Life's Biggest Questions - Erik Thoennes 2011-06-23

If we were to compile the biggest questions pertaining to life, we would face some daunting submissions: Does God exist? What is God like? How will it all end? In this accessible book Erik Thoennes—a preaching pastor and theology professor—asks and answers 15 of the most important questions we can ask about God, the Bible, Jesus, and the church. Readers will find his answers clear, helpful, and above all biblical. Life's Biggest Questions is a great resource for new Christians and for those looking for concise ways to answer difficult questions. Each chapter concludes with a Scripture verse for meditation and memorization, questions for application and discussion, and suggestions for further study.

The Little Book of Big Questions - Sylvia High 2015-02-21

The Little Book of Big Questions is for anyone who has ever wanted the freedom to triumphantly navigate almost any of life's situations. Sometimes the search for the answer can be more valuable than the answer itself. And by using this book, with its pointed questions and provocative insights, you will be able to sharpen your focus on what matters and take actions that will bring about the results you want. The Little Book of Big Questions was created as a result of my own need to become accountable. I came up with a series of hard-hitting probing questions that shifted my perspective and changed my life. Answer them thoroughly and honestly, and they will change yours, too. I went from believing there was no possibility to believing there is infinite possibility; from thinking it was too late to thinking it's never too late. You'll discover yourself for yourself in The Little Book of Big Questions.

The Things They Carried - Tim O'Brien 2009-10-13

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

What If? 2 - Randall Munroe 2022-09-13

AN INSTANT NEW YORK TIMES BESTSELLER! "The questions throughout *What If? 2* are equal parts brilliant, gross, and wonderfully absurd and the answers are thorough, deeply researched, and great fun. . . . Science isn't easy, but in Munroe's capable hands, it surely can be fun." —TIME The #1 New York Times bestselling author of *What If?* and *How To* answers more of the weirdest questions you never thought to ask

The millions of people around the world who read and loved *What If?* still have questions, and those questions are getting stranger. Thank goodness xkcd creator Randall Munroe is here to help. Planning to ride a fire pole from the Moon back to Earth? The hardest part is sticking the landing. Hoping to cool the atmosphere by opening everyone's freezer door at the same time? Maybe it's time for a brief introduction to thermodynamics. Want to know what would happen if you rode a helicopter blade, built a billion-story building, made a lava lamp out of lava, or jumped on a geyser as it erupted? Okay, if you insist. Before you go on a cosmic road trip, feed the residents of New York City to a T. rex, or fill every church with bananas, be sure to consult this practical guide for impractical ideas. Unfazed by absurdity, Munroe consults the latest research on everything from swing-set physics to airliner catapult-design to answer his readers' questions, clearly and concisely, with illuminating and occasionally terrifying illustrations. As he consistently demonstrates, you can learn a lot from examining how the world might work in very specific extreme circumstances.

Small Great Things - Jodi Picoult 2016-10-11

#1 NEW YORK TIMES BESTSELLER • With richly layered characters and a gripping moral dilemma that will lead readers to question everything they know about privilege, power, and race, *Small Great Things* is the stunning new page-turner from Jodi Picoult. SOON TO BE A MAJOR MOTION PICTURE "[Picoult] offers a thought-provoking examination of racism in America today, both overt and subtle. Her many readers will find much to discuss in the pages of this topical, moving book."—Booklist (starred review) Ruth Jefferson is a labor and delivery nurse at a Connecticut hospital with more than twenty years' experience. During her shift, Ruth begins a routine checkup on a newborn, only to be told a few minutes later that she's been reassigned to another patient. The parents are white supremacists and don't want Ruth, who is African American, to touch their child. The hospital complies with their request, but the next day, the baby goes into cardiac distress while Ruth is alone in the nursery. Does she obey orders or does she intervene? Ruth hesitates before performing CPR and, as a result, is charged with a serious crime. Kennedy McQuarrie, a white public defender, takes her case but gives unexpected advice: Kennedy insists that mentioning race in the courtroom is not a winning strategy. Conflicted by Kennedy's counsel, Ruth tries to keep life as normal as possible for her family—especially her teenage son—as the case becomes a media sensation. As the trial moves forward, Ruth and Kennedy must gain each other's trust, and come to see that what they've been taught their whole lives about others—and themselves—might be wrong. With incredible empathy, intelligence, and candor, Jodi Picoult tackles race, privilege, prejudice, justice, and compassion—and doesn't offer easy answers. *Small Great Things* is a remarkable achievement from a writer at the top of her game. Praise for *Small Great Things* "Small Great Things is the most important novel Jodi Picoult has ever written. . . . It will challenge her readers . . . [and] expand our cultural conversation about race and prejudice."—The Washington Post "A novel that puts its finger on the very pulse of the nation that we live in today . . . a fantastic read from beginning to end, as can always be expected from Picoult, this novel maintains a steady, page-turning pace that makes it hard for readers to put down."—San Francisco Book Review

