**Stock Market Rebound** - Scott Douglas 2020-06-11

If you want to quickly rebound from the economic downturn, then keep reading ... The global coronavirus pandemic and resulting shutdown of the economy have left many devastated. Not a single family in North America has been spared. The impact can be felt everywhere. Massive job losses, the shutdown of entire industries, travel restrictions, and social distancing are now the norm. We're living within a new world order. And we're all feeling the financial impact of this turn of events. Many Americans have lost entire fortunes as a result of the recent stock market meltdown. Seeing your investment portfolio being decimated in the wake of this global health crisis is disheartening. How do you fathom even getting back to even? Despite being caught in the middle of this recent economic downturn, things will REBOUND. All major market crashes turn around. Isn't it about time for you to create your own

economic stimulus package? All major stock market corrections create investment opportunities enabling you to take advantage of mispricings in the stock market. Knowing how to capitalize on this turn of events becomes the challenge. This is where Stock Market Rebound comes in. This step-by-step guide takes you by the hand and walks you through a momentum investing approach that takes advantage of stock market corrections. Not all companies were impacted by the downturn of events. Some have been unfairly dragged down with the overall market making them potential momentum plays. When the stock market rebounds, and it always does, these stocks should see some major stock price appreciation. Momentum investing is not new. What is new is the context and the approach being used in this resource. Capital preservation should be foremost on your mind. Any investment system needs to take this new reality into consideration. Societal changes as to how we'll live our lives moving forward has evolved. This is why the momentum investing approach outlined in this book incorporates covered call writing into the discussion to protect your hard-earned capital. Not only will you learn how to reduce risk, you'll also learn how to generate cash flow into your brokerage account when the momentum behind a stock slows. Important knowledge to tap into, right? You're about to discover: When to expect a rebound in the economy and what it might look like? What 3 types of companies make excellent momentum picks? Why you should avoid the BEACH industries? Which industries will bounce back quickly? What handful of indicators are the most helpful in analyzing prospects? How to safely enter the market and best time momentum plays? How do you limit risk while augmenting your returns? When to use covered calls to protect your positions and generate monthly income? How to create a simple, effective momentum investing plan? and much more... Not only that, you'll also see firsthand how various investment scenarios could play out. An entire section is devoted to exploring several case studies so you can better apply the concepts being discussed in your guide. Even if you've never invested in the stock market before, Stock Market Rebound can provide you with enough insights to safely enter and exit momentum plays. AND even if you don't

have a lot of investment capital, you can still benefit Your detailed guide works on the premise that most investors don't have a lot of capital to invest in the markets. Hence, the emphasis on working with small, manageable positions. The markets aren't going to wait for you. Isn't it about time to take back control? ### **101 Cash Flow Ideas** - Brandon Murray 2019-11-15

Do you want to make money every day without having to work for the boss? Do you want to enjoy the freedom that comes with being wealthy? Or maybe you looking for methods to protect and increase your capital? The question then is, how? And yes, the answer is passive income, what you have certainly heard about. The average person spends his or her life working for money. Some work at a job, others run their own businesses and others do both. The kind of income derivable from these sources is called active income. All these persons have to keep working to keep living. It's like driving a car. You have to keep your hands on the steering and your leg on the accelerator for the car to keep moving. You stop exerting yourself, and your cash flow runs dry. With an active income, the asset is the person. You are the goose that lays the egg, whether golden or otherwise. But where passive income is concerned, your initial investment-be it in the form of money or effort-is what keeps the cash flowing. This 3-in-1 bundle seeks to expose you to a variety of ways to generate passive income. From the very familiar ideas of real estate, stock and other conventional income streams to the many novel internet-based ideas, this book gives you an understanding of these ideas. *Passive Trading: How To Generate Consistent Monthly Income From The Stock Market In Just Minutes A Day* - Allen Sama 2020-06-01

