**The Common Cause** - Robert G. Parkinson 2016-05-18

When the Revolutionary War began, the odds of a united, continental effort to resist the British seemed nearly impossible. Few on either side of the Atlantic expected thirteen colonies to stick together in a war against their cultural cousins. In this pathbreaking book, Robert Parkinson argues that to unify the patriot side, political and communications leaders linked British tyranny to colonial prejudices, stereotypes, and fears about insurrectionary slaves and violent Indians. Manipulating newspaper networks, Washington, Jefferson, Adams, Franklin, and their fellow agitators broadcast stories of British agents inciting African Americans and Indians to take up arms against the American rebellion. Using rhetoric like "domestic insurrectionists" and "merciless savages," the founding fathers rallied the people around a common enemy and made racial prejudice a cornerstone of the new

Republic. In a fresh reading of the founding moment, Parkinson demonstrates the dual projection of the "common cause." Patriots through both an ideological appeal to popular rights and a wartime movement against a host of British-recruited slaves and Indians forged a racialized, exclusionary model of American citizenship.

Simply Song of Solomon - Larry and Geri Priest 2021-01-18

The unique premise of this book is God's revelation for bonding couples through marital sex with pleasure and full satisfaction for both spouses. Isn't there more to sex? Christian couples may breeze through the Song of Solomon and be impressed with the poetry, beauty and passion, yet never discover the hidden keys in the revelatory word of God. Many married couples will be amazed as the Song of Solomon unlocks secrets designed by God to bring the husband and wife into a fulfilling sexual union. The creator and designer of sex gives us His instructions. The authors address the worldwide problem of the unfulfilled wife and the husband's premature ejaculation. God's design eliminates such problems. This book exposes Freud's sex fraud which has perpetrated erroneous and destructive thinking on societies for years. Life brings stress, but God grieves when marital sex brings added stress to a marriage. Conversely, God designed sex to be a refreshing oasis from the drudgery and stress of life in every married couple as they fulfill the will of God for their lives. His word describes how to achieve this satisfaction without exercises, drugs or gadgets. God designed it to be a pleasure this world cannot naturally duplicate.

Armenia - Helen C. Evans 2018-09-22

At the foot of Mount Ararat on the crossroads of the eastern and western worlds, medieval Armenians dominated international trading routes that reached from Europe to China and India to Russia. As the first people to convert officially to Christianity, they commissioned and produced some of the most extraordinary religious objects of the Middle Ages. These objects—from sumptuous illuminated manuscripts to handsome carvings, liturgical furnishings, gilded reliquaries, exquisite textiles, and printed books—show the strong persistence of their own cultural identity, as well as the multicultural influences of Armenia's interactions with Romans, Byzantines, Persians, Muslims, Mongols, Ottomans, and Europeans. This unprecedented volume, written by a team of international scholars and members of the Armenian religious community, contextualizes and celebrates the compelling works of art that define Armenian medieval culture. It features breathtaking photographs of archaeological sites and stunning churches and monasteries that help fill out this unique history. With groundbreaking essays and exquisite illustrations, Armenia illuminates the singular achievements of a great medieval civilization.

**The Gospel of Philip** - Jean-Yves Leloup 2004-08-16

A new translation and analysis of one of the most controversial of the apocryphal gospels • Emphasizes an initiatic marriage between the male and female principles as the heart of the Christian mystery • Bears witness to the physical relationship shared by Jesus and Mary Magdalene • Translated from the Coptic and analyzed by the author of the bestselling *The Gospel of Mary Magdalene* (over 90,000 sold) The mainstream position of the Christian church on sexuality was perhaps best summed up by Pope Innocent III (1160-1216) when he stated that “the sexual act is so shameful that it is intrinsically evil.” Another Christian theologian maintained that the “Holy Ghost is absent from the room shared by a wedded couple.” What Philip records in his gospel is

that Christ said precisely the opposite: The nuptial chamber is in fact the holy of holies. For Philip the holy trinity includes the feminine presence. God is the Father, the Holy Ghost is the Mother, and Jesus is the Son. Neither man nor woman alone is created in the image of God. It is only in their relationship with one another--the sacred embrace in which they share the divine breath--that they resemble God. The Gospel of Philip is best known for its portrayal of the physical relationship shared by Jesus and his most beloved disciple, Mary of Magdala. Because it ran counter to the direction of the Church, which condemned the "works of the flesh," Philip's gospel was suppressed and lost until rediscovered at Nag Hammadi in 1947. Orthodox theologian Jean-Yves Leloup's translation from the Coptic and his analysis of this gospel are presented here for the first time in English. What emerges from this important source text is a restoration of the sacred initiatic union between the male and female principles that was once at the heart of Christianity's sacred mystery.

