The Scientific Correspondence of H.A. Lorentz - A.J. Kox 2008-09-18

This volume presents a selection of 434 letters from and to the Dutch physicist and Nobel Prize winner Hendrik Antoon Lorentz (1853–1928), covering the period from 1883 until a few months before his death in February 1928. The

sheer size of the available correspondence (approximately 6000 letters from and to Lorentz) preclude a full publication. The letters included in this volume have been selected according to various criteria, the most important of which is scientific importance. A second criterion has been the availability of letters both from and to Lorentz, so that the reader can follow the exchange between Lorentz and his correspondent. Within such correspondences a few unimportant items, dealing with routine administrative or organizational matters, have been omitted. An exception to the scientific criterion is the exchange of letters between Lorentz and Albert Einstein, Max Planck, Woldemar Voigt, and Wilhelm Wien during World War I: these letters have been included because they shed important light on the disruption of the scientific relations during the war and on the political views of these correspondents as well as of Lorentz. similar reasons the letters exchanged with Einstein

and Planck on post-war political issues have been included. Biographical sketch Hendrik Antoon Lorentz was born on July 18, 1853 in the Dutch town of Arnhem. He was the son of a relatively well-to-do owner of a nursery.

Freiheit. Krise. Verantwortung.

- Jetzt mit aktualisiertem

Vorwort der Autorin im

Hinblick auf die Corona-Krise.

»Ich war schon immer der

Meinung, dass Krisen zum

Leben gehören. Meine

Erfahrungen haben mich

gelehrt, dass ein gelingendes

Leben nur dann möglich ist,

wenn ich das Leben in seiner

ganzen Bandbreite annehme.

Mit all seinen Höhen und

Tiefen. Mit seinen Licht- und

seinen Schattenseiten. Und

deshalb macht es für mich

auch keinen Sinn, sich eine

Krise schönzureden oder noch

schlimmer - über sie zu klagen.

Ich bin ja nicht auf die Welt

gekommen, um zu jammern.

Ich bin auf die Welt

gekommen, um etwas

Sinnvolles aus meinem Leben

zu machen. Meinem Leben

Sinn zu geben. Im Denken und

vor allem auch im Handeln.

Und so kann es durchaus Sinn

machen, das Beste aus einer

Krise zu machen, wenn man sie

schon hat.« Tamara Dietl

erzählt in diesem Buch über

Schwierigkeiten als

Herausforderung für ein

erfülltes Leben. Beruflich seit

Jahren damit beschäftigt, als

Sinn- und Wertecoach anderen

Menschen in Krisensituationen

beizustehen, geriet sie 2015

durch die schwere Krankheit

ihres Mannes, des

Filmregisseurs Helmut Dietl,

selbst in eine große Krise. Wie

es gelingen kann, trotz Krise

ein sinnvolles Leben zu führen,

davon berichtet sie in diesem

Buch. Es ist eine große

Liebeserklärung an ihren

Mann, an die Kraft des

Augenblicks und an das Leben.

Procreare iucundum, sed  
parturire molestum. (Gauss,  
sec. Eisenstein) The plan of  
this book was first conceived  
eight years ago. The

manuscript developed slowly  
through several versions until  
it attained its present form in  
1979. It would be inappropriate  
to list the names of all the  
friends and advisors with  
whom I discussed my various  
drafts but I should like to  
mention the name of Mr. Gary  
Cornell who, besides  
discussing with me numerous  
details of the manuscript,  
revised it stylistically. There is  
much interest among  
mathematicians to know more  
about Gauss's life, and the  
generous help I received has  
certainly more to do with this  
than with any individual,  
positive or negative, aspect of  
my manuscript. Any mistakes,  
errors of judgement, or other  
inadequacies are, of course,  
the author's responsibility. The  
most incisive and, in a way,  
easiest decisions I had to make  
were those of personal taste in  
the choice and treatment of  
topics. Much had to be omitted  
or could only be discussed in a  
cursory way.

Timeless Experience - Nancy Amendt-Lyon 2016-05-11

For years, psychotherapists have known that Laura Perls was actively involved in the development of what today is known as Gestalt therapy, although her husband, Frederick Perls, officially authored the foundational texts. Laura Perls's own professional publications are succinct and appreciated, but they are not numerous. The present volume, comprising Laura Perls's heretofore unpublished writing, including journal entries, letters, poems, translations, short stories, and drafts for lectures and publications, offers a very

personal perspective on one of the founders of Gestalt therapy. The extensive interview that Daniel Rosenblatt conducted with Laura Perls in 1972, published here for the first time in English, complements her literary texts, and provides valuable background information. Laura Perls's history spans two world wars, flight from Nazi persecution, life on three continents, and many new beginnings. Together with her known works, these literary texts reflect the emergence of women into professional and public life during the 20th century by giving the reader insight into this time period and the influence of a woman on the development of a major school of Humanistic Psychology. The rich cultural background from which Laura Perls benefited and the authors whose works inspired her resonate in her literary texts, a treasure chest of personal reflections during the decades of her life from 1946 to 1985. In addition, a general overview

of her life is provided, her theoretical and practical contributions to the origins and development of Gestalt therapy are described, and her legacy to the field of Gestalt therapy is elucidated. Laura Perls was known for making the New York Institute for Gestalt Therapy a viable and important

teaching community. For decades, she was the keeper of the flame of this foundational Gestalt institute. Best known for her concepts of contact and support, the creative use of experiments, and productive use of embarrassment, Laura Perls's literary texts are finally made available here.