What would you do if money was no object? What would your life look like if you had all the money you needed AND had the time to enjoy it? In this eye opening and integral book, Allen Sama breaks down a proven solution that can secure your finances. Passive Trading is a

revolutionary, new way to invest in the stock market which provides better returns, requires less risk and takes just a few minutes to do. It allows you to earn consistent, monthly passive income by trading options using safe, conservative strategies and owning high quality, stable stocks. The goal is to help you obtain financial freedom by better understanding the stock market and how to generate cash flow from it. With Passive Trading you'll never be scared of running out of money in retirement or if you will even be able to retire. You'll learn how to take control of your finances by "selling time" so that your money works for you generating an income 24 hours a day, 365 days a year. It can take as little as an hour a week or a few minutes a day. You decide. And you can do it from anywhere in the world. It doesn't matter how old you are, how much money you have, if you have never invested before, or even if you have lost money trading stocks and options in the past. You will learn:

- Sama's 3-step method that transforms you into a confident investor earning passive income every month, spending less than 30 minutes per day.
- How to identify the best stocks to own and trade.
- 4 strategies to generate an income from stocks you currently own.
- How to buy stocks the Warren Buffet way at the price you want to pay for it.
- How to place trades that have a 90% probability of success, even if you have never traded before.
- The strategy discovered by a Wharton professor after years of research that shows how any individual investor can beat the averages and do better than index funds.
- Why your financial planner is afraid you will read this book.
- How to get started trading with as little as \$100.
- How to earn up to 10% per month, every month like clockwork. Your gains can be enjoyed as income or left in your account to grow.
- Plus a lot more. The wealthy have been using these strategies for decades if not longer. Now it is time for you to take advantage of them as well. Don't wait. Read this book and unlock the benefits of living the Passive Trading Lifestyle today!

Getting Started in Value Investing - Charles S. Mizrahi 2011-01-07

An accessible introduction to the proven method of value investing An ardent follower of Warren Buffett-the most high-profile value investor today-author Charles Mizrahi has long believed in the power of this

proven approach. Now, with Getting Started in Value Investing, Mizrahi breaks down this successful strategy so that anyone can learn how to use it in his or her own investment endeavors. Written in a straightforward and accessible style, this book helps readers gain an overall understanding of the value approach to investing and presents statistics that reveal the overwhelming success of this approach through a variety of markets. Engaging and informative, Getting Started in Value Investing skillfully shows readers how to look for undervalued companies and provides them with the tools they need to succeed in today's markets. Charles S. Mizrahi (Brooklyn, NY) is Managing Partner of CGM Partners Fund LP. He is also editor of Hidden Values Alert, a monthly newsletter focused on value investing. Mizrahi has more than 25 years of investment experience and is frequently quoted in the press. **Invest Like a Guru** - Charlie Tian 2017-03-31

Adopt the investment strategy that built Warren Buffett's fortune Invest Like a Guru provides an invaluable resource for high-quality-focused value investing, with expert insight and practical tools for implementation. Written by the man behind [GuruFocus.com](http://GuruFocus.com), this book expands on the site's value strategies and research tools to provide a primer for those exploring pathways to higher returns at lower risk. The book begins with an insightful explanation of high-quality-focused value investing concepts, then quickly moves into practical, detailed guidance on analysis, valuation, key factors, and risks to avoid. Case studies demonstrate real-world application of various analysis methods, and the discussion walks you through important calculations using real examples. Author Charlie Tian draws upon his own experiences and lessons learned to provide true insight on high-quality-focused value investing as a strategy, providing both reference and expert advice in this singularly useful guide. Warren Buffett once said, "I would rather buy good companies at fair prices than buy fair companies at good prices." That's how he built his fortune, and his method is what we now call high-quality-focused value investing. This book shows you how to determine what constitutes "good companies" and "fair prices," with practical tools

for real-world application. Learn the principles and concepts of high-quality-focused value investing Understand the analysis process and valuation of prospective investments Avoid the value traps that can trigger permanent losses Study clear examples of key ratios and calculations We can't all become the next Warren Buffett, but we can boost returns while reducing risk using the right investment strategy. High-quality-focused value investing provides a path to profit, and Invest Like a Guru is the one-of-a-kind guidebook for getting on track.

[The Passive Income Myth](#) - Joseph Hogue 2015-07-04

You've seen the book titles. They start with, "How to," and end with some ridiculous promise of a six-figure income or the word, "from home."