Go Ask Your Dad - Dominick Domasky 2016-04-24

Go Ask Your Dad challenges fathers from different faiths, cultures, and generations to come together and

answer tough questions dads, children, and families face today. Fathers must learn from the past, be prepared now and in the future to discuss everything from sexual education and identity to what kind of career path a youth could choose. They need to have answers on how to handle negative things such as cyber-bullying and ISIS, but also must encourage good choices for health, happiness and a brighter tomorrow. The authors of *Go Ask Your Dad* don't claim to be perfect dads; they do promise, in this book, you will find valuable lessons from their mistakes and successes.

[The Little Book of Big Questions](#) - Jonathan Robison 1995

The popularity of anything celestial--miracles, angels, near-death experiences--is meaningful in a broad sense. Wanting to experience what is heavenly seems to be a natural craving for us all. *The Little Book of Big Questions* invites readers and their families and friends to examine their beliefs about spirituality and discover how they can have deeper experiences of spirit.

The Little Book of Big Questions - Jonathan Robison 1995-01-01

A collection of perennial questions about the nature of God, the reason for evil, the meaning of death, the variety of spiritual experiences, and similar subjects offers a simple, effective tool for exploring all aspects of spirituality. Original. 50,000 first printing. IP.

[Will My Cat Eat My Eyeballs?](#) - Caitlin Doughty 2019-09-19

Every day, funeral director Caitlin Doughty receives dozens of questions about death. What would happen to an astronaut's body if it were pushed out of a space shuttle? Do people poo when they die? Can Grandma have a Viking funeral? In the tradition of Randall Munroe's *WHAT IF?*, Doughty's new book blends her scientific understanding of the body and the intriguing history behind common misconceptions about corpses to offer factual, hilarious and candid answers to more than fifty urgent questions posed by her youngest fans. Readers will learn what happens if you die on an aeroplane, the best soil for mummifying your dog and whether or not you can preserve your friend's skull as a keepsake. Featuring illustrations from Dianne Ruiz, *WILL MY CAT EAT MY EYEBALLS?* will delight anyone interested in the fascinating truth about what will happen to our bodies after we die.

Lord of the Flies - William Golding 2003-12-16

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new *Suggestions for Further Reading* by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

[The Giver](#) - Lois Lowry 2014

Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.

Life's Big Questions - Jonathan Robison 2001-10-01

Filled with questions, inspiring anecdotes, and guided meditations, *Life's Big Questions* invites readers and their family and friends to examine their beliefs about spirituality and learn new ways to encounter the sacred in daily life. Questions range from the concept of God, the reason for evil, and the meaning of death, to the variety of spiritual experiences and existence of miracles.

Can a Bee Sting a Bee? - Gemma Elwin Harris 2012-10-30

In the spirit of Schott's *Miscellany*, *The Magic of Reality*, and *The Dangerous Book for Boys* comes *Can a Bee Sting a Bee?*—a smart, illuminating, essential, and utterly delightful handbook for perplexed parents and their curious children. Author Gemma Elwin Harris has lovingly compiled weighty questions from precocious grade school children—queries that have long dumbfounded even intelligent adults—and she's gathered together a notable crew of scientists, specialists, philosophers, and writers to answer them. Authors Mary Roach and Phillip Pullman, evolutionary biologist Richard Dawkins, chef Gordon Ramsay, adventurer Bear Grylls, and linguist Noam Chomsky are among the top experts responding to the Big Questions from Little People, ("Do animals have feelings?", "Why can't I tickle myself?", "Who is God?")

with well-known comedians, columnists, and raconteurs offering hilarious alternative answers. Miles above your average general knowledge and trivia collections, this charming compendium is a book fans of the E.H. Gombrich classic, *A Little History of the World*, will adore.

