosity. Chapters cover key moments in American history, beginning with exploration and colonization and ending with the Cuban Missile Crisis.

It's in the Bible! - Arthur Padilla 2019-09-17

The Bible is easily the most influential and most quoted book in western society. It is revered so much that it is used to swear in to office the President of the United States, Supreme Court Justices, and other elected government officials. When the President and other U.S. government officials swear that they will carry out their duties with the help of the Biblical God, few if any are aware that according to scripture the Biblical God is actually a man. He is specifically a man of war, as stated in the following scripture, "The Lord is a man of war: the Lord is his name" (Exodus 15:3). Perhaps this is a reason why the United States has been at war 93 percent of the time since its existence. The Bible has had significant historical, social, and political influences on humanity. More importantly, the Bible continues to significantly influence humanity today. A specific example is today's conflict in the Middle East between Israel and its neighbors. Israel bases its claim to the land in dispute with the argument that the God of the Bible gave them that land approximately 3,425 years ago as described in the Old Testament of the Judeo Christian bible. This book takes this same literal approach in interpreting the narrative/scripture concerning the God and events described in the same bible. A few of the many items discussed in this book concerning biblical scripture are: • The U.S. is the modern version of Old Testament Israel • That the Biblical God is actually a man or manlike entity • Inferences to very advanced technology • Inferences that Jesus of the Gospel was gay • More than one Jesus Christ • The second coming has already happened • Reincarnation concerning Jesus and the prophets • Periodic mass extinction

Teaching What Really Happened - James W. Loewen 2018-09-07

"Should be in the hands of every history teacher in the country."—Howard Zinn James Loewen has revised Teaching What Really Happened, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retellings of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and the historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. Book Features: An up-to-date assessment of the potential and pitfalls of U.S. and world history education. Information to help teachers expect, and get, good performance from students of all racial, ethnic, and socioeconomic backgrounds. Strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography. Ideas from teachers across the country who are empowering students by teaching what really happened. Specific chapters dedicated to five content topics usually taught poorly in today's schools.

Teaching What Really Happened - James W. Loewen 2018

James Loewen has revised Teaching What Really Happened, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retellings of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and the

historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. "Should be in the hands of every history teacher in the country."—Howard Zinn "This book should be required reading for every history teacher in the land."—Sam Wineburg, Stanford University "In the sequel to his bestseller, Lies My Teacher Told Me, James Loewen has crafted a critique of how history is being taught in public education that should be in the hands of every practicing and pre-service social studies teacher in the United States."—The History Teacher (from the first edition) "Loewen challenges us to critically reflect on the essence of what social studies and history education is and what social studies and history educators do. Doing so can only improve the experiences our students have."—The Social Studies (from the first edition)

Candide - Voltaire Voltaire 2016-04-02

Candide by Voltaire from Coterie Classics All Coterie Classics have been formatted for ereaders and devices and include a bonus link to the free audio book. "Do you believe," said Candide, "that men have always massacred each other as they do to-day, that they have always been liars, cheats, traitors, ingrates, brigands, idiots, thieves, scoundrels, gluttons, drunkards, misers, envious, ambitious, bloody-minded, calumniators, debauchees, fanatics, hypocrites, and fools?" Do you believe," said Martin, "that hawks have always eaten pigeons when they have found them?"—Voltaire, Candide Candide is a young man who is raised in wealth to be an optimist but when he is forced to make his own way in the world, his assumptions and outlook are challenged.

Lies My Teacher Told Me - James W. Loewen 2008

Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history.

World History-Patterns of Interaction , Grades 9-12 Reading Study Guide
Modern World History - 1998-12-21

U.S. History - P. Scott Corbett 2017-12-19

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Glencoe World History, New York Edition - Jackson J. Spielvogel
2005-06-01

Religion and American Education - Warren A. Nord 2014-07-01
Warren Nord's thoughtful book tackles an issue of great importance in contemporary America: the role of religion in our public schools and universities. According to Nord, public opinion has been excessively polarized by those religious conservatives who would restore religious purposes and practices to public education and by those secular liberals for whom religion is irrelevant to everything in the curriculum. While he maintains that public schools and universities must not promote religion, he also argues that there are powerful philosophical, political, moral, and constitutional reasons for requiring students to study religion. Indeed, only if religion is included in the curriculum will students receive a truly liberal education, one that takes seriously a variety of ways of understanding the human experience. Intended for a broad audience, Nord's comprehensive study encompasses American history, constitutional law, educational theory and practice, theology, philosophy, and ethics. It also discusses a number of current, controversial issues, including multiculturalism, moral education, creationism, academic freedom, and the voucher and school choice movements.