Search for 'How to make passive income' in Google and you're blasted by more than seven million results. You can practically feel the swindlers screaming out at you from the screen. Making money on your investments is a powerful draw and ripe for all kinds of scams, scoundrels and shysters. But in the fiction, there's a little truth to be found. The truth that more than a few people have built massive success stories through the four most popular strategies. The truth that many of the strategies can be started in your spare time and require little cash to get started. This book is about that truth. The Passive Income Myth is your opportunity to cut through the B.S. and scams to see how money really can be made in four passive income strategies. I have been involved in every strategy described. Knowing what I have picked up over the last twenty years will save you years of time learning and mistakes made. Each strategy can be read separately or as a part of a complete system to put together true passive income potential. In this book you'll learn: - The exact process I used to make more money on blogging that 81% of bloggers in less than a year (page 46) - 5 simple criteria I use to pick dividend stocks that will create stable cash flow forever (page 88) - The fixed-income investment that is replacing bonds as the safety and income investment (page 122) - Sources of special real estate loans with as little as 3.5% down (page 12) - The step-by-step process to value residential real estate (page 16) - How to invest in real estate without the tenant headaches or even touching a property (page

30) - An investment that has nearly doubled the annual return on stocks over the last 20 years, and has another 20 years to go (page 99)

**Covered Calls Made Easy** - Matthew R. Kratter 2015-05-26

New to trading options? Looking to generate some extra monthly cash flow? Covered calls are the place to start. Perhaps you are sitting in cash, scared to get back into the stock market. But you are also unwilling to lock up your money in a CD that pays next to nothing. Covered calls are a great way to slowly ease back into the market, while starting to generate some income. This conservative strategy is also often used by buy-and-hold investors to generate extra income from stocks in their long-term holdings. Even if you know nothing at all about trading options, this guide will quickly bring you up to speed. This book will teach you: How to understand options terminology like calls, strike, expiration, etc. The crucial difference between "naked calls" and "covered calls" (don't trade options until you know the difference!) How to find stocks that are the best candidates for covered calls How to pick the best strike price and expiration date for your calls "Covered Calls Made Easy" will teach you everything you need to know about the #1 most popular options trading strategy. And if you ever get stuck, you can always reach out to me by email (provided inside the book), and I will help you. Ready to get started? Using Stocks and Stock Options to develop a low-risk, wealth-building strategy for retail investors.

**Covered Calls for Beginners** - Freeman Publications 2020-11-29

Stop settling for ever-decreasing dividend yields and bank CDs which pay less than 1% and start making your investments work for you again... If you're worried about the current market uncertainty, covered calls are your antidote to chaos. You can use them to generate safe returns, no matter what happens to your stock. It's like generating rental income on stocks you already own, even if those stocks don't already pay dividends. Which is why with smart covered call writing, you can double your monthly cash flow. Making it the perfect income strategy, because you

can use covered calls to create instant cash, with premiums paid directly into your brokerage account. So you can use this smart, safe strategy to generate "Synthetic Dividends" on stocks that you already own. Covered calls aren't risky... when used correctly they actually decrease your risk... and even the most conservative investors can benefit from adding covered call writing to their investment strategy. Even if you know nothing about options, this book will get you right up to speed. Here is just a fraction of what you'll discover: - The 6 criteria we use to select the best stocks to write covered calls on - Page 96 - Why you shouldn't write covered calls in an IRA. Many investors make this mistake, but learn why using a regular account will actually save on your tax bill - Page 54 - How to use covered calls to lower the purchase price of stocks you already own - 3 rules for adjusting your covered call - Page 129 - How to find the best covered call stocks for free. Stock scanning services will charge you \$99/month for this information, but our approach costs nothing and lists the exact same companies - Page 100 - How to get started with covered calls if you only have a small account. This is perfect if you want the benefits but don't have \$5,000 or more to invest - Page 133 Plus, inside the book you get free access to a 7 part video course covering all aspects of profitable investing So even if you've never used options before, the book walks you through everything step by step. You'll find everything explained in plain English, free from technical jargon. Even if you get stuck, you can always send us an email (provided inside the book) or reach out in our private investing community on social media - we're always happy to help with any questions you might have. And remember... bank CD's will only pay you between 0% and 1%... the dividend yield on the S&P 500 is around 2%... and 5 to 10 year municipal bonds will only pay between 2% and 3%. But if you use what's inside this book, you could have the opportunity to get much more than that. For instance... if you put together a portfolio of three of the best covered call stocks... you could see an average yield of 15% per year... just from your covered call income. All this from your regular brokerage account, just as easily as you can buy stock. Because if you know how to buy stocks, you can use covered calls. And when you receive just a single premium from

one of these covered calls (which is paid into your account instantly) it will cover the cost of this book 10x over. To get your copy right now, just scroll up and click "add to cart"

