The Girl in the Steel Corset - Kady Cross
2012-04-17

Finley, who has a beastly alter ego inside of her, joins Duke Griffin's army of misfits to help stop the Machinist, the criminal behind a series of automaton crimes, from carrying out a plan to kill Queen Victoria during the Jubilee.

Hemingway's Fetishism - Carl P. Eby
Demonstrates in painstaking detail and with

reference to stunning new archival evidence how fetishism was crucial to the construction and negotiation of identity and gender in Hemingway's life and fiction.

[A Victorian Lady's Guide to Fashion and Beauty](#) - Mimi Matthews 2018-07-30

"An elegant resource that I will be reaching for again and again." -Deanna Raybourn, New York Times bestselling author What did a Victorian

lady wear for a walk in the park? How did she style her hair for an evening at the theatre? And what products might she have used to soothe a sunburn or treat an unsightly blemish? Mimi Matthews answers these questions and more as she takes readers on a decade-by-decade journey through Victorian fashion and beauty history. Women's clothing changed dramatically during the course of the Victorian era. Necklines rose, waistlines dropped, and Gothic severity gave way to flounces, frills, and an abundance of trimmings. Sleeves ballooned up and skirts billowed out. The crinoline morphed into the bustle and steam-moulded corsets cinched women's waists ever tighter. As fashion was evolving, so too were trends in ladies' hair care and cosmetics. An era which began by prizing natural, barefaced beauty ended with women purchasing lip and cheek rouge, false hairpieces and pomades, and fashionable perfumes made with expensive spice oils and animal essences. Using research from nineteenth

century beauty books, fashion magazines, and lady's journals, Mimi Matthews brings the intricacies of a Victorian lady's toilette into modern day focus. In the process, she gives readers a glimpse of the social issues that influenced women's clothing and the societal outrage that was an all too frequent response to those bold females who used fashion and beauty as a means of asserting their individuality and independence.

Lyric and Lingerie - Tracy Wolff 2016-09-27
From New York Times Bestselling author Tracy Wolff and International Bestselling author Katie Graykowski comes a sexy tale of love, laughter and lingerie ... Lyric Wright is an off-beat astrophysicist whose life is falling apart around her. After losing her fiancé to a hula dancing astrologer and losing her dress to an ill-fated leap of faith, she's sure there's nowhere for her life to go but up. At least until she sits down on a trans-Pacific flight next to the one man she never wanted to see again—the boy she'd lost

her heart and her virginity too back before she'd learned that friendship and football don't equal true love. Broken down quarterback Heath Montgomery is on a plane ride to nowhere. Dodging the phone call he's certain will end his professional football career for good, he might be Texas bound, but he knows there's nowhere for him to go but down. But that's before his childhood best friend and confidante plops back into his life wearing nothing but duct tape and a bad attitude. Determined not to lose her again (especially since he isn't sure why he lost her the first time) and desperate to outrun his own shadowy future, Heath sets out to take Lyric on the ride of her life. Too bad she only dates men who actually know what her butterfly nebula is ... and can find it without the help of a star chart. Add in one passive-aggressive flight attendant with delusions of couture, a cherry red car with a crush on Neil Diamond, an over-protective sister with a black belt in Krav Maga, two parents determined to marry their spinster

daughter off to the hometown hero no matter the cost, and a whole lot of lingerie popping up in all the right places at all the wrong times and you've got an unforgettable love story that fans of Susan Elizabeth Phillips and Rachel Gibson won't want to miss!

New York Magazine - 1995-08-07

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Male Chastity Keyholder Guide - Mistress Dede 2015-01-08

There is a lot of variety in the world of fetish and kink, with limitless possibilities for creativity in

sensual play. Many people unfamiliar with this lifestyle immediately focus on the more obvious or superficial aspects, like honorific nicknames or corsets and leather boots. But for people who participate in fetishes as a lifestyle, the practices and games are an essential part of their relationship, with its own set of rules and standards. One particularly interesting subculture within the world of kink is that of the female keyholder and her chastised male subordinate. The phrase "male chastity" probably immediately spooks some men, or excites others (whether they are willing to admit it or not). Either attitude is amusing to the sophisticated woman with a predilection for domination and control. For submissive men, there are many benefits to a male chastity arrangement. The calculating domme will use all of her feminine charms to her advantage, establishing a system of rules meant to keep her man under lock and key. Literally. The popularity of male chastity devices has soared in

recent years, and although this be taboo, it's something many people talk about behind closed doors. Conveniently hidden under clothes, male chastity devices provide necessary restriction for the man and allowing his dominant complete control over his orgasms. These devices are a valuable tool for the modern dominant woman, and excellent for contemporary "tease and denial" games. Exploring male chastity can be a fun new game for adventurous couples, or a complete long-term lifestyle for kinky pairs. Whatever the relationship type, employing a male chastity device sends a clear message: he's on lockdown, and she holds the key.

