The Beast of Buckingham Palace - David Walliams 2022-03-01

The UK's #1 bestselling children's author, David Walliams, is back with a fantastical tale of myth and legend, good and evil, and one small boy on a quest to save the world—chock-full of Walliams's unmistakable humor and perfect for fans of Jeff Kinney and Roald Dahl. The kingdom has fallen into

darkness. Prince Alfred has never left the safety of Buckingham Palace. But there are strange goings on inside the palace walls—and Alfred's life is about to change forever. In the dead of night something terrible stalks the corridors. When Alfred's beloved mother the queen is dragged off to the Tower of London, the boy must summon all his courage to embark on an epic quest to save her... and the entire world.

Royal Homes and Gardens -
Halima Sadat 2019-08-01

Britain has a wealth of royal
palaces, some owned by the
Crown as part of the country's
assets, while others have been
bought by members of the
Royal Family themselves as
personal residences. Each
property has a fascinating story
behind it, as well as its own
unique place in history. This
beautifully illustrated book
looks at some of the UK's best-
loved royal homes, current and
former, their buildings,
gardens, treasures and, of

course, their inhabitants past
and present. Discover how
these homes have evolved over
the centuries and how they are
being adapted for the future
and the demands of modern
life. Written by seasoned Pitkin
royal author Halima Sadat, this
easily digestible volume makes
a wonderful companion for
anyone visiting these
impressive buildings and their
beautiful gardens. Entries
include: Hampton Court,
Osborne House, Windsor
Castle, Kensington Palace,
Buckingham Palace,
Highgrove, Sandringham and
Balmoral.

Victoria (Illustrated Edition)

- Robert Wilson 2021-05-07

The Life and Times of Queen Victoria in 4 volumes is a historical account on the reign of Victoria, Queen of the United Kingdom who held the throne for the big part of the 19th century, from 1837 to 1901. Enriched with numerous illustrations, the book describes the famous Victorian period in UK history. Starting with the death of her predecessor William IV, the work narrates the life of Queen Victoria and along with it deals with the history of United Kingdom and her dominions through the rest of the 19th century.

Kensington Palace - Edward Impey 2012

Reopened to the public in spring 2012 after major renovation, Kensington Palace has been a royal residence for more than three centuries. Formerly a private house enlarged by Christopher Wren to suit the needs of William and Mary, this nonetheless unpretentious property was the favoured home of five

sovereigns until the mid-eighteenth century, and during this period was restyled and decorated by some of England's greatest architects, artists and designers. It was the birthplace and childhood home of Queen Victoria, and towards the end of her reign she approved a pioneering restoration of the State Apartments. More recently, Kensington was the home of Diana, Princess of Wales, during the last years of her life. This revised illustrated history, published to mark the palace's latest transformation, tells the fascinating story of the site, recounting not only the architectural development of the building and the creation of its magnificent gardens, but also the dramas and intrigues of court life.

The Garden - 1872

The Illustrated Letters of Richard Doyle to His Father, 1842-1843 - Richard Doyle
2016-01-04

Before he joined the staff of Punch and designed its iconic front cover, illustrator Richard

"Dicky" Doyle was a young man whose father (political caricaturist John Doyle) charged him with sending a weekly letter, even though they lived under the same roof. This volume collects the fifty-three illustrated missives in their entirety for the first time and provides an uncommon peek into the intimate but expansive observations of a precocious social commentator and artist. In a series of vivid manuscript canvases, Doyle observes Victorian customs and society. He visits operas, plays, and parades. He watches the queen visiting the House of Commons and witnesses the state funeral of the Duke of Sussex. He is caught up in the Chartist riots of August 1842 and is robbed during one of the melees. And he provides countless illustrations of ordinary people strolling in the streets and swarming the parks and picture galleries of the metropolis. The sketches offer a fresh perspective on major social and cultural events of London during the early 1840s by a keen observer not yet

twenty years old. Doyle's epistles anticipate the modern comic strip and the graphic novel, especially in their experimentation with sequential narrative and their ingenious use of space. The letters are accompanied by a full biographical and critical introduction with new material about Doyle's life.