**Quantitative Value** - Wesley R. Gray 2012-11-29

A must-read book on the quantitative value investment strategy Warren Buffett and Ed Thorp represent two spectrums of investing: one value driven, one quantitative. Where they align is in their belief that the market is beatable. This book seeks to take the best aspects of value investing and quantitative investing as disciplines and apply them to a completely unique approach to stock selection. Such an approach has several advantages over pure value or pure quantitative investing. This new investing strategy framed by the book is known as quantitative value, a superior, market-beating method to investing in stocks. Quantitative Value provides practical insights into an investment strategy that links the fundamental value investing philosophy of Warren Buffett with the quantitative value approach of Ed Thorp. It skillfully combines the best of Buffett and Ed Thorp—weaving their investment philosophies into a winning, market-beating investment strategy. First book to outline quantitative value strategies as they are practiced by actual market practitioners of the discipline Melds the probabilities and statistics used by quants such as Ed Thorp with the fundamental approaches to value investing as practiced by Warren Buffett and other leading value investors A companion Website contains supplementary

material that allows you to learn in a hands-on fashion long after closing the book. If you're looking to make the most of your time in today's markets, look no further than *Quantitative Value*.

### **7 Secrets to Investing Like Warren Buffett** - Mary Buffett 2019-10-22

A clear, simple, and complete guide for beginning investors from bestselling author Mary Buffett and Sean Seah that explains Warren Buffett's techniques of Value Investing and his proven strategies to ensure long-term success. For twelve years, Mary Buffett was part of the Buffett inner circle. During that time, she studied Warren's investment strategies and techniques and observed his habits. Now, in *7 Secrets to Investing Like Warren Buffett*, Mary and Sean Seah provide a complete guide for beginning investors who want to understand how to invest like Warren Buffett. Mary and Sean walk readers through the process of assessing and buying stocks step-by-step. Their friendly and direct style and concrete examples make it easy to understand how to avoid common pitfalls and prosper in the stock market. The first section of the book discusses habits to adopt to begin a lifelong journey of wealth building. The second section examines specific stock-picking techniques inspired by Buffett's teacher Benjamin Graham and that are vastly different from the common Wall Street wisdom of trying to time the market. The authors look at timeless principles as well as latest ideas on where to find great investment ideas, and they share the specific financial indicators they look for in a good investment. Finally, Mary and Sean explain how to build and track a portfolio of stocks. From learning how to read financial statements to preparing both personal and professional balance sheets, *7 Secrets to Investing Like Warren Buffett* is a must-have companion for every investor. Simple questionnaires, charts, and graphs help illustrate specific strategies. The authors' personal stories provide a

clear explanation of the theory behind Value Investing, as well as advice for developing the necessary "soft skills"—habits, mindset, loving what you do, taking care of your mind and body—that have made Warren Buffett and many others so successful.

TurnKey Investing with Lease-Options - Matthew S. Chan 2004-08  
"IMAGINE A SOLID INVESTMENT PORTFOLIO WITHOUT BEING IN THE STOCK MARKET!" Since the Tech Stocks Crash of 2000, trillions of dollars of investor wealth disappeared from existence. Investors

throughout the world saw their investment portfolios and retirement accounts crushed by their holdings of stocks and mutual funds. Simultaneously, investors of residential property continued to see their real estate portfolio appreciate and generate steady returns. Because of the financial devastation, investors have changed their investment priorities. Speculation and Volatility are Out. Safe and Steady Returns are In. If you watched your stock portfolio get crushed and want to invest differently, this book will show you ANOTHER WAY! Through the simple acquisition of small houses, safe and steady returns can be generated with the Lease-Options strategy. You will learn the "TurnKey Investing" philosophy of building, investing and managing your real estate portfolio with Lease-Options. "WHAT FINANCIAL ADVISORS WILL NEVER TELL YOU!" You will learn how to: \* Use Lease-Options to simply and safely build your portfolio! \* How to generate steady, spendable cash flow through Lease-Options! \* Find the right real estate market to safely invest in! \* Profitably manage properties without ongoing maintenance expenses! \* Find the right Management Team to build and guard your portfolio! \* Invest in the Lease-Options Strategy without owning property! TurnKey Investing with Lease-Options is an investment book like no other. It goes against what the traditional financial community sells and sure to upset the establishment. This book is only for independent-minded investors who want to take control of their investments ... not for the conventional "follow the herd" speculators of Wall Street.

