As a boy, he lives to decipher the odors of Paris, and apprentices himself to a prominent perfumer who teaches him the ancient art of mixing precious oils and herbs. But Grenouille's genius is such that he is not satisfied to stop there, and he becomes obsessed with capturing the smells of objects such as brass doorknobs and fresh-cut wood. Then one day he catches a hint of a scent that will drive him on an ever-more-terrifying quest to create the “ultimate perfume”—the scent of a beautiful young virgin. And every believer needs to use them! In fact, without discernment and sensitivity to the Holy Spirit, we cannot progress in our use of any of the gifts and callings. With clear explanations, scriptural illustrations, and real-life contemporary stories, Goll demonstrates how we can receive revelation through the natural senses of sight, hearing, touch, smell, and taste—and how to open ourselves up to the comparable supernatural senses through which God wants to speak. **Summary of Jennifer Eivaz's Seeing the Supernatural** - Everest Media 2022-07-25T22:59:00Z

Please note: This is a companion version & not the original book. Sample Book Insights: #1 The supernatural is not a limited experience for Christians, because our God is supernatural and has no limits. It is normal for Christians to see and experience angels and demons, visions and dreams from God, and a variety of miracles. #2 When non-Christians experience the supernatural, it creates a hunger in them to know more. They do not know how to discern or sort through it. They often reach out to occult and New Age sources for answers. #3 I was dabbling in occult activities at age seven, and by age seven I had become habitually unresponsive to my mother when she tried to talk to me or get my attention. I was absorbing my attention to the spirit world. #4 I was introduced to Jesus Christ as a freshman in college, and the Light of the world began to destroy the darkness in my world. I did away with all occult practices, and I learned how to let go of wrong friendships.

[The Gift of Seeing Angels and Demons](#) - Susan Merritt 2015-12-20

Dr. Gil Stieglitz says, "Yes, there are some people who see angels and demons. God has given them a gift to perceive the spiritual realms and what is happening there. At first Christians who begin to perceive angels and demons can be overwhelmed by what they "see." God has signed them up for an adventure that many of them did not want. God wants them to grow in their faith and help others win against the schemes of Satan. This book is wonderful and mind-bending all at the same time." Angels are naturally invisible to human eyes because they are spirit, not flesh. God has given some believers the supernatural ability to "see" angels, both good and evil, in order to help Christians cooperate with or resist against what they are trying to do. As our world plunges into a time of spiritual darkness in these last days, God seems to be giving more people the ability to "see" or discern the presence and work of spirits; that is, the gift of discerning of spirits.

**Spiritual Discernment** - Watchman Nee 2010-03-24

Listen to the prayer of the apostle Paul for his beloved church in Philippi: "this I pray, that your love may abound yet more and more in knowledge and all discernment; so that ye may approve the things that are excellent; that ye may be sincere and void of offence unto the day of Christ" (Phil. 1.9-10). What was it that inspired him to offer such a prayer for the dear saints in Philippi? Do we today desperately need the same prayer? We talk about love and fellowship, and yet we encounter many problems and failures. What is the missing link to a glorious church? Can it be the lack of "full knowledge and all perception that ye may prove [or, distinguish] the things that differ" (literal translation)? Certainly spiritual discernment is the pressing need of today. How can we obtain this full knowledge of God? Where do we get spiritual discernment that we may know the things which differ or are more excellent? These are the matters which brother Watchman Nee tried to address during his latter years of ministry. This present volume, entitled Spiritual Discernment is composed of three parts: Abound in Knowledge, Abound in Discernment, and Approve the Excellent. The Publishers were able to acquire these Notes in Chinese recently, and they have now been translated into English for sharing with the English-speaking saints. May these Notes help many in meeting the pressing need of today.

**Obeying the Truth** - Grazia Mangano Ragazzi 2014-02

Grazia Mangano Ragazzi offers an in-depth examination of the concept of discretion in the spiritual writings of Saint Catherine of Siena (1347-1380), who is honored as one of the few female "Doctors" of the Catholic Church and who in 2000 was named a co-patroness of Europe by Pope John Paul II. Despite her illiteracy, which necessitated that she dictate to a scribe, Catherine is revered for her writings, which reveal spiritual reflection of remarkable depth. At the same time she is an inspiring example of one who remained active in the political and ecclesiastical life of her time without sacrificing an intense contemplative life. This book investigates the concept of "discretion," to which Catherine dedicates chapters IX to XI of her Dialogue and letter 213. Discretion, Ragazzi argues, is a helpful tool for interpreting the whole edifice of Catherine's spirituality. The term evades precise definition but can be summarized as a form of self-knowledge that leads to an authentic knowledge of God. Ragazzi first examines the role played by scribes in the composition of Catherine's writings, and whether it is possible to consider such writings as authentic representations of her thought, then provides a detailed analysis of Catherine's works to determine the meaning and importance of discretion in her spirituality, and how it relates to the concept of prudence. Ragazzi finds that the clearest influence on Catherine's thought was that of Dominican spirituality: her spiritual director, Raymond of Capua, was a Dominican, as was the majority of those belonging to her circle. But Franciscan mysticism, which was prevalent in religious life during the thirteenth and fourteenth centuries, also seems to have exerted considerable influence. Ragazzi's meticulous study shows how Catherine's way of being a theologian exemplifies the principle that any person authentically striving to live a Christian life, if gifted with great faith and intellectual ability, can engage in theology in a creative manner without the abstract and specialized speculation reserved for academic theologians.

**The Veil** - Blake K. Healy 2018-01-09

For as long as he can remember, Blake K. Healy has seen angels and demons. He sees them as clearly as he would see you if you were standing right in front of him. He sees angels dancing in worship services and whispering words of encouragement in people's ears. He also sees demons latching on to people and perpetuating addiction and bitterness in their hearts. The Veil chronicles how Blake matured in this gifting, while overcoming the fear and confusion of what he saw, how he learned to use his gift of seeing for God's glory, and how to teach others to do the same. This new and updated version of The Veil also includes a brief guide on how to begin growing in the gift of seeing in the spirit yourself, as well as an appendix of scriptural references to the spirit realm and angels, along with Blake's commentary on these passages.