Holy Women, Holy Men - Church Publishing, 2010

Fully revised and expanded, this new work is the first major revision of the liturgical calendar of the Episcopal Church in more than 40 years! It is the official revision of *Lesser Feasts and Fasts* and authorized by the 2009 General Convention. All commemorations in *Lesser Feasts and Fasts* have been retained, and many new ones added. Three scripture readings (instead of current two) are provided for all minor holy days. Additional new material includes a votive mass of the Blessed Virgin Mary, many more ecumenical commemorations, plus a proper for space exploration. For years the oft revised volume, *Lesser Feasts and Fasts* (LFF), has served parishes and individuals mark part of the holiness of each day by providing Scripture readings, a collect, a Eucharistic preface, and a narrative about those remembered on the church's calendar that day whose lives have witnessed to the grace of God. *Holy Women, Holy Men* (HWHM) is a major effort to revise, but also to expand and enrich LFF. Where LFF provided two readings (gospel and other New Testament) plus a psalm, HWHM adds an Old Testament citation. Where LFF was limited to few non-Anglicans in the post-reformation period (and few non-Episcopalians after 1789), HWHM dramatically broadens appreciation for other Christians and their traditions. Over-emphasis on clergy is redressed by additional laity, males by females, and "in-church" activities by contributions well beyond the workings of institutional agendas. These almost daily commemorations occupy over 600 of the book's 785 pages, by far the lion's share of its content. Remaining sections address: principles of revision and guides for future revision; liturgical propers for seasons (Advent/Christmas, Lent, and

Easter); and new propers for a miscellany of propers usable with individuals (or events) not officially listed in the formal calendar. Two cycles of propers for daily Eucharist are also included, one covering a six week period, the other a two year cycle.

**Called to Unity** - John Gibaut 2015

The purpose of this volume on mission and unity is to bring to public attention a broad overview of the history, development, and perspectives of the role of mission in the pursuit of unity and the central biblical focus on unity as a prerequisite for an authentic witness in mission. The volume raises concrete questions: If the churches can agree on unity for mission, then does this visible unity go any further than the mutuality,

partnership, collaboration, and networking of the Edinburgh 2010 Common Call? Does the call to unity or communion imply common touchstones, structures, or ministries to serve the communion of churches in mission?

**Preaching from the Old Testament** - Walter Brueggemann 2019-05-07

In this new volume, prolific scholar Walter Brueggemann seeks to show Christian preachers how to consider the faith witnessed in several Old Testament traditions and to help them discover rich and suggestive connections to our contemporary faith challenges. The author also assumes that a wholesale sustained engagement with the Old Testament is worth the effort for the preacher. He recognizes what he calls the "sorry state" of Old Testament texts in the Revised Common Lectionary, which he claims often constitute a major disservice for the church and its preachers. The lectionary gerrymanders the Old Testament to make it serve other claims, most of the time not allowing it to have its own evangelical say. Brueggemann hopes that his exposition in this volume will evoke and energize fresh homiletical attention to the Old Testament, precisely because he believes the urgent work of the gospel in our society requires attentive listening to these ancient voices of bold insistent faith.

**The Mandaean Book of John** - Charles G. Häberl 2019-11-18

Given the degree of popular fascination with Gnostic religions, it is surprising how few pay attention to the one such religion that has survived from antiquity until the present day: Mandaeism. Madaeans, who esteem John the Baptist as the most famous adherent to their religion, have in our time found themselves driven from their historic homelands by war and oppression. Today, they are a community in crisis, but they provide us with unparalleled access to a library of ancient Gnostic scriptures, as part of the living tradition that has sustained them across the centuries. Gnostic texts such as these have caught popular interest in recent times, as traditional assumptions about the original forms and cultural contexts of related religious traditions, such as Judaism, Christianity, and Islam, have been called into question.