**Stock Market Rebound** - Scott Douglas 2020-06-18

If you want to quickly rebound from the economic downturn, then keep reading ... The global coronavirus pandemic and resulting shutdown of the economy have left many devastated. Not a single family in North America has been spared. The impact can be felt everywhere. Massive job losses, the shutdown of entire industries, travel restrictions, and social distancing are now the norm. We're living within a new world order. And we're all feeling the financial impact of this turn of events. Many Americans have lost entire fortunes as a result of the recent stock market meltdown. Seeing your investment portfolio being decimated in

the wake of this global health crisis is disheartening. How do you fathom even getting back to even? Despite being caught in the middle of this recent economic downturn, things will REBOUND. All major market crashes turn around. Isn't it about time for you to create your own economic stimulus package? All major stock market corrections create investment opportunities enabling you to take advantage of mispricings in the stock market. Knowing how to capitalize on this turn of events becomes the challenge. This is where Stock Market Rebound comes in. This step-by-step guide takes you by the hand and walks you through a momentum investing approach that takes advantage of stock market corrections. Not all companies were impacted by the downturn of events. Some have been unfairly dragged down with the overall market making them potential momentum plays. When the stock market rebounds, and it always does, these stocks should see some major stock price appreciation. Momentum investing is not new. What is new is the context and the approach being used in this resource. Capital preservation should be foremost on your mind. This is why the momentum investing approach outlined in this book incorporates covered call writing into the discussion to protect your hard-earned capital. Not only will you learn how to reduce risk, you'll also learn how to generate cash flow into your brokerage account when the momentum behind a stock slows. Important knowledge to tap into, right? You're about to discover: - When to expect a rebound in the economy and what it might look like? - What 3 types of companies make excellent momentum picks? - Why you should avoid the BEACH industries? - Which industries will bounce back quickly? - What handful of indicators are the most helpful in analyzing prospects? - How to safely enter the market and best time momentum plays? - How do you limit risk while augmenting your returns? - When to use covered calls to protect your positions and generate monthly income? and much more... Not only that, you'll also see firsthand how various investment scenarios could play out. An entire section is devoted to exploring several case studies so you can better apply the concepts being discussed in your guide. Even if you've never invested in the stock market before, Stock Market Rebound can provide you with enough insights to safely enter

and exit momentum plays. The markets aren't going to wait for you. Isn't it about time to take back control?

*The Ultimate Passive Income Guide* - Ethan Grant 2020-01-20

Are you tired of being dependent on a paycheck and the whims of a capricious job market? Do you believe there's a better way to earn a living than trading time for money? Are you eager to start a business but don't have enough funds for the capital? Then you need to keep reading... Passive income is often mentioned by personal finance experts, but what exactly does it mean? The Internal Revenue Service defines passive income as coming from "trade or business activities in which you do not materially participate." Traditionally, these include rental property income, stock dividends, and royalties. What's more, the internet has opened up myriad opportunities to grow your wealth with less effort. Here's a preview of what you will discover: How to JUMP-START your passive income business even if you have little or no capital (hint: no need to take out a second mortgage or sell a family heirloom). The step-by-step guide to taking advantage of income streams that didn't exist a decade ago but are now generating millions in revenue. How to maximize the earning potential of dropshipping, online publishing, affiliate marketing, Amazon FBA, peer-to-peer lending, and much more. The passive income short-cuts that are PERFECT for people who are pressed for time. Why you shouldn't be afraid of going into real estate and stocks and the reasons these investments are favored by the wealthy. The tried and tested ways you can earn money out of the demand for content by leveraging your communication skills. The sure-fire methods for creating MULTIPLE passive income streams that will help you achieve financial security in a matter of years, not decades. And much, much more... Even if you don't have a big savings account or tons of spare time, the expert research behind this guide can ensure that you'll discover unconventional ways to improve your cash flow, break free from the shackles of the 9-5 paradigm, and make more money than you've ever thought possible. By relying on the expert research in this book, you'll stop slaving away in a cubicle and worrying about bills. Instead, you'll finally possess more than enough money, time, and energy

for your dream life. If you want to unlock access to this powerful information and manifest abundance, then you should purchase this book!