The Book of Questions - Gregory Stock Ph.D. 2013-09-10

The phenomenon returns! Originally published in 1987, *The Book of Questions*, a New York Times bestseller, has been completely revised and updated to incorporate the myriad cultural shifts and hot-button issues of the past twenty-five years, making it current and even more appealing. This is a book for personal growth, a tool for deepening relationships, a lively conversation starter for the family dinner table, a fun way to pass the time in the car. It poses over 300 questions that invite people to explore the most fascinating of subjects: themselves and how they really feel about the world. The revised edition includes more than 100 all-new questions that delve into such topics as the disappearing border between man and machine—How would you react if you learned that a sad and beautiful poem that touched you deeply had been written by a computer? The challenges of being a parent—Would you completely rewrite your child's college-application essays if it would help him get into a better school? The never-endingly interesting topic of sex—Would you be willing to give up sex for a year if you knew it would give you a much deeper sense of peace than you now have? And of course the meaning of it all—If you were handed an envelope with the date of your death inside, and you knew you could do nothing to alter your fate, would you look? *The Book of Questions* may be the only publication that challenges—and even changes—the way you view the world, without offering a single opinion of its own.

A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

A Bad Case of Stripes - David Shannon 2016-08-30

"What we have here is a bad case of stripes. One of the worst I've ever seen!" Camilla Cream loves lima beans, but she never eats them. Why? Because the other kids in her school don't like them. And Camilla Cream is very, very worried about what other people think of her. In fact, she's so worried that she's about to break out in...a bad case of stripes!

The Midnight Library - Matt Haig 2020-09-29

The #1 New York Times bestselling WORLDWIDE phenomenon Winner of the Goodreads Choice Award for Fiction | A Good Morning America Book Club Pick | Independent (London) Ten Best Books of the Year "A feel-good book guaranteed to lift your spirits."—The Washington Post The dazzling reader-favorite about the choices that go into a life well lived, from the acclaimed author of *How To Stop Time* and *The Comfort Book*. Somewhere out beyond the edge of the universe there is a library that contains an infinite number of books, each one the story of another reality. One tells the story of your life as it is, along with another book for the other life you could have lived if you had made a different choice at any point in your life. While we all wonder how our lives might have been, what if you had the chance to go to the library and see for yourself? Would any of these other lives truly be better? In *The Midnight Library*, Matt Haig's enchanting blockbuster novel, Nora Seed finds herself faced with this decision. Faced with the possibility of changing her life for a new one, following a different career, undoing old breakups, realizing her dreams of becoming a glaciologist; she must search within herself as she travels through the *Midnight Library* to decide what is truly fulfilling in life, and what makes it worth living in the first place.

The Giving Tree - Shel Silverstein 2014-02-18

As *The Giving Tree* turns fifty, this timeless classic is available for the first time ever in ebook format. This digital edition allows young readers and lifelong fans to continue the legacy and love of a classic that will now reach an even wider audience. "Once there was a tree...and she loved a little boy." So begins a story of unforgettable perception, beautifully written and illustrated by the gifted and versatile Shel Silverstein. This moving parable for all ages offers a touching interpretation of the gift of giving and a serene acceptance of another's capacity to love in return. Every day the boy would come to the tree to eat her apples, swing from her branches, or slide down her trunk...and the tree was happy. But as the boy grew older he began to want more from the tree, and the tree gave and gave and gave. This is a tender story, touched with sadness, aglow with consolation. Shel Silverstein's incomparable career as a bestselling

children's book author and illustrator began with Lafcadio, the Lion Who Shot Back. He is also the creator of picture books including A Giraffe and a Half, Who Wants a Cheap Rhinoceros?, The Missing Piece, The Missing Piece Meets the Big O, and the perennial favorite The Giving Tree, and of classic poetry collections such as Where the Sidewalk Ends, A Light in the Attic, Falling Up, Every Thing On It, Don't Bump the Glump!, and Runny Babbit. And don't miss the other Shel Silverstein ebooks, Where the Sidewalk Ends and A Light in the Attic!

On the Other Hand - Renee Paule 2013-11-09

Please note: this is the 6" x 9" version of 'On The Other Hand'. A straight from the shoulder look at life in which the author asks some awkward questions we might prefer to swat away like an annoying fly.