Ancient Civilizations Through the Renaissance - Stanley Mayer Burstein
2010-12-31

Mary Chesnut's Civil War - Mary Boykin Miller Chesnut 1981-01-01
An authorized account of the Civil War, drawn from the diaries of a Southern aristocrat, records the disintegration and final destruction of the Confederacy

Principles of Economics - Libby Rittenberg 2011-07

Prentice Hall World History - Elisabeth Gaynor Ellis 2014

Baruch - Bernard Baruch 1993

"Baruch: My Own Story" is the memoirs of Bernard M. Baruch, a man whose life spanned the late nineteenth century and over half of the twentieth century. Given the time period, he is a man who has seen much having met seven presidents, witnessing two wars and working on Wall Street for a time. In these memoirs, Baruch has tried to "set forth the philosophy through which he had sought to harmonize a readiness to risk

something new with precautions against repeating the errors of the past."

Teaching Global History - Alan J. Singer 2012-04-27

Teaching Global History challenges prospective and beginning social studies teachers to formulate their own views about what is important to know in global history and why. It explains how to organize the curriculum around broad social studies concepts and themes and student questions about humanity, history, and the contemporary world. All chapters include lesson ideas, a sample lesson plan with activity sheets, primary source documents, and helpful charts, graphs, photographs, and maps. High school students' responses are woven in throughout.

Additional material corresponding to each chapter is posted online at http://people.hofstra.edu/alan_j_singer. The traditional curriculum tends to highlight the Western heritage, and to race through epochs and regions, leaving little time for an in-depth exploration of concepts and historical themes, for the evaluation of primary and secondary sources, and for students to draw their own historical conclusions. Offering an alternative to such pre-packaged textbook outlines and materials, this text is a powerful resource for promoting thoughtful reflection and debate about what the global history curriculum should be and how to teach it.

Introduction to Sociology 2e - Heather Griffiths 2017-12-31

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzza, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

The Patchwork of World History in Texas High Schools - Stephen Jackson 2022-11-16

This book traces the historical development of the World History course as it has been taught in high school classrooms in Texas, a populous and nationally influential state, over the last hundred years. The author argues that the course has dynamically evolved to reflect a patchwork of competing visions that have intersected over the past century, with each new framework partially but never completely erasing or replacing those that came before. The first part of the book presents an overview of the World History course supported by a numerical analysis of textbook content and public documents, whilst the second focuses on the depiction of non-Western peoples, and persistent narratives of Eurocentrism, imperialism, and nationalism. It ultimately concludes that a more global, accurate, and balanced curriculum is possible, despite the tension between the ideas of professional world historians, who often de-center the nation-state in their quest for a truly global approach to the subject, and the historical core rationale of state-sponsored education in the United States: to produce loyal citizens. Offering a new, conceptual understanding of how colonial themes in world history curriculum have been dealt with in the past and are now engaged with in contemporary times, it provides essential context for scholars and educators with interests in the history of education, curriculum studies, and the teaching of World History in the United States.

World Cultures & Geography, Grades 6-8 Western Hemisphere and Europe Workbook - Holt Mcdougal 2002-04-16

Glimpses of World History - Jawaharlal Nehru 2004

On New Year'S Day, 1931, Jawaharlal Nehru Began A Remarkable Series Of Letters On The History Of The World To His Daughter, Indira, Then Thirteen Years Old. Over The Next Thirty Months, Nehru Wrote Nearly Two Hundred Letters In This Series, Which Were Later Published As Glimpses Of World History. With Its Panoramic Sweep And Its Gripping Narrative Flow, All The More Remarkable For Being Written In Prison Where Nehru Had No Recourse To Reference Books Or A Library, Glimpses Of World History Covers The Rise And Fall Of Empires And Civilizations From Greece And Rome To China And West Asia; Great Figures Such As Ashoka And Genghis Khan, Gandhi And Lenin; Wars And Revolutions, Democracies And Dictatorships. An Enduring Classic, This

Book Is Dazzling Testimony To The Breadth Of Nehru'S World View, His Grasp Of The Lessons Of History, And Of The Forces And Personalities That Shape It.
