To Be a Friend Is Fatal - Kirk W. Johnson 2013-09-03

The "searing" (The New Yorker), "must read" (The Philadelphia Inquirer) memoir of "one of the few genuine heroes of America's war in Iraq" (Dexter Filkins). In January 2005 Kirk Johnson, then twenty-four, arrived in Baghdad as USAID's (US Agency for International Development) only Arabic-speaking American employee. Despite his opposition to the war, Johnson felt called to civic duty and wanted to help rebuild Iraq. Working as the USAID's first reconstruction coordinator in Fallujah, he traversed the city's IED-strewn streets, working alongside idealistic Iraqi translators—young men and women sick of Saddam, filled with Hollywood slang, and enchanted by the idea of a peaceful, democratic Iraq. It was not to be. As sectarian violence escalated, Iraqis employed by the US coalition found themselves subject to a campaign of kidnapping, torture, and assassination. On his first brief vacation, Johnson, swept into what doctors later described as a "fugue state," crawled onto the ledge outside his hotel window and plunged off. He would spend the next year in an abyss of depression, surgery, and PTSD—crushed by having failed in Iraq. One day, Johnson received an email from an Iraqi friend, Yaghdan: People are trying to kill me and I need your help. That email launched Johnson's now seven-year mission to get help from the US government for Yaghdan and thousands of abandoned Iraqis like him. *To Be a Friend Is Fatal* is Kirk W. Johnson's "truly incredible" (Ira Glass) portrait of the human rubble of war and his efforts to redeem a shameful

chapter of American history. "It is difficult to imagine a book more urgent than this" (The Boston Globe).

[The 4 Disciplines of Execution](#) - Chris McChesney 2016-04-12

BUSINESS STRATEGY. "The 4 Disciplines of Execution" offers the what but also how effective execution is achieved. They share numerous examples of companies that have done just that, not once, but over and over again. This is a book that every leader should read! (Clayton Christensen, Professor, Harvard Business School, and author of "The Innovator's Dilemma)." Do you remember the last major initiative you watched die in your organization? Did it go down with a loud crash? Or was it slowly and quietly suffocated by other competing priorities? By the time it finally disappeared, it's likely no one even noticed. What happened? The whirlwind of urgent activity required to keep things running day-to-day devoured all the time and energy you needed to invest in executing your strategy for tomorrow. "The 4 Disciplines of Execution" can change all that forever.

Invisible Weapons - M. Cecilia Gaposchkin 2017-01-17

Throughout the history of the Crusades, liturgical prayer, masses, and alms were all marshaled in the fight against Muslim armies. In *Invisible Weapons*, M. Cecilia Gaposchkin focuses on the ways in which Latin Christians communicated their ideas and aspirations for crusade to God through liturgy, how public worship was deployed, and how prayers and masses absorbed the ideals and priorities of crusading. Placing religious

texts and practices within the larger narrative of crusading, Gaposchkin offers a new understanding of a crucial facet in the culture of holy war.

Management of Federal Agency Disbursements (Us Fiscal Service Regulation) (Fiscal) (2018 Edition) - The Law The Law Library 2018-09-21

Management of Federal Agency Disbursements (US Fiscal Service Regulation) (FISCAL) (2018 Edition) The Law Library presents the complete text of the Management of Federal Agency Disbursements (US Fiscal Service Regulation) (FISCAL) (2018 Edition). Updated as of May 29, 2018 The Department of the Treasury (Treasury), Financial Management Service (FMS), is amending its regulation to require recipients of Federal nontax payments to receive payment by electronic funds transfer (EFT), effective May 1, 2011. The effective date is delayed until March 1, 2013, for individuals receiving Federal payments by check on May 1, 2011; and for individuals who file claims for Federal benefits before May 1, 2011, and request check payments when they file. Individuals who do not choose direct deposit of their payments to an account at a financial institution would be enrolled in the Direct Express(R) Debit MasterCard(R) card program, a prepaid card program established pursuant to terms and conditions approved by FMS. Treasury waives the EFT requirement for recipients born prior to May 1, 1921, who are receiving payments by paper check on March 1, 2013; for payments not eligible for deposit to a Direct Express(R) prepaid card account; and for recipients whose Direct Express(R) card has been

suspended or cancelled. Online Resolution of E-commerce Disputes - Jie Zheng 2020-10-03