Questions like: Who am I? What is this life about? What is the mind? Why do we resist change? These are the questions we lock away in a tall tower like some inconvenient relative whose 'lost her marbles' and become an embarrassment to the family. Perhaps you've been asking 'comfortable' questions and avoiding the hard-hitting ones, preferring to hide away from them and pretend they don't exist. We hope someone, somewhere, will put it all right for us. They won't! This book is not for the 'faint of heart' as it brings you face to face with yourself ... but not the one you see when you look in the mirror. If you've locked yourself up in protective custody and thrown away the key, this book could well pick the lock and let you out again - if you're ready to be let out. There's something wonderful to discover if we care to take a look. If you're prepared to be brutally honest when thinking about the questions raised in this book and to be your own harshest critic, then pop over to the cash desk or place it in 'your basket' online and, go for it. You're not alone and help is always available ... far closer than you can imagine.

A More Beautiful Question - Warren Berger 2014-03-04

To get the best answer-in business, in life-you have to ask the best possible question. Innovation expert Warren Berger shows that ability is both an art and a science. It may be the most underappreciated tool at our disposal, one we learn to use well in infancy-and then abandon as we grow older. Critical to learning, innovation, success, even to happiness-yet often discouraged in our schools and workplaces-it can unlock new business opportunities and reinvent industries, spark creative insights at many levels, and provide a transformative new outlook on life. It is the ability to question-and to do so deeply, imaginatively, and "beautifully." In this fascinating exploration of the surprising power of questioning, innovation expert Warren Berger reveals that powerhouse businesses like Google, Nike, and Netflix, as well as hot Silicon Valley startups like Pandora and Airbnb, are fueled by the ability to ask fundamental, game-changing questions. But Berger also shares human stories of people using questioning to solve everyday problems-from "How can I adapt my career in a time of constant change?" to "How can I step back from the daily rush and figure out what really makes me happy?" By showing how to approach questioning with an open, curious mind and a willingness to work through a series of "Why," "What if," and "How" queries, Berger offers an inspiring framework of how we can all arrive at better solutions, fresh possibilities, and greater success in business and life.

What Do You Think of Me? Why Do I Care? - Edward T. Welch 2011-10-01

Tired of trying to win approval and escape rejection? Peer pressure, codependency, shame, low self-esteem; these are just some of the words used to identify how people are controlled by others' opinions. Why is it so important to be liked? Why is rejection so traumatic? Edward T. Welch's insightful, biblical answers to these questions show that freedom from others' opinions and genuine, loving relationships grow as we learn about ourselves, others, and God. This interactive book includes questions for individual or group study and is suitable for teenagers and young adults.

Brief Answers to the Big Questions - Stephen Hawking 2018-10-16

#1 NEW YORK TIMES BESTSELLER • The world-famous cosmologist and author of A Brief History of Time

leaves us with his final thoughts on the biggest questions facing humankind. "Hawking's parting gift to humanity . . . a book every thinking person worried about humanity's future should read."—NPR NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Forbes • The Guardian • Wired Stephen Hawking was the most renowned scientist since Einstein, known both for his groundbreaking work in physics and cosmology and for his mischievous sense of humor. He educated millions of readers about the origins of the universe and the nature of black holes, and inspired millions more by defying a terrifying early prognosis of ALS, which originally gave him only two years to live. In later life he could communicate only by using a few facial muscles, but he continued to advance his field and serve as a revered voice on social and humanitarian issues. Hawking not only unraveled some of the universe's greatest mysteries but also believed science plays a critical role in fixing problems here on Earth. Now, as we face immense challenges on our planet—including climate change, the threat of nuclear war, and the development of artificial intelligence—he turns his attention to the most urgent issues facing us. Will humanity survive? Should we colonize space? Does God exist? These are just a few of the questions Hawking addresses in this wide-ranging, passionately argued final book from one of the greatest minds in history. Featuring a foreword by Eddie Redmayne, who won an Oscar playing Stephen Hawking, an introduction by Nobel Laureate Kip Thorne, and an afterword from Hawking's daughter, Lucy, *Brief Answers to the Big Questions* is a brilliant last message to the world. Praise for *Brief Answers to the Big Questions* "[Hawking is] a symbol of the soaring power of the human mind."—The Washington Post "Hawking's final message to readers . . . is a hopeful one."—CNN "Brisk, lucid peeks into the future of science and of humanity."—The Wall Street Journal "Hawking pulls no punches on subjects like machines taking over, the biggest threat to Earth, and the possibilities of intelligent life in space."—Quartz "Effortlessly instructive, absorbing, up to the minute and—where it matters—witty."—The Guardian "This beautiful little book is a fitting last twinkle from a new star in the firmament above."—The Telegraph