Orthopathy, Teaching New Science of Health and Natural Healing - Shelton 1996-09

Teaching a new science of health and natural healing in 26 wonderful lessons. This course covers in simple language the subjects of animation, psychology, biology, pathology, pathoformology, pathogeny, pathonomy, threpsology (law of nutrition), orthotrop.

Fashion and Fetishism - David Kunzle 1982
Explores the history of corsets and other garments that force the female body to conform to an ideal and analyzes their social, sexual, and anthropological significance
Medical Record - George Frederick Shrady 1881

The Witch Is Back (with bonus short story Be Witched) - H. P. Mallory 2012-07-31
The witching hour has arrived in bestselling author H. P. Mallory's captivating and sexy new novel, starring the most dazzling denizen of the undead, Jolie Wilkins. Funny and feisty witch Jolie Wilkins is back—or rather, she's back to her humble beginnings. Propelled into the past to her old Los Angeles fortune-telling shop, Jolie has no idea she possesses extraordinary powers, and she definitely doesn't remember becoming Queen of the Underworld. But at least she has two incredibly sexy men vying for her affection: Rand Balfour, who looks very familiar, though Jolie can't place his gorgeous face, and Sinjin

Sinclair, who is tall, dark, and perfect . . . except for the fangs. Yet despite her steamy love life, Jolie can't shake the sense that something is not quite right—like she's stuck in a déjà vu gone terribly awry. As both men race against time—and each other—to win Jolie's heart, the fate of the Underworld hangs in the balance. And Jolie's decision can either restore order or create an absolute, drop-dead disaster.

The Sexualized Body and the Medical Authority of Pornography - Heather Brunskell-Evans 2017-01-06

This edited collection examines pornography as a material practice that eroticises gender inequality and sexual violence towards women. It addresses the complex relationship between pornography and medicine (in particular, sexology and psycho-therapy) whereby medicine has historically, and currently, afforded pornography considerable legitimacy and even authority. Pornography naturalises women's submission and men's dominance as if gendered

power is rooted in biology not politics. In contrast to the populist view that medicine is objective and rational, the contributors here demonstrate that medicine has been complicit with the construction of gender difference, and in that construction the relationship with pornography is not incidental but fundamental. A range of theoretical approaches critically engages with this topic in the light, firstly, of radical feminist ideas about patriarchy and the politics of gender, and, secondly, of the rapidly changing conditions of global capitalism and digital-technologies. In its broad approach, the book also engages with the ideas of Michel Foucault, particularly his refutation of the liberal hypothesis that sexuality is a deep biological and psychological human property which is repressed by traditional, patriarchal discourses and which can be freed from authoritarianism, for example by producing and consuming pornography. In taking pornography as a cultural and social phenomenon, the concepts

brought to bear by the contributors critically scrutinise not only pornography and medicine, but also current media scholarship. The 21st century has witnessed a growth in (neo-)liberal academic literature which is pro-pornography. This book provides a critical counterpoint to this current academic trend, and demonstrates its lack of engagement with the politics of the multi-billion dollar pornography industry which creates the desire for the product it sells, the individualism of its arguments which analyse pornography as personal fantasy, and the paucity of theoretical analysis. In contrast, this book re-opens the feminist debate about pornography for a new generation of critical thinkers in the 21st century. Pornography matters politically and ethically. It matters in the real world as well as in fantasy; it matters to performers as well as to consumers; it matters to adults as well as to children; and it matters to men as well as to women.

Corsets and Codpieces - Karen Bowman
2016-10-04

Have you ever wondered why we wear the type of clothes we do? Packed with outlandish outfits, this exciting history of fashion trends reveals the flamboyant fashions adopted (and discarded) by our ancestors. In the days before cosmetic surgery, people used bum rolls and bombastic breeches to augment their figures, painted their faces with poisonous concoctions, and doused themselves with scent to cover body odor. Take a fresh look at history's hidden fashion disasters and discover the stories behind historical garments: How removing a medieval woman's headdress could reveal her as a harlot Why Tudor men traded in their oversized codpieces for corsets How crinoline caused a spate of shoplifting among Victorian ladies Karen Bowman charts our sartorial history from the

animal skins first used to cover our modesty and show off hunting skills, right up to the twentieth-century drive for practicality and comfort.