Country Life - 1902

The Garden at Buckingham Palace - Jane Brown 2004
Presents the story of the renowned Buckingham Palace garden in London, from its beginnings as a seventeenth-century mulberry plantation frequented by Samuel Pepys to the role it plays today in the private and public life of the royal family, accompanied by photographs and historic illustrations.

The City as a Work of Art -

Donald J. Olsen 1986
Examines public buildings and homes in nineteenth-century London, Paris, and Vienna, and explains how each city reflected the characteristic lifestyle of its population.

Glenny's illustrated garden forget-me-not - George

Glenny 1860

Agnes Strickland's Queens of England Abridged and Fully Illustrated (Complete) - Rosalie Kaufman 2020-09-28

Matilda, wife of the great William, the Conqueror, was an exceedingly handsome woman, and as she had received the best education that was possible in her times, she was as celebrated for her learning as for her beauty. She was, besides, generous and religious, and had all the qualities necessary for the position she was called upon to fill. She was famed for her fancy-work, which was looked upon as one of the most important and desirable occupations for ladies of rank; and any woman who could spin, weave and embroider was considered quite a treasure. Matilda had three cousins who were such skilful needlewomen, that they were sought in marriage by the greatest princes of Europe. Their work has not been

preserved, but Matilda's still remains and is called the Bayeux Tapestry. It is the most wonderful achievement in needlework ever accomplished by any woman. But we shall tell more about it, by-and-bye. Matilda's father was Earl of Flanders, a rich, powerful prince, skilled in the arts of peace and war. He was, besides, such a popular man that all the rulers in his neighborhood were anxious to win the hand of his beautiful daughter. Her cousin, William of Normandy, was the most accomplished of them all, and loved her devotedly. He was handsome, brave and talented, and so strong, that, it is said, no man could bend his bow but himself. And he was such a sure marksman, that even when riding at full speed, he seldom missed his aim. It is remarkable that although he was the tallest man in his army, he passed through all his battles without the loss of a drop of blood, until towards the close of his career, when he was wounded by his own son. Strange to say, this young man

did not find favor in the eyes of his lady cousin at all; this mortified him so much, that he resolved to win her in spite of herself. He had a rival in a young Saxon nobleman named Brihtric Meaw, who had come to Flanders as ambassador from Edward the Confessor, then on the British throne. This favored gentleman was so fair and light-haired that he was nicknamed "Snow." Matilda loved him in secret, which is probably the reason why she would not listen to her cousin William. But Brihtric Meaw does not seem to have cared particularly for her, and so did not find out what her sentiments were towards him. Thus, quite innocently, he never attempted to court her, and she could not forgive his indifference. Still her mind was filled with him, and this made her treat William coldly. He was not to be baffled, however, but courted her through seven long and tedious years. At last he became impatient, so one day when Matilda was going home from church, he managed to meet her, as lovers

will. Perhaps she was more unkind to him than usual and made him angry, otherwise I do not know how to account for his behavior on that occasion, but he seized hold of her, rolled her in the dirt, then actually beat her. Before she had time to call for help, after she had recovered from her surprise, he jumped on his horse, and rode off as fast as he could go. *Hampton Court Palace* - Lucy Worsley 2005

Worsley and Souden's book tells the story of one of the finest palaces in Europe, covering the original buildings of Henry VIII's reign and the baroque additions by Sir Christopher Wren, as well as the famous Gardens. It also reveals details of palace life for both the monarchy and those 'below stairs'.

Victoria's Lost Pavilion - Paul Fyfe 2017-04-15

This book explores the significance of the now-lost pavilion built in the Buckingham Palace Gardens in the time of Queen Victoria for understanding experiments in British art and architecture at the outset of the Victorian era. It introduces the curious history of the garden pavilion, its experimental contents, the controversies of its critical reception, and how it has been digitally remediated. The chapters discuss how the

pavilion, decorated with frescos and encaustics by some of the most prominent painters of the mid-nineteenth century, became the center of a national conversation about an identity for British art, the capacity of its artists, and the quality of Royal and public taste. Beyond an examination of the pavilion's history, this book also introduces a digital model which restores the pavilion to virtual life, underscoring the importance of the pavilion for Victorian aesthetics and culture.