However, we can learn only so much from texts in isolation from their

own contexts. Mandaean literature uniquely allows us not only to increase our knowledge about Gnosticism, and by extension all these other religions, but also to observe the relationship between Gnostic texts, rituals, beliefs, and living practices, both historically and in the present day.

*An Introduction to Catholicism* - Lawrence S. Cunningham 2009-02-16

The Vatican. The Inquisition. Contraception. Celibacy. Apparitions and miracles. Plots and scandals. The Catholic Church is seldom out of the news. But what do its one billion adherents really believe, and how do they put their beliefs into practice in worship, the family, and society? This down-to-earth account goes back to the early Christian creeds to uncover the roots of modern Catholic thinking. It avoids getting bogged down in theological technicalities, and throws light on aspects of the Church's institutional structure and liturgical practice that even Catholics can find baffling: why go to confession? How are people made saints? What is 'infallible' about the Pope? Topics addressed include: • scripture and tradition • sacraments and prayer • popular piety • personal and social morality • reform, mission, and interreligious dialogue Lawrence Cunningham, a theologian, prize-winning writer and university teacher, provides an overview of Catholicism today which will be indispensable for undergraduates and lay study groups.

Never before have all twenty-nine illustrated copies of the Beatus Commentaries on the Apocalypse been brought together for comparative analysis in a single volume. John Williams, renowned expert on the Commentaries, offers here his updated considerations on the material, revising and summing up a lifetime of study on these strikingly illuminated manuscripts. Dating from the early to central Middle Ages, the Spanish phenomenon of the Commentary on the Apocalypse responded to differing monastic needs within the shifting context of the Middle Ages. The volume also presents an in-depth study of the recently discovered Geneva Beatus. One of only three Commentaries written outside the Iberian Peninsula, this manuscript closely follows a Spanish model but was written in a Beneventan script and painted in a style dramatically different from the original.

**From Pearl Harbor To Calvary** - Mitsuo Fuchida 2016-03-28

The true story of the lead pilot of the Pearl Harbor attack and his conversion to Christianity. "As I looked across at my companion, I marveled afresh at the goodness of God-this man was my enemy; now he is my brother! Such is the miracle of the grace of God."—Rev. Elmer Sachs, Director of Sky Pilots International. These words were written of Mitsuo Fuchida, who led the first wave of the air attacks on Pearl Harbor on December 7, 1941 as a Captain in the Imperial Japanese Navy Air Service. After the war, Fuchida was introduced to the gospel through the testimony of Jacob DeShazer. He began reading the Bible and eleven years after Pearl Harbor, he became a Christian. Fuchida spoke boldly of his conversion in his native Japan, and a few years later, he was recruited by Rev. Elmer Sachs to join Sky Pilots International. He came

to the United States where he had the opportunity to share his story across the country. From Pearl Harbor to Calvary is the story of Mitsuo Fuchida's conversion and ministry in his own words. Central to his narrative is the message that God works through even the most improbable of circumstances to further the gospel.

**Clothing Sacred Scriptures** - David Ganz 2018-12-03

According to a longstanding interpretation, book religions are agents of textuality and logocentrism. This volume inverts the traditional perspective: its focus is on the strong dependency between scripture and aesthetics, holy books and material artworks, sacred texts and ritual performances. The contributions, written by a group of international specialists in Western, Byzantine, Islamic and Jewish Art, are committed to a comparative and transcultural approach. The authors reflect upon the different strategies of »clothing« sacred texts with precious materials and elaborate forms. They show how the pretypographic cultures of the Middle Ages used book ornaments as media for building a close relation between the divine words and their human audience. By exploring how art shapes the religious practice of books, and how the religious use of books shapes the evolution of artistic practices this book contributes to a new understanding of the deep nexus between sacred scripture and art. *A Source Book for Ancient Church History, from the Apostolic Age to the Close of the Conciliar Period* - Joseph Cullen Ayer 1913