Corsets and Codpieces is a fascination read for history buffs and fashionistas alike. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Fetish Style - Frenchy Lunning 2013-08-15
Fetish Style traces the history, forms and tendencies of sub-cultural fashions that are popular in both mainstream and alternative

fashion cultures. Presenting the world of subcultural fetish clothing design in all of its richness and beauty, this book explores the idea of fetish as subversive and repressive as reflected in clothing choices in people of all ages and cultures. Linking the fetishistic aspects of contemporary culture with everyday clothing as dictated by fashion and merchandizing, *Fetish Style* presents a fascinating study of historical as well as 21st century subcultures. Case studies include the Japanese-influenced 'tribes' of the various Lolita formations, the Shotaru (male Lolita), the club scene, the Goths, the hip-hop fashions and other locally-formed fetishized practices. *Fetish Style* will be key reading for anyone interested in fetish fashion both past and present.

[Gender Hurts](#) - Sheila Jeffreys 2014-04-24

It is only recently that transgenderism has been accepted as a disorder for which treatment is available. In the 1990s, a political movement of transgender activism coalesced to campaign for

transgender rights. Considerable social, political and legal changes are occurring in response and there is increasing acceptance by governments and many other organisations and actors of the legitimacy of these rights. This provocative and controversial book explores the consequences of these changes and offers a feminist perspective on the ideology and practice of transgenderism, which the author sees as harmful. It explores the effects of transgenderism on the lesbian and gay community, the partners of people who transgender, children who are identified as transgender and the people who transgender themselves, and argues that these are negative. In doing so the book contends that the phenomenon is based upon sex stereotyping, referred to as 'gender' - a conservative ideology that forms the foundation for women's subordination. *Gender Hurts* argues for the abolition of 'gender', which would remove the rationale for transgenderism. This book will be of interest to scholars and students of political

science, feminism and feminist theory and gender studies.

Daughters of Valor - Jay L. Halio 1997

The essays in this book focus on a wide and representative variety of Jewish American women writers, including Cynthia Ozick, Anne Roiphe, Erica Jong, Pauline Kael, Allegra Goodman, Norma Rosen, Adrienne Rich, Lynn Sharon Schwartz, and others. In every instance the contributors have tried to deal not only with the Jewish content of their work but also with its literary quality and other major themes.

Wisdom & Empowerment: The Orison Swett Marden Edition (18 Books in One Volume) -

Orison Swett Marden 2017-07-06

This unique collection of "Wisdom & Empowerment: The Orison Swett Marden Edition (18 Books in One Volume)" has been designed and formatted to the highest digital standards. Dr. Orison Swett Marden (1848-1924) was an American inspirational author who wrote about achieving success in life and founded

SUCCESS magazine in 1897. He is often considered as the father of the modern-day inspirational talks and writings and his words make sense even to this day. In his books he discussed the common-sense principles and virtues that make for a well-rounded, successful life. His first book, Pushing to the Front (1894), became an instant best-seller. Marden later published fifty or more books and booklets, averaging two titles per year. The Story of 42nd Street - Mary C. Henderson
2008

A theater historian traces the rise and fall of the street that symbolizes the Broadway experience and captures the colorful characters, shows, scandals, and stories of this uniquely American dreamscape. 12,500 first printing.

The Transsexual Delusion - G. Eugene Pichler
2016-07-08

In his book Pichler looks at transsexualism as a behavioral addiction, much like a sex addiction, Internet addiction or pathological gambling addiction, which is caused by a faulty reward system in the human brain. Pichler further reports that the medications that effectively treat behavioral addictions show good results in treating transsexualism. In fact modern research shows that the drugs that effectively treat epilepsy treat behavioral addictions, including

transsexualism.

Fashion and Fetishism - David Kunzle
2006-08-24

Presenting the history of corsetry and body sculpture, this edition shows how the relationship between fashion and sex is closely bound up with sexual self-expression. It

demonstrates how the use of the corset rejected the role of the passive, maternal woman, so that

in Victorian times it was seen as a scandalous threat to the social order.