[Get Rich with Dividends](#) - Marc Lichtenfeld 2012-05-29

A comprehensive guide to dividend investing that shows how to obtain double-digit returns with ease. Dividends are responsible for 44% of the S&P 500's returns over the last 80 years. Today they present an excellent opportunity, especially with investors who have been burned in the dot com and housing meltdowns, desperate for sensible and less risky ways to make their money grow. Designed to show investors how they can achieve double-digit average annualized returns over the long-term, *Get Rich with Dividends: A Proven System for Earning Double-Digit Returns* is the book you'll need to get started making money in any market. The beauty of dividend investing is that it's extremely easy to understand and takes up almost none of the investor's time. The investor doesn't have to constantly watch over their investments, and can and focus on other things, secure in the knowledge that the system is working and they are accumulating wealth or generating the income they need on a quarterly or even monthly basis. Using the author's proprietary 10-11-12 System, investors can achieve average annual returns of 12% or more, if they know which stocks to invest in and how to do so - even with below average growth in the share price. Dividend investments are easy to set up and require little to no maintenance, and this book shows you how to do it. A method so easy to use, you'll want to teach your children how to do it early, setting them up for financial independence and avoiding the problems that plagued many investors over the past decade Full of expert advice from a 15-year veteran of equity markets. By showing investors how to find and invest in these unique but conservative and proven stocks, *Get Rich with Dividends* is the only book on dividend investing you'll ever need.

[Why Moats Matter](#) - Heather Brilliant 2014-06-24

Incorporate economic moat analysis for profitable investing *Why Moats Matter* is a comprehensive guide to finding great companies with economic moats, or competitive advantages. This book explains the

investment approach used by Morningstar, Inc., and includes a free trial to Morningstar's Research. Economic moats—or sustainable competitive advantages—protect companies from competitors. Legendary investor Warren Buffett devised the economic moat concept. Morningstar has made it the foundation of a successful stock-investing philosophy. Morningstar views investing in the most fundamental sense: For Morningstar, investing is about holding shares in great businesses for long periods of time. How can investors tell a great business from a poor one? A great business can fend off competition and earn high returns on capital for many years to come. The key to finding these great companies is identifying economic moats that stem from at least one of five sources of competitive advantage—cost advantage, intangible assets, switching costs, efficient scale, and network effect. Each source is explored in depth throughout this book. Even better than finding a great business is finding one at a great price. The stock market affords virtually unlimited opportunities to track prices and buy or sell securities at any hour of the day or night. But looking past that noise and understanding the value of a business's underlying cash flows is the key to successful long-term investing. When investors focus on a company's fundamental value relative to its stock price, and not where the stock price sits today versus a month ago, a day ago, or five minutes ago, investors start to think like owners, not traders. And thinking like an owner will makes readers better investors. The book provides a fundamental framework for successful long-term investing. The book helps investors answer two key questions: How can investors identify a great business, and when should investors buy that business to maximize return? Using fundamental moat and valuation analysis has led to superior risk-adjusted returns and made Morningstar analysts some of the industry's top stock-pickers. In this book, Morningstar shares the ins and outs of its moat-driven investment philosophy, which readers can use to identify great stock picks for their own portfolios.