100 Questions from My Child - Mallika Chopra 2007-04-17

The author of *100 Promises to My Baby* explores 100 questions children ask, sometimes whimsical, often mystical, and shares some insights on how to foster a child's imagination, creativity, and sense of self. "As a mom, I realized early on that my children were looking to me for answers," Mallika Chopra writes. "Even before they could speak, they were asking questions, questions about how to interact with the world. And it was my reaction to these questions that began to shape their worldview, their sense of security and trust." Embracing the responsibilities of parenthood as a sacred trust, Mallika shares with other moms and dads her own quest for answers to the questions her children posed as they sought to make sense of their feelings and the world around them. "Where did I come from? Will you get sick and die? Why do I have to share? Do trees have feelings? Why doesn't anyone want to play with me? What's a bomb?" Whether she is fielding simple queries like "Why do I have to say thank you?" or deeper ones that require much soul searching about her own beliefs, Mallika Chopra draws on history and myth, global wisdom, and rich personal anecdotes to craft responses that expand children's sense of wonder. This beautifully designed book, with inspirational reflections and stories accompanying the 100 questions, makes an irresistible gift for any mother of young children or any person asking questions about our place and purpose in the universe.

Alice Asks the Big Questions - Laurent Gounelle 2020-02-25

A young woman's project to help a friend launches her on a journey of self-discovery in this brilliant and inventive novel from international bestselling author Laurent Gounelle. Alice is very good at her job. An up-and-comer at a prominent PR firm, there is no image management disaster she can't fix. But when her dearest friend, a parish priest in a charming French village, becomes depressed about his dwindling number of parishioners, she may finally have met her biggest challenge. Though an avowed atheist, Alice is determined to apply her skills to the problem. She plunges into research, immersing herself in the world of spirituality, from Christianity to Hinduism, from self-empowerment seminars to the Tao Te Ching. In her quest to understand how thinkers through the centuries have tried to answer the age-old questions of existence, Alice uncovers an astonishing truth -- almost lost to time -- that will forever change the way she thinks about humankind's place in the universe, and her own.

Existential Physics - Sabine Hossenfelder 2022-08-09

A NEW YORK TIMES BESTSELLER “An informed and entertaining guide to what science can and cannot tell us.” —The Wall Street Journal “Stimulating . . . encourage[s] readers to push past well-trod assumptions [...] and have fun doing so.” —Science Magazine From renowned physicist and creator of the YouTube series “Science without the Gobbledygook,” a book that takes a no-nonsense approach to life's biggest questions, and wrestles with what physics really says about the human condition Not only can we not currently explain the origin of the universe, it is questionable we will ever be able to explain it. The notion that there are universes within particles, or that particles are conscious, is ascientific, as is the hypothesis that our universe is a computer simulation. On the other hand, the idea that the universe itself is conscious is difficult to rule out entirely. According to Sabine Hossenfelder, it is not a coincidence that quantum entanglement and vacuum energy have become the go-to explanations of alternative healers, or that people believe their deceased grandmother is still alive because of quantum mechanics. Science and religion have the same roots, and they still tackle some of the same questions: Where do we come from? Where do we go to? How much can we know? The area of science that is closest to answering these questions is physics. Over the last century, physicists have learned a lot about which spiritual ideas are still compatible with the laws of nature. Not always, though, have they stayed on the scientific side of the debate. In this lively, thought-provoking book, Hossenfelder takes on the biggest questions in physics: Does the past still exist? Do particles think? Was the universe made for us? Has physics ruled out free will? Will we ever have a theory of everything? She lays out how far physicists are on the way to answering these questions, where the current limits are, and what questions might well remain unanswerable forever. Her book offers a no-nonsense yet entertaining take on some of the toughest riddles in existence, and will give the reader a solid grasp on what we know—and what we don't know.

THE GREAT GATSBY - F. SCOTT FITZGERALD 2022

THE GREAT GATSBY BY F.