This book discusses how technological innovations have affected the resolution of disputes arising from electronic commerce in the European Union, UK and China. Online dispute resolution (ODR) is a form of alternative dispute resolution in which information technology is used to establish a process that is more effective and conducive to resolving the specific types of dispute for which it was created. This book focuses on out-of-court ODR and the resolution of disputes in the field of electronic commerce. It explores the potential of ODR in this specific e-commerce context and investigates whether the current use of ODR is in line with the principles of access to justice and procedural fairness. Moreover, it examines the major concerns surrounding the development of ODR, e.g. the extent to which electronic ADR agreements are recognized by national courts in cross-border e-commerce transactions, how procedural justice is ensured in ODR proceedings, and whether ODR outcomes can be effectively enforced. To this end, the book assesses the current and potential role of ODR in resolving e-commerce disputes, identifies the legal framework for and legal barriers to the development of ODR, and makes recommendations as to the direction in which practice and the current legal framework should evolve. In closing, the book draws on the latest legislation in the field of e-commerce law and dispute resolution in order to make recommendations for future ODR design, such as the EU Platform-to-Business Regulation on Promoting Fairness and Transparency for Business Users of Online Intermediation Services

(2019) and the United Nations Convention on International Settlement Agreements Resulting from Mediation (2018), which provide the legal basis for ODR's future development.

Queen of Scots - John Guy 2014-06-17

This Whitbread Award-winning biography and basis for the film *Mary Queen of Scots* starring Saoirse Ronan and Margot Robbie “reads like Shakespearean drama” (The Atlanta Journal-Constitution). “A triumph . . . A masterpiece full of fire and tragedy.” —Amanda Foreman, author of *Georgiana* In the first full-scale biography of Mary Stuart in more than thirty years, John Guy creates an intimate and absorbing portrait of one of history's greatest women, depicting her world and her place in the sweep of history with stunning immediacy. Bringing together all surviving documents and uncovering a trove of new sources for the first time, Guy dispels the popular image of Mary Queen of Scots as a romantic leading lady—achieving her ends through feminine wiles—and establishes her as the intellectual and political equal of Elizabeth I. Through Guy's pioneering research and superbly readable prose, we come to see Mary as a skillful diplomat, maneuvering ingeniously among a dizzying array of factions that sought to control or dethrone her. *Queen of Scots* is an enthralling, myth-shattering look at a complex woman and ruler and her time. “The definitive biography . . . Gripping . . . A pure

pleasure to read.” —The Washington Post Book World “Reads like Shakespearean drama, with all the delicious plotting and fresh writing to go with it.” —The Atlanta Journal-Constitution

Objects of Worship in South Asian Religions - Knut A. Jacobsen
2014-08-27

Objects of worship are an aspect of the material dimension of lived religion in South Asia. The omnipresence of these objects and their use is a theme which cuts across the religious traditions in the pluralistic religious culture of the region. Divine power becomes manifest in the objects and for the devotees they may represent power regardless of religious identity. This book looks at how objects of worship dominate the religious landscape of South Asia, and in what ways they are of significance not just from religious perspectives but also for the social life of the region. The contributions to the book show how these objects are shaped by traditions of religious aesthetics and have become conceptual devices woven into webs of religious and social meaning. They demonstrate how the objects have a social relationship with those who use them, sometimes even treated as being alive. The book discusses how devotees relate to such objects in a number of ways, and even if the objects belong to various traditions they may attract people from different communities and can also be contested in various ways. By analysing the specific qualities that make objects eligible for a status and identity as living objects of worship, the book contributes to an understanding of the central significance of these objects in the religious and social life of South Asia. It will be of interest to students and scholars of Religious Studies and South Asian Religion, Culture and Society.