*Passive Income Factory - 101 Cash Flow Ideas Series - Book 1* - Brandon Murray 2019-11-03

Do you want to make money every day? Do you want to make money without having to work every day? Do you want to enjoy the freedom that comes with being wealthy? The question then is, how? And yes, the answer is passive income, what you have certainly heard about. The average person spends his or her life working for money. Some work at a job, others run their own businesses and others do both. They essentially rely on these two sources to earn a living. The kind of income derivable from these sources is called active income. All these persons have to

keep working to keep living. It's like driving a car. You have to keep your hands on the steering and your leg on the accelerator for the car to keep moving. You stop exerting yourself, and your cash flow runs dry. Now, nobody wants to be in a position where they can't take a break from work without the fear that their income will take a huge hit. This is what makes the idea of a passive income very attractive. So what exactly is this idea of passive income? Passive income is having your asset do the working while you simply do the earning. It is income received on a regular basis which requires little or no effort on the part of the recipient. With an active income, the asset is the person. You are the goose that lays the egg, whether golden or otherwise. But where passive income is concerned, your initial investment-be it in the form of money or effort-is what keeps the cash flowing. This book seeks to expose you to a variety of ways to generate passive income. From the very familiar ideas of real estate, stock and other conventional income streams to the many novel internet-based ideas, this book gives the reader a basic understanding of these ideas. It also offers nuggets that will help the reader set out and gain a competitive advantage in the market. This manual is the first book in a series by Passive Income Factory on how to build your financial freedom. In this guide you'll discover: 55 various strategies to generate passive income with minimum investment the secret of Warren Buffett's strategy, thanks to which he became one of the richest investors in the World. how to create passive income on the fundamental truth that the sun will always shine how to make up to \$1K/month from your car passively with no investments how to turn public info into a source of income how to get paid just for turning on your computer a bunch of methods to create your first assets with zero investment And many more proven effective ideas to create passive income. Millions, if not billions, of people all over the world, proceed working on their jobs every day to earn a living. They envy the rich and think that there is no chance to change their lives. They think that investing in assets needs a lot of money and therefore they will never become rich. And they don't even know how wrong they are. But you no longer need to be one of them. This book will reveal to you that there are

many methods to create your first asset without any investment. Just click "Add to Cart" and make your first steps to your financial and personal freedom right now!

[Corporate Valuation for Portfolio Investment](#) - Robert A. G. Monks 2010-11-09

A detailed guide to the discipline of corporate valuation Designed for the professional investor who is building an investment portfolio that includes equity, *Corporate Valuation for Portfolio Investment* takes you through a range of approaches, including those primarily based on assets, earnings, cash flow, and securities prices, as well as hybrid techniques. Along the way, it discusses the importance of qualitative measures such as governance, which go well beyond generally accepted accounting principles and international financial reporting standards, and addresses a variety of special situations in the life cycle of businesses, including initial public offerings and bankruptcies. Engaging and informative, *Corporate Valuation for Portfolio Investment* also contains formulas, checklists, and models that the authors, or other experts, have found useful in making equity investments. Presents more than a dozen hybrid approaches to valuation, explaining their relevance to different types of investors Charts stock market trends, both verbally and visually, enabling investors to think like traders when needed Offers valuation guidance based on less quantitative factors, namely management quality and factors relating to the company and the economy *Corporate Valuation for Portfolio Investment* puts this dynamic discipline in perspective and presents proven ways to determine the value of corporate equity securities for the purpose of portfolio investment.

**Getting Started in Rental Income** - Michael C. Thomsett 2005-06-03

An accessible introduction to GENERATING RENTAL INCOME FROM REALESTATE GETTING STARTED IN RENTAL INCOME Just as location is a critical component to the value of real estate, knowledge is a critical component to investing success. As with any type of new endeavor, gaining knowledge and experience is essential as you move forward toward success. If you're interested in generating rental income through an investment in real estate, but unsure of how to go about doing this,

Getting Started in Rental Income will show you the way. Written in a straightforward and accessible manner, this book discusses the two major ways of entering the rental income market--the traditional purchase of rental properties or buying and selling fixer-upper properties--and reveals what you need to do once you're in. This easy-to-read guide clearly explains how to:

- \* Invest in the right properties
- \* Generate cash flow adequate to make insurance, tax, utility, and monthly mortgage payments as well as to allow for periodic vacancies
- \* Make a profit from flipping properties
- \* Take advantage of the tax benefits of real estate
- \* Implement specific strategies--beyond diversification--to mitigate real estate risk
- \* And much more

Furthermore, Getting Started in Rental Income also identifies the pitfalls and market risks of this field, as well as the personal aspects of becoming involved in rental income. If you're interested in generating income through real estate and want to learn how, this book has all the answers.
