*Patagonian Road* - Kate McCahill 2017-05-01

Spanning four seasons, 10 countries, three teaching jobs, and countless buses, Patagonian Road chronicles Kate McCahill's solo journey from Guatemala to Argentina. In her struggles with language, romance, culture, service, and homesickness, she personifies a growing culture of women for whom travel is not a path to love but to meaningful work, rare inspiration, and profound self-discovery. Following Paul Theroux's route from his 1979 travelogue, McCahill transports the reader from a classroom in a Quito barrio to a dingy room in an El Salvadorian brothel, and from the neighborhoods of Buenos Aires to the heights of the Peruvian Andes. A testament to courage, solitude, and the rewards of taking risks, Patagonian Road proves that discovery, clarity, and simplicity remain possible in the 21st century, and that travel holds an enduring capacity to transform.

*Unlikely Destinations: The Lonely Planet Story* - Tony Wheeler 2007-05-15  
Founders of the phenomenally successful publishing company Lonely Planet, Tony and Maureen Wheeler have produced travel guides to just about every corner of the globe. Lonely Planet Publications was born in 1973 when the Wheelers self-published a quirky travel guide, *Across Asia on the Cheap*. This was quickly followed by what soon became the backpackers' bible, *South-East Asia on a Shoestring*. Going boldly where no other travel publisher had ventured, they catered to a new generation of independent, budget-conscious travelers long before the advent of mass tourism. *Unlikely Destinations: The Lonely Planet Story* is a unique mix of autobiography, business history and travel book. It traces Tony and Maureen

Wheeler's personal story as well as the often bumpy evolution of their travel guide business into the world's largest independent travel publishing company. Not surprisingly, after thirty years in the business the Wheelers have an unrivalled set of anecdotes which they share in *Unlikely Destinations: The Lonely Planet Story*. They have been hassled by customs, cheated by accountants, let down by writers, banned in Malawi, berated for their Burma guide and had books pirated in Vietnam. Tony has been gored by a cow in Benares, declared dead around the world in an assortment of gruesome and greatly exaggerated accounts and their company has been accused of the "Lonely Planetization" of the world.