Trading with the Enemy - John Shovlin 2021-06-08

A ground-breaking account of British and French efforts to channel their eighteenth-century geopolitical rivalry into peaceful commercial competition Britain and France waged war eight times in the century following the Glorious Revolution, a mutual antagonism long regarded as a "Second Hundred Years' War." Yet officials on both sides also initiated ententes, free trade schemes, and colonial bargains intended to avert future conflict. What drove this quest for a more peaceful order? In this highly original account, John Shovlin reveals the extent to which Britain and France sought to divert their rivalry away from war and into commercial competition. The two powers worked to end future conflict over trade in Spanish America, the Caribbean, and India, and imagined forms of empire-building that would be more collaborative than competitive. They negotiated to cut cross-channel tariffs, recognizing that free trade could foster national power while muting enmity. This account shows that eighteenth-century capitalism drove not only repeated wars and overseas imperialism but spurred political leaders to strive for global stability.

Internal Medicine: A Doctor's Stories - Terrence Holt 2014-09-08
Named one of the Best Books of the Year by Kirkus Reviews and
BookPage "Illuminates human fragility in tales both lyrical and soul-
wrenching." —Danielle Ofri, New York Times Book Review In this "artful,
unfilingly human, and understandable" (Boston Globe) account inspired
by his own experiences becoming a doctor, Terrence Holt puts readers
on the front lines of the harrowing crucible of a medical residency. A
medical classic in the making, hailed by critics as capturing "the feelings
of a young doctor's three-year hospital residency . . . better than
anything else I have ever read" (Susan Okie, Washington Post), Holt
brings a writer's touch and a doctor's eye to nine unforgettable stories
where the intricacies of modern medicine confront the mysteries of the
human spirit. Internal Medicine captures the "stark moments of success
and failure, pride and shame, courage and cowardice, self-reflection and
obtuse blindness that mark the years of clinical training" (Jerome

Groopman, New York Review of Books), portraying not only a doctor's struggle with sickness and suffering but also the fears and frailties each of us—doctor and patient—bring to the bedside.

Brotherly Love - Kenneth Loisel 2014-07-10

Friendship, an acquired relationship primarily based on choice rather than birth, lay at the heart of Enlightenment preoccupations with sociability and the formation of the private sphere. In *Brotherly Love*, Kenneth Loisel argues that Freemasonry is an ideal arena in which to explore the changing nature of male friendship in Enlightenment France. Freemasonry was the largest and most diverse voluntary organization in the decades before the French Revolution. At least fifty thousand Frenchmen joined lodges, the memberships of which ranged across the social spectrum from skilled artisans to the highest ranks of the nobility. Loisel argues that men were attracted to Freemasonry because it enabled them to cultivate enduring friendships that were egalitarian and grounded in emotion. Drawing on scores of archives, including private letters, rituals, the minutes of lodge meetings, and the speeches of many Freemasons, Loisel reveals the thought processes of the visionaries who founded this movement, the ways in which its members maintained friendships both within and beyond the lodge, and the seemingly paradoxical place women occupied within this friendship community. Masonic friendship endured into the tumultuous revolutionary era, although the revolutionary leadership suppressed most of the lodges by 1794. Loisel not only examines the place of friendship in eighteenth-century society and culture but also contributes to the history of emotions and masculinity, and the essential debate over the relationship between the Enlightenment and the French Revolution.

Fallacy of Militant Ideology - Munir Masood Marath 2021-09-07

This book highlights the conflict between jihadist militants and the West as essentially ideological in character. It has serious implications internalized by Muslim societies, with the boundaries of faith changed by the interplay of socio-political variables. Violence emerged in Muslim

societies as a means of emancipation or identity when the state could not resolve the conflict situation. Although the militants were influenced by socio-political factors, they have always looked to religion to justify their acts of violence. This book, exposing the fallacy of the narrative evolved by the militants, offers a counter narrative. It reinterprets the primary sources, unravels the historical and socio-political constructs, unmask the heroes and enemies, challenges the dichotomies between theory and practice, re-establishes the boundaries between heresy and faith, and attempts to transform the current ideological discourse. ~ This book will be of interest to students and scholars of the discourse between religion and security, political Islam, Islamic history, jihad, Middle Eastern studies, and South Asian studies.
